Mr. Dickens and His Carol - Samantha Silva 2017-10-31

"A charming, comic, and ultimately poignant story about the creation of the most famous Christmas tale ever written. It's as foggy and haunted and redemptive as the original; it's all heart, and I read it in a couple of ebullient, Christmassy gulps." —Anthony Doerr, #1 New York Times bestselling author of *All The Light We Cannot See* Laced with humor, rich historical detail from Charles Dickens' life, and clever winks to his work, Samantha Silva's *Mr. Dickens and His Carol* is an irresistible new take on a cherished classic. Charles Dickens is not feeling the Christmas spirit. His newest book is an utter flop, the critics have turned against him, relatives near and far hound him for money. While his wife plans a lavish holiday party for their ever-expanding family and circle of friends, Dickens has visions of the poor house. But when his publishers try to blackmail him into writing a Christmas book to save them all from financial ruin, he refuses. And a serious bout of writer's block sets in. Frazzled and filled with self-doubt, Dickens seeks solace in his great palace of thinking, the city of London itself. On one of his long night walks, in a once-beloved square, he meets the mysterious Eleanor Lovejoy, who might be just the muse he needs. As Dickens' deadlines close in, Eleanor propels him on a Scrooge-like journey that tests everything he believes about generosity, friendship, ambition, and love. The story he writes will change Christmas forever.

To a man who is as ruthless as he is beautiful—a man whose touch makes me burn. A man whose tenderness I find more devastating than his cruelty. My captor is an enigma. I lettori di pensieri (Le dimensioni della mente Vol. 1) - Dima Zales 2017-11-18

Managing - Henry Mintzberg 2009-09

A half century ago Peter Drucker put management on the map. Leadership has since pushed it off. Henry Mintzberg aims to restore management to its proper place: front and center. “We should be seeing managers as leaders.” Mintzberg writes, “and leadership as management practiced well.” This landmark book draws on Mintzberg's observations of twenty-nine managers, in business, government, health care, and the social sector, working in settings ranging from a refugee camp to a symphony orchestra. What he saw—the pressures, the action, the nuances, the blending—compelled him to describe managing as a practice, not a science or a profession, learned primarily through experience and rooted in context. But context cannot be seen in the usual way. Factors such as national culture and level in hierarchy, even personal style, turn out to have less influence than we have traditionally thought. Mintzberg looks at how to deal with some of the inescapable conundrums of managing, such as, How can you get in deep when there is so much pressure to get things done? How can you manage it when you can't reliably measure it? This book is vintage Mintzberg: iconoclastic, irreverent, carefully researched, myth-breaking. *Managing* may be the most revealing book yet written about what managers do, how they do it, and how they can do it better.

Shy and innocent, Mia Stalis is a college student in New York City who has led a very normal life. Like most people, she's never had any interaction with the invaders-- until one fateful day in the park changes everything. Having caught Korum's eye, she must now contend with a powerful, dangerously seductive Krinar who wants to possess her and will stop at nothing to make her his own."--Page 4 of cover.

Dans la cage de l'ange - Anna Zaires 2021-10-26

Dans l'antre du diable, je suis à la merci d'un homme qui me fascine autant qu'il me terrorise, un tueur tendre dont l'obsession envers moi se renforce de jour en jour. Nikolai Molotov est plus un geôlier qu'un protecteur, son domaine à la fois un havre de paix et une cage dorée. Si seulement je pouvais résister à sa redoutable séduction... ou réprimer l'emprise de plus en plus forte qu'il exerce sur mon cœur et mon esprit. Parce qu'aussi loin que je creuse dans l'énigme de son passé, je ne connais toujours pas la réponse à la question la plus cruciale : Son amour pour moi me met-il en danger ? Remarque : Il s'agit de la conclusion de l'histoire entre Nikolai et Chloé.

Skin - Nina G. Jablonski 2013-02-20

The rich cultural canvas of the skin is placed within its broader biological context in a complete guidebook to the pliable covering that makes humans who they are.

