Dick Clark's American Bandstand - Dick Clark 1997

"Dick Clark's American Bandstand is the evocative souvenir of the show's history and one

of the first opportunities Clark has had to reminisce about the people who produced, watched, and appeared on American Bandstand. His reflections on the early days of rock 'n' roll, when Bandstand played such an influential role in bringing the new sound to a mass audience, are a blast from the past for the generations of people who grew up with the show." "Colorful memorabilia from each decade and extensively captioned photographs from the Bandstand archives provide visual counterpoint to Clark's candid, behind-the-scenes look at the program. With a magnificent full-size poster of "footprint" dance steps, anecdotes about songs and performers, and sidebars filled with facts and trivia about the music and the kids who danced on the show, this nostalgic book is a rockin' trip down memory lane."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. *Writing with Scissors* - Ellen Gruber Garvey  
2012-11-02

Men and women 150 years ago grappled with information overload by making scrapbooks-the ancestors of Google and blogging. From Abraham Lincoln to Susan B. Anthony, African American janitors to farmwomen, abolitionists to Confederates, people cut out and pasted down their reading. Writing with Scissors opens a new window into the feelings and thoughts of ordinary and extraordinary Americans. Like us, nineteenth-century readers spoke back to the media, and treasured what mattered to them. In this groundbreaking book, Ellen Gruber Garvey reveals a previously unexplored layer of American popular culture, where the proliferating cheap press touched the lives of activists and mourning parents, and all who yearned for a place in history. Scrapbook makers documented their feelings about momentous public events such as living through the Civil War, mediated through the newspapers. African Americans and women's rights activists collected, concentrated, and critiqued accounts

from a press that they did not control to create "unwritten histories" in books they wrote with scissors. Whether scrapbook makers pasted their clippings into blank books, sermon collections, or the pre-gummed scrapbook that Mark Twain invented, they claimed ownership of their reading. They created their own democratic archives. Writing with Scissors argues that people have long had a strong personal relationship to media. Like newspaper editors who enthusiastically "scissorized" and reprinted attractive items from other newspapers, scrapbook makers passed their reading along to family and community. This book explains how their scrapbooks underlie our present-day ways of thinking about information, news, and what we do with it.

The Missing of the Somme - Geoff Dyer  
2011-08-09

The Missing of the Somme is part travelogue, part meditation on remembrance—and completely, unabashedly, unlike any other book

about the First World War. Through visits to battlefields and memorials, Geoff Dyer examines the way that photographs and film, poetry and prose determined—sometimes in advance of the events described—the way we would think about and remember the war. With his characteristic originality and insight, Dyer untangles and reconstructs the network of myth and memory that illuminates our understanding of, and relationship to, the Great War.

**Styling the Stars** - Angela Cartwright

2017-04-04

A stunning collection of behind-the-scenes hair, makeup, and wardrobe continuity photographs from the Twentieth Century Fox archive, *Styling the Stars* features images of more than 150 actors—such as Marilyn Monroe, Audrey Hepburn, Julie Andrews, Cary Grant, Clark Gable, and Paul Newman—from more than 100 Fox classics, including *Miracle on 34th Street*, *The Sound of Music*, *Cleopatra*, and *Butch Cassidy and the Sundance Kid*. In 1997 Twentieth Century Fox established an archive of all-but-forgotten production stills taken during the filming of some of their most memorable movies. Published here for the first time, this archive includes hundreds of riveting portraits of Hollywood's most treasured leading men and women as they were prepped for the camera. Revered for their indisputable sense of style, the carefully crafted characters portrayed by the likes of Clark Gable, Julie Andrews, and Audrey Hepburn came as the result of meticulous

