The Winter's Tale Annotated - William Shakespeare 2021-03-27

The Winter's Tale is a play by William Shakespeare, originally published in the First

Folio of 1623. Although it was grouped among the comedies, some modern editors have relabelled the play as one of Shakespeare's late romances. Some critics consider it to be one of Shakespeare's problem plays, because the first three acts are filled with intense psychological drama, while the last two acts are comedic and supply a happy ending.

Kubla Khan - Samuel Coleridge 2015-12-15

Though left uncompleted, "Kubla Khan" is one of the most famous examples of Romantic era poetry. In it, Samuel Coleridge provides a stunning and detailed example of the power of the poet's imagination through his whimsical description of Xanadu, the capital city of Kublai Khan's empire. Samuel Coleridge penned "Kubla Khan" after waking up from an opium-induced dream in which he experienced and imagined the realities of the great Mongol ruler's capital city. Coleridge began writing what he remembered of his dream immediately upon waking from it, and intended to write two to three hundred lines. However, Coleridge was interrupted soon after and, his memory of the dream dimming, was ultimately unable to complete the poem. HarperPerennial Classics brings great works of literature to life in digital

format, upholding the highest standards in ebook production and celebrating reading in all its forms. Look for more titles in the HarperPerennial Classics collection to build your digital library.

God Bless You, Dr. Kevorkian - Kurt Vonnegut
2011-01-04

From Slapstick's "Turkey Farm" to Slaughterhouse-Five's eternity in a Tralfamadorean zoo cage with Montana Wildhack, the question of the afterlife never left Kurt Vonnegut's mind. In *God Bless You, Dr. Kevorkian*, Vonnegut skips back and forth between life and the Afterlife as if the difference between them were rather slight. In thirty odd "interviews," Vonnegut trips down "the blue tunnel to the pearly gates" in the guise of a roving reporter for public radio, conducting interviews: with Salvatore Biagini, a retired construction worker who died of a heart attack while rescuing his schnauzer from a pit bull,

with John Brown, still smoldering 140 years after his death by hanging, with William Shakespeare, who rubs Vonnegut the wrong way, and with socialist and labor leader Eugene Victor Debs, one of Vonnegut's personal heroes. What began as a series of ninety-second radio interludes for WNYC, New York City's public radio station, evolved into this provocative collection of musings about who and what we live for, and how much it all matters in the end. From the original portrait by his friend Jules Feiffer that graces the cover, to a final entry from Kilgore Trout, *God Bless You, Dr. Kevorkian* remains a joy.

King Lear - William Shakespeare

2020-11-09T21:49:01Z

King Lear is a tragedy by Shakespeare, written about 1605 or 1606. Shakespeare based it on the legendary King Leir of the Britons, whose story is outlined in Geoffrey of Monmouth's pseudohistorical History of the Kings of Britain (written in about 1136). The play tells the tale of the aged King Lear who is passing on the control of his kingdom to his three daughters. He asks each of them to express their love for him, and the first two, Goneril and Regan do so effusively, saying they love him above all things. But his youngest daughter, Cordelia, is compelled to be truthful and says that she must reserve some love for her future husband. Lear, enraged, cuts her off without any inheritance. The secondary plot deals with the machinations of Edmund, the bastard son of the Earl of Gloucester, who manages to convince his father that his legitimate son Edgar is plotting against him. After Lear steps down from power, he finds that

his elder daughters have no real respect or love for him, and treat him and his followers as a nuisance. They allow the raging Lear to wander out into a storm, hoping to be rid of him, and conspire with Edmund to overthrow the Earl of Gloucester. The play is a moving study of the perils of old age and the true meaning of filial love. It ends tragically with the deaths of both Cordelia and Lear—so tragically, in fact, that performances during the Restoration period sometimes substituted a happy ending. In modern times, though, King Lear is performed as written and generally regarded as one of Shakespeare's best plays. This Standard Ebooks edition is based on William George Clark and William Aldis Wright's 1887 Victoria edition, which is taken from the Globe edition. This book is part of the Standard Ebooks project, which produces free public domain ebooks.

The Smart Set - George Jean Nathan 1923

Metamorphoses - Ovid 1960

Ovid's magnificent panorama of the Greek and Roman myths-presented by a noted poet, scholar, and critic. Prized through the ages for its splendor and its savage, sophisticated wit, The Metamorphoses is a masterpiece of Western culture-the first attempt to link all the Greek myths, before and after Homer, in a cohesive whole, to the Roman myths of Ovid's day. Horace Gregory, in this modern translation, turns his own poetic gifts toward a deft reconstruction of Ovid's ancient themes, using contemporary idiom to bring to today's reader all the ageless drama and psychological truths vividly intact.

The Seven Basic Plots - Christopher Booker
2005-11-11

This remarkable and monumental book at last provides a comprehensive answer to the age-old riddle of whether there are only a small number

of 'basic stories' in the world. Using a wealth of examples, from ancient myths and folk tales via the plays and novels of great literature to the popular movies and TV soap operas of today, it shows that there are seven archetypal themes which recur throughout every kind of storytelling. But this is only the prelude to an investigation into how and why we are 'programmed' to imagine stories in these ways, and how they relate to the inmost patterns of human psychology. Drawing on a vast array of examples, from Proust to detective stories, from the Marquis de Sade to E.T., Christopher Booker then leads us through the extraordinary changes in the nature of storytelling over the past 200 years, and why so many stories have 'lost the plot' by losing touch with their underlying archetypal purpose. Booker analyses why evolution has given us the need to tell stories and illustrates how storytelling has provided a uniquely revealing mirror to mankind's psychological development over the past 5000

years. This seminal book opens up in an entirely new way our understanding of the real purpose storytelling plays in our lives, and will be a talking point for years to come.

Best Short Stories of Anton Chekov - -
2016-06-04

Considered by many as the greatest short story writer the world has seen, Anton Chekhov changed the genre itself with his spare, impressionistic depictions of Russian life and the human condition. From characteristically brief, evocative early pieces such as *The Huntsman* and his masterpiece *A Bet* to his best-known stories such as *The Lady with the Little Toy Dog* and *The Requiem*, this collection of Chekhov's remarkable short fiction possesses the unmatched power of art to awe and change the reader. This endlessly pleasing edition, expertly translated, is especially faithful to the meaning of Chekhov's prose and the unique rhythms of his writing, giving readers an authentic sense of his style and a true understanding of his greatness.

Macbeth - William Shakespeare 1881

[Pinocchio, the Tale of a Puppet](#) - Carlo Collodi
2011-02

Pinocchio, The Tale of a Puppet follows the

adventures of a talking wooden puppet whose nose grew longer whenever he told a lie and who wanted more than anything else to become a real boy. As carpenter Master Antonio begins to carve a block of pinewood into a leg for his table the log shouts out, "Don't strike me too hard!" Frightened by the talking log, Master Cherry does not know what to do until his neighbor Geppetto drops by looking for a piece of wood to build a marionette. Antonio gives the block to Geppetto. And thus begins the life of Pinocchio,

the puppet that turns into a boy. Pinocchio, The Tale of a Puppet is a novel for children by Carlo Collodi is about the mischievous adventures of Pinocchio, an animated marionette, and his poor father and woodcarver Geppetto. It is considered a classic of children's literature and has spawned many derivative works of art. But this is not the story we've seen in film but the original version full of harrowing adventures faced by Pinocchio. It includes 40 illustrations.
