Fun ESL Role-Plays and Skits for Children - Shelley Ann Vernon 2012-09-10

Adaptable, humorous, easy to put together and fun. Many ESL pupils have found these skits fun, become more confident speaking English and enjoyed the learning process. The skits cover common vocabulary themes and grammar and allow for speaking opportunities in life-like meaningful contexts. Ideal for small groups, one to one with private tutors or use with your own children. Every skit is adaptable to any number of children. Scripts are written for ESL beginners with examples of alternatives provided to show how easy it is to adapt them and make them more complex for intermediate levels. The age bracket suggested is from 6 to 12. Some skits are possible with ages 4 and 5

though it takes much longer to prepare. Here is what other teachers have reported on using the plays and skits in this book: The kids asked to do it again: I did that play (Ready Steady go!) with my children's class yesterday evening and it worked really well. They absolutely loved it and I wished I'd taken my camera as, by the end of the lesson, they were all sitting in their pretend car with a fine array of ski hats, sunglasses, umbrellas, over-sized gloves, etc. They looked like film stars! Anyway, they've asked to do it again next week so a sure sign that they enjoyed themselves. Miranda Goodwin, France Since discovering your materials I enjoy the planning...and love the teaching. You use the fun approach I believe in through the theatre work I have done, and you have given me the confidence to know it can be applied to language learning for this age group. The kids love it and so do the parents! Joanna Simm, France The children in my beginners English class had such fun doing your skit 'Ready Steady Go!' They were begging me for a skit. 'The Robot' was perfect and so simple to do. It really helped the kids build confidence in their ability to speak English. Thanks for making us look good! Becky Good, Battambang, Cambodia Whenever you have any more ideas be sure to let me know. The stories are fantastic, the games are great and the plays are wonderful!!!!!!!!!!!!!! Thanks so much for making my classes work so well. Lisa Brownlow in Spain I just wanted to let you know that the plays were a great success and I intend to keep having fun with them. Each of my classes put the play on for the school and the parents! Thank you for your great ideas. Michele Hain, Germany Just wanted to let you know how I went with my 1st play girls will be girls and boys will be boys!!!! It was great and the kids loved it. I really got them to ham it up when they said "Hey girls." They laughed and laughed they managed the vocab great and I knew it would work as I had taught them the vocab previously. It's amazing to see the confidence it builds in them. At the end of one lesson I had one little girl come up to me and say "Miss Cathy, I am a dancer?" and she showed me some wonderful dance moves. The last thing JJ and John B want to do is spend their week watching Kooks in action, so they plan a fishing getaway to the notoriously dangerous Frying Pan Shoals—nicknamed "Graveyard of the Atlantic" for good reason. Turns out they aren't the only adventure-seekers at sea. Soon after they set sail, the friends run into the captivating Savannah, who hitches a ride aboard the HMS Pogue when the weather worsens and her boyfriend leaves her stranded. As a violent storm sets in, the three realize the only place to safely ride out the squall is a creepy, abandoned hotel on the shoals' lighthouse platform. Or is it abandoned? It doesn't take long for the three teens to realize they may not be alone. . . .

Further complicating the life-or-death adventure is a mounting attraction between JJ and the secretive Savannah—the closer JJ gets to her, the more he realizes he's playing with fire. Leaders in Critical Pedagogy - Brad J Porfilio

2015-12-01

Critical pedagogy has variously inspired, mobilized, troubled, and frustrated teachers, activists, and educational scholars for several decades now. Since its inception the field has been animated by internal antagonism and conflict, and this reality has simultaneously spread the influence of the field in and out of education and seriously challenged its status as an integral body of work. The various debates that have categorized critical pedagogy have also made it difficult for younger scholars to enter into the literature. This is the first book to survey critical pedagogy through first-hand accounts of its established and emerging leaders. While the book does indeed provide a historical exploration and documentation of the development of critical pedagogy as a contested and dynamic educational intervention as well as analyses of that development and directions toward possible futures it is also intended to provide an accessible and comprehensive entry point for a new generation of activists, organizers, scholars, and educators who place questions of pedagogy and social justice at the heart of their thinking and doing. Martin Heidegger once said that Aristotle's life could be summarized in one, short sentence: He was born, he thought, he died. Porfilio and Ford's brilliantly curated compilation of autobiographical sketches of leaders in critical pedagogy resolutely rejects Heidegger's reductive thesis, reminding us all that theory is grounded in the historical specificities and material contradictions of life. For those well acquainted with critical pedagogy, these theoretical memoirs grant us a unique and sometimes surprisingly intimate glimpse into the lives behind the words we know so well. But most importantly, the format of the book is an educational intervention into how critical pedagogy can be taught. While it is often the case that students find critical pedagogy dense, inaccessible, and seemingly detached from the everyday concerns of teachers.
