Just So Stories - Rudyard Kipling 2021-08-09

The stories, first published in 1902, are pourquoi (French for "why") or origin stories, fantastic accounts of how various phenomena came about. A forerunner of these stories is Kipling's "How Fear Came," included in his *The Second Jungle Book* (1895). In it, Mowgli hears the story of how the tiger got his stripes. The Just So Stories typically have the theme of a particular animal being modified from an original form to its current form by the acts of man, or some magical being. For example, the Whale has a tiny throat because he swallowed a mariner, who tied a raft inside to block the whale from swallowing other men. The Camel has a hump given to him by a djinn as punishment for the camel's refusing to work (the hump allows the camel to work longer between times of eating). The Leopard's spots were painted by an Ethiopian (after the Ethiopian painted himself black). The Kangaroo gets its powerful hind legs, long tail, and hopping gait after being chased all day by a dingo, sent by a minor god responding to the Kangaroo's request to be made different from all other animals.

On Fragile Waves - E. Lily Yu 2021-02-02

The haunting story of a family of dreamers and tale-tellers looking for home in an unwelcoming world. This exquisite and unusual magic realist debut, told in intensely lyrical prose by an award winning author, traces one girl's migration from war to peace, loss to loss, home to home.

Firuzeh and her brother Nour are children of fire, born in an Afghanistan fractured by war. When their parents, their Atay and Abay, decide to leave, they spin fairy tales of their destination, the mythical land and opportunities of Australia. As the family journeys from Pakistan to Indonesia to Nauru, heading toward a hope of home, they must rely on fragile and temporary shelters, strangers both mercenary and kind, and friends who vanish as quickly as they're found. When they arrive in Australia, what seemed like a stable shore gives way to treacherous currents. Neighbors, classmates, and the government seek their own ends, indifferent to the family's fate. For Firuzeh, her fantasy worlds provide some relief, but as her family and home splinter, she must surface from these imaginings and find a new way.

Furiously Happy - Jenny Lawson 2015-09-22

"Jenny made me laugh so hard I feared for my safety! I think that's how she was able to get past my defenses and make me feel more okay about myself." -Allie Brosh, author of *Hyperbole and a Half* For fans of David Sedaris, Tina Fey, and Mindy Kaling—the new book from Jenny Lawson, author of the #1 New York Times bestseller *LET'S PRETEND THIS NEVER HAPPENED...* In *LET'S PRETEND THIS NEVER HAPPENED*, Jenny Lawson baffled readers with stories about growing up the daughter of a taxidermist. In her new book, *FURIOUSLY HAPPY*, Jenny explores her lifelong battle with mental illness. A hysterical, ridiculous book about crippling depression and anxiety? That sounds like a terrible idea. And terrible ideas are what Jenny does best. According to Jenny: "Some people might think that being 'furiously happy' is just an excuse to be stupid and irresponsible and invite a herd of kangaroos over to your house without telling your husband first because you suspect he would say no since he's never particularly liked kangaroos. And that would be ridiculous because no one would invite a herd of kangaroos into their house. Two is the limit. I speak from personal experience. My husband says that none is the new limit. I say he should have been clearer about that before I rented all those kangaroos." "Most of my favorite people are dangerously fucked-up but you'd never guess because we've learned to bare it so honestly that it becomes the new normal. Like John Hughes wrote in *The Breakfast Club*, 'We're all pretty bizarre. Some of us are just better at hiding it.' Except go back and cross out the word 'hiding.'" Jenny's first book, *LET'S PRETEND THIS NEVER HAPPENED*, was ostensibly about family, but deep down it was about celebrating your own weirdness. *FURIOUSLY HAPPY* is a book about mental illness, but under the surface it's about embracing joy in fantastic and outrageous ways—and who doesn't need a bit more of that?

The Republic of Wine - Mo Yan 2012-01-23

In this hypnotic epic novel, Mo Yan, the most critically acclaimed Chinese writer of this generation, takes us on a journey to a conjured province of contemporary China known as the Republic of Wine—a corrupt and hallucinatory world filled with superstitions, gargantuan appetites, and surrealistic events. When rumors reach the authorities that strange and excessive gourmandise is being practiced in the city of Liquorland (so named for the staggering amount of alcohol produced and consumed there), veteran special investigator Ding Gou'er is dispatched from the capital to discover the truth. His mission begins at the Mount Lou Coal Mine, where he encounters the prime suspect—Deputy Head Diamond Jin, legendary for his capacity to hold his liquor. During the ensuing drinking duel at a banquet served in Ding's honor, the

investigator loses all sense of reality, and can no longer tell whether the roast suckling served is of the animal or human variety. When he finally wakes up from his stupor, he has still found no answers to his rapidly mounting questions. Worse yet, he soon finds that his trusty gun is missing. Interspersed throughout the narrative—and Ding's faltering investigation—are letters sent to Mo Yan by one Li Yidou, a doctoral candidate in Liquor Studies and an aspiring writer. Each letter contains a story that Li would like the renowned author's help in getting published. However, Li's tales, each more fantastic and malevolent than the last, soon begin alarmingly to resemble the story of Ding's continuing travails in Liquorland. Peopled by extraordinary characters—a dwarf, a scaly demon, a troupe of plump, delectable boys raised in captivity, a cookery teacher who primes her students with monstrous recipes—Mo Yan's revolutionary tour de force reaffirms his reputation as a writer of world standing. Wild, bawdy, politically explosive, and subversive, *The Republic of Wine* is both mesmerizing and exhilarating, proving that no repressive regime can stifle true creative imagination.

I Have the Right to Save My Planet - Alain Serres 2021-04-01

From the author and illustrator duo who created the award-winning *I Have the Right to Be a Child* comes this beautifully illustrated picture book about a child's right to advocate for the environment they live in. All children have the right to learn about the world, to celebrate the water, air and sunshine, and to be curious about the animals and plants that live on our planet. All children also have the right to learn about endangered species, to be concerned about plastic in the ocean, and to understand what a changing climate means for our Earth. Scientists tell us that every living thing is connected. When we cut down forests, we destroy animal habitats. When we throw plastic in the garbage, it never really goes away. When we spray pesticides on our fruit and vegetables, we poison the earth, animals and ourselves. What can children do to help? All children can draw posters of endangered animals to raise awareness. All children can send a letter to the leader of their country, signed by every member of their family. All children can protest along with their parents. Children have the right to do all these things as proclaimed in the United Nations Convention on the Rights of the Child. All children have the right to try to help our Earth, in whatever ways they can. Told from the perspective of a child, this colorful and vibrant book explores what it means to be a child who dreams of a beautiful future for their planet. Rudyard Kipling: Just So Stories - Rudyard Kipling 2019-04-13

"In the sea, once upon a time, O my Best Beloved, there was a Whale, and he ate fishes. He ate the starfish and the garfish, and the crab and the dab, and the plaice and the dace, and the skate and his mate, and the mackereel and the pickereel, and the really truly twirly-whirly eel. All the fishes he could find in all the sea he ate with his mouth—so! Till at last there was only one small fish left in all the sea, and he was a small 'Stute Fish, and he swam a little behind the Whale's right ear, so as to be out of harm's way. Then the Whale stood up on his tail and said, 'I'm hungry.' And the small 'Stute Fish said in a small 'stute voice, 'Noble and generous Cetacean, have you ever tasted Man?' 'No,' said the Whale. 'What is it like?' 'Nice,' said the small 'Stute Fish. 'Nice but nubbly.' 'Then fetch me some,' said the Whale, and he made the sea froth up with his tail."