Evan Penny - Evan Penny 2011

Evan Penny makes the kind of sculpture that is so realistic, so detailed

and so obviously a display of skill that it literally stops people in their tracks. But this alone isn't why the artist's work grabs a viewer, holds onto their gaze and then begins to choreograph their movements around the solid objects he has planted in their space. Penny's standing nude figures and portrait heads invite you to stare, to examine every wrinkle, bump, fleshy imperfection and intimate crevasse. Penny's lifelike figures, modelled with great craftsmanship out of aluminium, silicone, epoxy resin and pigments, have a physical, highly sensuous presence. Nevertheless, they seem artificial. The work reflects on how the human image is presented by modern technologies such as photography, electronic image editing, offset printing and 3D scanning. English, German and Italian text.

On the Art of the Theatre - Edward Gordon Craig 1924

Dream Walker (Bailey Spade Series Book 1) - Dima Zales 2021-01-26

Think your dreams are private? Think again. As a dreamwalker, I can ease your nightmares, inspire creation, or steal memories, all for the small price of a buttload of cash. I need the money to save my mom's life, and the clock is ticking. Then a gorgeous illusionist comes into the picture—though those mouthwatering looks may just be his powers in action. He sends me on a job with a major paycheck, but the pucking vampires show up and ruin everything. As usual, they suck. Now I'm knee-deep in a murder case where the victims and the perps could all kill me with a snap of their fingers. Throw in a creepy castle, a stinky moat, and a legendary monster, and we've got ourselves a party. Especially when the bodies begin to pile up. My name is Bailey Spade, and if I don't solve this case, I'm dead.

The Swallows of Monte Cassino - Frederika Randall 2013-10-14

The Strega Prize-winning author of *The Girl with a Leica* delivers a novel that hinges on one of the bloodiest World War II battles and those who fought it. In this highly original novel, Janeczek retells the four-month-long Battle of Monte Cassino from the point of view of the Maori, Gurkha, Polish, North African, small-town American and other Allied foot soldiers who fought and died under German fire near that 6th century Benedictine abbey. Twined through the battle is another story, a memory of the drowned and the saved in Janeczek's own family in wartime Eastern Europe, where Jews who did not go to Nazi death camps went to Soviet gulag camps, and sometimes survived, and even went on to fight at Monte Cassino. A powerful reflection on all the ways that rights can be taken from us. "Helena Janeczek's novel is this: a tattoo etched on the skin, and not painlessly. A vast design that brings together threads from all the various lives that converged in that legendary battle. The beauty of her tale lies in its structure, the way opposites converge: the chaos of battle and the silence of the defeated, ordinariness and the heroism of the powerless, carefully guarded memory and impetuous youth, the past perpetually intertwined with the present." —Roberto Saviano, author of *Gomorra*

Il pappagallo dal ventre arancio - Renato Massa 2010

The History of Italy - Francesco Guicciardini 2020-06-23

In 1537 Francesco Guicciardini, adviser and confidant to three popes, governor of several central Italian states, ambassador, administrator, military captain—and persona non grata with the ruling Medici after the siege of Florence—retired to his villa to write a history of his times. His *Storia d'Italia* became the classic history of Italy—both a brilliant portrayal of the Renaissance and a penetrating vision into the tragedy and comedy of human history in general. Sidney Alexander's readable translation and abridgment of Guicciardini's four-volume work earned the prestigious 1970 P.E.N. Club translation award. His perceptive introduction and notes add much to the understanding of Guicciardini's masterpiece.

Beelzebub's Tales to His Grandson - Georges Ivanovitch Gurdjieff 1992

La rifondazione di Dune - Frank P. Herbert 2014-02-04

Dopo la distruzione di Dune, l'equilibrio del vecchio Impero è sconvolto dalla violenza delle Matres Onorate, che hanno ormai conquistato decine di pianeti della Sorellanza, distruggendo l'unico luogo dove esisteva il melange allo stato naturale e sterminando i Tleilaxu che lo creavano artificialmente. Soltanto la Sorellanza Bene Gesserit è ancora in grado di opporsi alla distruzione. Alla Casa Capitolare si ricrea tramite la desertificazione il ciclo dei vermi della sabbia e del melange e prosegue l'addestramento del gholam bambino Teg, il vecchio Bashar, nell'ipotesi sempre più certa di un attacco. Il piano della Madre Superiora è semplice: attirare in trappola la Regina Ragno su Junction e distruggere le Matres Onorate. Il Bashar, ripristinato, organizza la forza d'attacco mentre l'ex Madre Onorata Murbella si sottopone all'Agonia diventando il primo ibrido che unisce i poteri di entrambe le Sorellanze. Il volume conclusivo del capolavoro epico di Frank Herbert: inizia lo scontro tra i due ordini, l'universo sta per cambiare una volta per sempre.