hairstyling, makeup artistry, and lavish costume design. In Hollywood's trendsetting word of glamour and glitz, continuity photographs ensured that these wardrobe elements remained consistent throughout the filming process. Once fully styled, stars posed for camera-ready continuity shots, which now, decades later, provide a striking record of the evolution of Hollywood fashion and stardom from the 1930s to the early 1970s. Through these long-lost photographs, which were never intended for the public eye, *Styling the Stars* takes fans of film, fashion, and photography inside the Twentieth Century Fox archive to deliver an intimate look at Hollywood's Golden Age and beyond. Written by Angela Cartwright (*The Sound of Music*, *Lost in Space*) and Tom McLaren, with a foreword by Maureen O'Hara (*Miracle on 34th Street*), this collection of candid rarities offers a glimpse into the details of prepping Hollywood's most iconic personalities, as well as revelatory stories about Twentieth Century Fox classics, such as *Planet*

of the Apes, Cleopatra, Butch Cassidy and the Sundance Kid, The Young Lions, and more. Here you'll find images of Shirley Temple as she runs a brush through her trademark curls, Marilyn Monroe as she's styled for her role in Let's Make It Legal, Cary Grant as he suits up for a swim, and Paul Newman donning a six-shooter, among hundreds of rare, never-before-published photographs. The result is a stunning collector's volume of film and fashion photography, as well as an invaluable compendium of movie history. Styling the Stars is now available in paperback for the first time.

Letters to Liesl - Charmian Carr 2001

*New London Police Department* - Sr. Sgt. Lawrence M. Keating, Lawrence Keating, and Catherine Keating 2019  
New London, Connecticut, established its first permanent police force in 1868 when a "nightwatch" and police station were approved by city council. In the late 1800s and into the early 1900s, the busy port of New London

doubled in population, reaching almost 20,000 by 1910 with just 17 patrolmen keeping order. In January 1924, the council approved the hiring of a woman as a police officer. In the early 1960s, a police union was formed by members of the Patrolmen's Benevolent Association to provide better working conditions. By the early 1990s, the department had moved into its current building and updated its computer-aided dispatch, added mobile computers in police cars, digitized its maps, and created a new records management system. The current department chief's office overlooks a bus and train depot, a busy deepwater port, and a city that draws thousands of people every summer.

**The Sound of Music Story** - Tom Santopietro  
2015-02-17

On March 2, 1965, "The Sound of Music" was released in the United States and the love affair

between moviegoers and the classic Rodgers and Hammerstein musical was on. Rarely has a film captured the love and imagination of the moviegoing public in the way that "The Sound of Music" did as it blended history, music, Austrian location filming, heartfelt emotion and the yodeling of Julie Andrews into a monster hit. Now, Tom Santopietro has written the ultimate "Sound of Music" fan book with all the inside dope from behind the scenes stories of the filming in Austria and Hollywood to new interviews with Johannes von Trapp and others. We all know that Julie Andrews and Christopher Plummer played Maria and Captain Von Trapp, but who else had been considered? Tom Santopietro knows and will tell all while providing a historian's critical analysis

of the careers of director Robert Wise and screenwriter Ernest Lehman, a look at the critical controversy which greeted the movie, the film's relationship to the turbulent 1960s and the super stardom which engulfed Julie Andrews.

*Dignity Therapy* - Harvey Max Chochinov 2012-01-04  
Maintaining dignity for patients approaching death is a core principle of palliative care. Dignity therapy, a psychological intervention developed by Dr. Harvey Max Chochinov and his internationally lauded research group, has been designed specifically to address many of the psychological, existential, and spiritual challenges that patients and their families face as they grapple with the reality of life drawing to a close. In the first book to lay out the blueprint for this unique and meaningful intervention, Chochinov addresses one of the most important dimensions of being human. Being alive means being vulnerable and mortal; he argues that dignity therapy offers a way to preserve meaning

and hope for patients approaching death. With history and foundations of dignity in care, and step by step guidance for readers interested in implementing the program, this volume illuminates how dignity therapy can change end-of-life experience for those about to die - and for those who will grieve their passing.
