Oxford Latin Course - M. G. Balme 1997

Designed for North American students, this special version of the Oxford Latin Course combines the best features of both modern and traditional methods of Latin teaching, providing an exciting, stimulating introduction and approach to Latin based on the reading of original texts. In this four-volume North American edition, the order of declensions corresponds to customary U.S. usage, and the spelling has been Americanized. In addition, it offers full-color illustrations and photographs throughout Parts I and II and an expanded Teacher's Book with translations for each part. Parts I-III (now available in hardcover editions) are built around a narrative detailing the life of Horace, now based more closely on historical sources, which helps students to get to know real Romans--with their daily activities, concerns, and habits--and to develop an understanding of Roman civilization during the time of Cicero and Augustus. Part IV (paperback) is a reader consisting of extracts from Caesar, Cicero, Catullus, Virgil, Livy, and Ovid. The second edition of the Oxford Latin Course has been carefully designed to maximize student interest, understanding, and competence. It features a clearer presentation of grammar, revised narrative passages, new background sections, more emphasis on daily life and on the role of women, a greater number and variety of exercises, and review chapters

and tests. Each chapter opens with a set of cartoons with Latin captions that illustrate new grammar points. A Latin reading follows, with new vocabulary highlighted in the margins and follow-up exercises that focus on reading comprehension and grammatical analysis. A background essay in English concludes each chapter. Covering a variety of topics--from history to food, from slavery to travel, these engaging essays present a well-rounded picture of Augustan Rome. The Oxford Latin Course, Second Edition offers today's students and teachers an exceptionally engaging and attractive introduction to the language, literature, and culture of Rome--one that builds skills effectively and is exciting to use.

10 regole per vivere felice con il tuo gatto - Dario De Judicibus 2016-11-15

ROMANZO (133 pagine) - SAGGI - Siamo sicuri che il gatto sia un animale domestico? E se fosse lui a pensare che gli addomesticati siamo noi...? Quella fra uomo e gatto è una convivenza che risale a più di 9.500 anni fa, eppure, al contrario di quanto avvenuto con altri animali, ognuno dei due ha mantenuto la propria personalità e autonomia. In realtà il gatto non è un animale domestico nel senso stretto del termine, ma

piuttosto una sorta di "animale alla pari", anche se lui è convinto di essere assolutamente superiore a noi e non c'è alcuna speranza di fargli cambiare idea... Nato a Brescia nel 1960, fisico e informatico, Dario de Judicibus ha collaborato con le riviste "MC Microcomputer, Internet News, e-Business News, Internet.Pro" e ha scritto vari articoli sia in italiano che in inglese su riviste e quotidiani, sia nazionali che internazionali. Ha fondato la rivista digitale "L'Indipendente" e partecipato alla produzione di tre musical dal vivo in Second Life. Ha fondato con altri due soci la Roma Film s.r.l., acquisendo le attività di una delle migliori scuole di cinema e televisione in Europa, la NUCT, che è diventata Roma Film Academy. Attualmente è impegnato, in qualità di Presidente del Consiglio di Amministrazione di Roma Film, a far crescere l'Accademia per portarla ai massimi livelli in ambito nazionale e internazionale. Ha pubblicato tre romanzi, tre saggi, due manuali e cinque racconti in antologie varie con editori diversi. Nel 2014 ha iniziato la sua collaborazione con l'associazione culturale e casa editrice I Doni delle Muse, e nel 2016 quella con Delos Digital.

The Latin New Testament - H. A. G. Houghton 2016

This book provides a comprehensive introduction to the history and development of the Latin New Testament and a user's guide to the resources available for research and further study. The first five chapters offer a new historical synthesis, bringing together evidence from Christian authors and biblical manuscripts from earliest times to the late Middle Ages. Each witness is considered in its chronological and geographical context, to build up the bigger picture of the transmission of the text. There are chapters introducing features of Latin biblical

manuscripts and examining how the Latin tradition may serve as a witness for the Greek New Testament. In addition, each book of the New Testament is considered in turn, with details of the principal witnesses and features of particular textual interest. The three main scholarly editions of the Latin New Testament (the Vetus Latina edition, the Stuttgart Vulgate, and the Oxford Vulgate) are described in detail. Information is also given about other editions and resources, enabling researchers to understand the significance of different approaches and become aware of the latest developments. The Catalogue of Manuscripts gives full details of each manuscript used in the major editions, with bibliographical references and links to sets of digital images. The Appendices include concordances for the different ways in which manuscripts are cited in scholarly literature. An extensive reference bibliography of publications on the Latin New Testament is also supplied. *A System of Modern Geography* - John Smith (géographe.) 1811

The chapters provide an extended explanation of each theory, using examples from everyday life, popular culture, and literary texts; a list of specific questions critics who use that theory ask about literary texts; an interpretation of F. Scott Fitzgerald's *The Great*

Gatsby through the lens of each theory; a list of questions for further practice to guide readers in applying each theory to different literary works; and a bibliography of primary and secondary works for further reading.

Sicily on Screen - Giovanna Summerfield 2020-03-13

With its physical beauty and kaleidoscopic cultural background, Sicily has long been a source of inspiration for filmmakers. Twelve new essays by international scholars--and additional writings from directors Roberta Torre, Giovanna Taviani, and Costanza Quatriglio--seek to offset the near-absence of scholarship focusing on the relationship between the Mediterranean island and cinema. Touching on class relations, immigration, gender and poverty, the essays examine how Sicily is depicted in fiction, satire and documentaries. Situated between North and South, East and West, innovation and tradition, authenticity and displacement, Sicily acts as a microcosm of the world, a place to explore numerous narratives and develop intercultural dialogue. It is also the center of cinematographic discussions and events such as the Taormina Film Festival and the SalinaDocFest. The volume presents Sicily almost as a character and creator in its own right.

Tarka the Otter - Henry Williamson 2020-05-05

A classic of nature writing beloved by Rachel Carson, Ted Hughes, and Thomas Hardy. Tarka the Otter is one of the defining masterpieces of

modern nature writing, a model for books like J. A. Baker's *The Peregrine* that seek to transcend the boundaries between the human and the animal worlds. Henry Williamson's tale of the struggle for survival draws

on his years of observing otters in the wild. It is also thought to reflect his traumatic experiences in the First World War. Moody's Municipal & Government Manual - 1924