Hard Stuff (A Collection) - Misha Bell 2021-10-04

For a limited time, grab this collection of three standalone, raunchy, slow-burn romantic comedies featuring quirky, nerdy heroines and panty-melting heroes, along with their assortment of lovable, mischievous pets, and buckle in for a laugh-out-loud, feel-good ride. **Hard Code** My new assignment at work: test out toys. Yup, that kind. But when the testing goes south, and I mean that literally, I'm forced to recruit the help of my new boss, the infamously reclusive and devastatingly sexy Vlad Chortsky, a.k.a. the Impaler. Testing toys with your scorching hot boss is still professional... right? **Hard Ware** Two dogs, both alike in adorableness, in New York City, where we lay our scene... Okay, maybe that's a tad dramatic, but who knew a puppy meet-cute could go so horribly wrong? One moment, we're strolling through Central Park, and the next, a mysterious, mouthwateringly hot stranger is demanding I get my Chihuahua tested for STDs. Since he turns out to be the key to getting my newest business venture funded, I guess I'll do it. It has nothing to do with wanting to see him again. And again. And maybe one more time... **Hard Byte** In the cerulean, fantasy-inducing eyes of my new Russian boss, Alex Chortsky (a.k.a. the Devil), "project integration" means turning my life's work into a high-tech "toy." Uh-huh, that kind. When committing corporate sabotage to save my project doesn't go as planned, my job is on the line, and the only way out is to make a deal with the Devil himself. One fake date in exchange for his help on my project—what could possibly go wrong?

The Strategic Dialogue - Giorgio Nardone 2018-03-29

The Strategic Dialogue is a fine strategy by which one can achieve maximum results with minimum effort. It was developed through a natural evolutionary process from previous treatments for particular pathologies, and composed of therapeutic stratagems and specific sequences of ad hoc manoeuvres constructed for different types of problems. This book represents both the starting and finishing line of all of the research, clinical practice, and managerial consulting performed by the authors over a fifteen year period at the Centro Terapia Strategica of Arezzo (Strategic Therapy Center). This work can be referred to as the finishing line because the Strategic Dialogue, an advanced therapeutic method of conducting a therapy session and inducing radical changes rapidly in the patient, represents the culmination of all that has been achieved so far in the field.

I manipolatori di pensieri (Le dimensioni della mente Vol. 2) - Dima Zales 2017-11-30

Procedura - Salvatore Mannuzzu 1993

When an undistinguished judge is sent to Sardinia to investigate the sudden death of a colleague, he must reconstruct the dead man's life and determine whether the death was accidental, suicide, or murder.

Neuropsychology of Communication - Michela Balconi 2010-09-08

In this volume, the communicative and neuropsychological correlates of daily interactions are discussed. The predominant account on explaining the construction of meaning by humans is the inter-relational

perspective, that postulates an intentional convergence of meaning arising as a consequence of the active exchanges between people. The neural correlates of communication were illustrated in the light of new empirical results, considering the main topics of: a) language and language development; b) pragmatics and neuropragmatics of communication; c) neurocognition and the cognitive bases of intentions; d) nonverbal communication and emotion contribution to the communicative systems. New methodological approaches are considered, with particular attention to neuroimaging (such as PET and fMRI) and brain stimulation techniques (as MEG and TMS), as well as their application to the clinical field.

Unlocking the Customer Value Chain - Thales S. Teixeira 2019-02-19

Based on eight years of research visiting dozens of startups, tech companies and incumbents, Harvard Business School professor Thales Teixeira shows how and why consumer industries are disrupted, and what established companies can do about it—while highlighting the specific strategies potential startups use to gain a competitive edge. There is a pattern to digital disruption in an industry, whether the disruptor is Uber, Airbnb, Dollar Shave Club, Pillpack or one of countless other startups that have stolen large portions of market share from industry leaders, often in a matter of a few years. As Teixeira makes clear, the nature of competition has fundamentally changed. Using innovative new business models, startups are stealing customers by breaking the links in how consumers discover, buy and use products and services. By decoupling the customer value chain, these startups, instead of taking on the Unilevers and Nikes, BMW's and Sephoras of the world head on, peel away a piece of the consumer purchasing process. Birchbox offered women a new way to sample beauty products from a variety of companies from the convenience of their homes, without having to visit a store. Turo doesn't compete with GM. Instead, it offers people the benefit of driving without having to own a car themselves. Illustrated with vivid, in-depth and exclusive accounts of both startups, and reigning incumbents like Best Buy and Comcast, as they struggle to respond, *Unlocking the Customer Value Chain* is an essential guide to demystifying how digital disruption takes place - and what companies can do to defend themselves.

Verification Handbook - Craig Silverman 2014

The Krinar Captive - Anna Zaires 2016-10-25

A new standalone romance from the New York Times bestselling author of *Twist Me* and *The Krinar Chronicles* Emily Ross never expected to survive her deadly fall in the Costa Rican jungle, and she certainly never thought she'd wake up in a strangely futuristic dwelling, held captive by the most beautiful man she'd ever seen. A man who seems to be more than human... Zaron is on Earth to facilitate the Krinar invasion—and to forget the terrible tragedy that ripped apart his life. Yet when he finds the broken body of a human girl, everything changes. For the first time in years, he feels something more than rage and grief, and Emily is the reason for that. Letting her go would compromise his mission, but keeping her could destroy him all over again. NOTE: This is a full-length, standalone romance that takes place approximately five years before *The Krinar Chronicles* trilogy (aka Mia & Korum's story). You do not have to have read that trilogy to enjoy this book.

24. Listening post - Giovanni Foresti 2020-07-24T11:20:00+02:00

Formazione degli adulti. Formazione professionale. Formazione manageriale. Formazione continua. Formazione a distanza. Autoformazione. Negli ultimi trent'anni la formazione non solo ha moltiplicato la sua presenza nei più differenti contesti organizzativi e istituzionali, ma ha anche ampliato notevolmente il suo orizzonte di disciplina e di attività destinata allo sviluppo di conoscenze, competenze, capacità. Lungo questo cammino la formazione ha saputo essere un luogo e un laboratorio per certi aspetti unico e privilegiato di sperimentazione e innovazione di metodologie didattiche, così da mutare profondamente e arricchire significativamente i nostri modi di pensare e costruire l'apprendimento. Questo volume si propone di presentare, per la prima volta nel nostro Paese, un ampio panorama di metodi formativi: da quelli più "classici" come la lezione e il role play a quelli più specificamente centrati sul gruppo e il lavoro di gruppo; da quelli ispirati dalle nuove tecnologie a quelli focalizzati sul cambiamento e lo sviluppo organizzativo; da quelli più personalizzati come il coaching e il

counselling a quelli che coltivano l'ambizione di favorire e sostenere "la conoscenza e la cura di sé". È dunque uno strumento indispensabile per tutti coloro che, a vario titolo, operano nel mondo della formazione: che la utilizzano e la offrono, la progettano e la realizzano.

Brave New World Revisited - Aldous Huxley 2014-01-01

When Aldous Huxley wrote his famous novel *Brave New World*, he did so with the sincere belief that the dystopian world he created was a true possibility given the direction of the social, political and economic world order. Written almost thirty years later, *Brave New World Revisited* is a re-evaluation of his predictions based on the changes he had witnessed in the meantime. In this twelve-part essay, Huxley argues that society is moving toward his dystopian vision even faster than he had originally

assumed, and provides his own suggestions on how to bring an end to this decadent decline. *Brave New World Revisited* condemns symptoms of modern life such as overpopulation, propaganda and extreme government control while providing a staunch defence of individualism. Despite being published over fifty years ago, the problems identified in *Brave New World Revisited* are still startlingly relevant, lending a chilling credibility to Aldous Huxley's unsettling predictions.
