Complessità e campo psicoanalitico - Gabriele Lenti 2021-09-30

Il presente volume è una trattazione densa e articolata sul controverso rapporto tra i procedimenti conoscitivi delle scienze della natura e delle scienze dell'uomo. Questo rapporto trova nella teoria della complessità un'efficace risposta. Impiegando i propri strumenti, il pensiero complesso rende infatti intelligibili fenomeni alquanto differenti per livello di astrazione. La psicoanalisi è da sempre un passo avanti e uno indietro rispetto ai propri riferimenti euristici ed è ancora alla ricerca di un rapporto organico anche con le scienze limitrofe. La contaminazione tra discipline nella ricerca scientifica trova qui un tentativo di corrispondenza contribuendo alla costruzione delle sue basi scientifiche, anche se non strettamente oggettivistiche. Questo corrisponde a una visione della realtà basata su un approccio epistemologico ipermoderno dalla natura prospettica e contestuale, articolata e complessa con una prassi conoscitiva che non è semplice decostruzione o relativismo concettuale. La verità così trovata è allora una costruzione composita e multidimensionale. Il volume è un insieme di scritti vari, una raccolta di contributi pensati in momenti differenti; una lettura che consenta un percorso di elaborazione personale può coglierne l'organicità. Gabriele Lenti è considerato uno dei massimi esperti di psicoanalisi e teoria della complessità. Specialista in psicologia clinica è Psicoanalista della Società Italiana di Psicoanalisi della Relazione (SIPre) e dell'International Federation Psychoanalytic Societies (IFPS); è autore di numerosi articoli apparsi su riviste specializzate e relatore in conferenze tenute in tutto il mondo. Già formatore in varie scuole di psicoterapia e supervisore degli operatori sociali della Caritas Diocesana di Genova. Nel 2005 ha pubblicato, con la Casa Editrice Armando di Roma il suo primo volume, *Al di là del principio di entropia. Alcune considerazioni su psicoanalisi e complessità*, (tradotto in inglese e pubblicato nel 2014 dalla Nova Science Publisher con il titolo *Psychoanalysis and Complexity*) e nel 2007 il suo secondo volume, *Gli incerti percorsi della conoscenza*, (opera collettiva) con la Casa Editrice Redancia di Savona. È seguita, negli anni successivi, dal 2015 al 2018, una trilogia con i volumi *Psicoanalisi e Teoria della Complessità nella scienza contemporanea*, *Psicoanalisi e Teoria della Complessità nell'arte e nella clinica*, *Nuove proposte applicative nella Psicoanalisi e nella teoria della Complessità*, editi da Alpes, Roma. Vive e lavora a Genova. L'autore desidera creare con il lettore un dialogo aperto e costante condividendo risorse, informazioni e idee utili. Per questo motivo indica i suoi riferimenti augurandosi che siano utilizzati da chiunque, interessato alla psicoanalisi nel suo dialogo con il pensiero complesso, voglia offrire il proprio contributo.

Get Your Hopes Up! - Joyce Meyer 2015-04-07

#1 New York Times bestselling author Joyce Meyer teaches readers how to transform their lives by tapping into the power of hope. One of the most powerful forces in the universe is hope -- the happy and confident anticipation that something good is going to happen. Regardless of where one is in life, it is impossible to live successfully and to the fullest without hope. With *Get Your Hopes Up!* Joyce will help readers achieve a lasting sense of hope, built on their faith in God. Hope is only as strong as its source. This book will help readers avoid misplacing their trust in unreliable things, and help them ground their hope steadfastly in God for limitless joy and possibilities for their lives. As Joyce explains, "Without hope in God, there isn't much you can do, but with Hope in God, there isn't much you can't do."

Awareness - Anthony De Mello 1990

Mixing Christian spirituality, Buddhist parables, Islamic sayings, Hindu breathing exercises, and psychological insight, spiritualist and Jesuit priest Anthony de Mello challenges readers to identify our most submerged, darkest feeling, accept them, not let them rule us, and allow this new awareness of ourselves to change us. Hygge - Marie Tourell Søderberg 2016-10-06

One little word is the secret reminder of what really matters in life: Hygge. CHRISTMAS is the perfect time to embrace it and THIS BOOK will show you how. ----- To me, hygge is: - Meeting my sister for a walk in the park, chatting, laughing and clowning around, as if we were children again. - Listening to the rain on the roof with a cup of tea and my boyfriend next to me. - Drinking wine in my mum's garden - Enjoying a cup of coffee with good friends, that becomes a dinner, that becomes a late-night drink, because no one wants the evening to end. ----- Though we all know the feeling of hygge instinctively few of us ever manage to capture it for more than a moment. Now Danish actress and hygge aficionado Marie Tourell Søderberg - star of BBC 4's *1864* - has travelled the length and breadth of her home country to create the perfect guide to cooking, decorating, entertaining and being inspired the hygge way. Full of beautiful photographs and simple, practical steps and ideas to make your home and life both comfortable and cheering all year round, this book is the easy way to introduce hygge into your life. 'Pretty, homey and intimate, scattered with reflections from ordinary Danes' Guardian

You'll See It When You Believe It - Wayne W Dyer 2011-12-31

'Our thoughts are a magic part of us, and they carry us to places that have no boundaries, and no limitations' In this bestselling thought-provoking book, Dr. Wayne Dyer stretches beyond self-help to self-realisation. To do so, he embarks on a journey to activate our minds and shows us how to transform our lives by using our thoughts constructively: in other words, how to focus on a belief and see it. Using anecdotes and examples, writing with wit and compassion, and drawing on his own amazing life story, Dr. Dyer has, once again, written an inspirational self-help book that explores how to achieve personal transformation through the visualisation of thought - and teaches us that believing is seeing.

The Generosity Factor - Ken Blanchard 2009-05-26

In the tradition of the bestselling book *The One Minute Manager*®, authors Ken Blanchard and S. Truett Cathy, entrepreneur and founder of

Chic-fil-A® restaurants, present this Ebook of The Generosity Factor™—a parable that demonstrates the virtues of generosity. It's the story of a meeting between the Broker—a young man on his way up the corporate ladder who has the illusion of success, yet deep inside feels insignificant—and the Executive—the CEO of a very large and successful company who claims the greatest joy in his life is his ability to give to others. Thinking he might get a competitive edge by meeting with the Executive, the Broker's worldview is turned upside down as he talks to the Executive and hears the principles that form his life. He calls it The Generosity Factor™—a way to give time, talent, treasure, and touch to those in need. Providing a unique twist on what it means to thrive in business, at home, and in life, this story will forever change your definition of success.

Happiness - Matthieu Ricard 2015-01-01

A molecular biologist turned Buddhist monk, described by scientists as "the happiest man alive," demonstrates how to develop the inner conditions for true happiness.

Il bambino soddisfatto - Gina Ford 2011-02-10T00:00:00+01:00

Nel Primo anno del mio bambino Gina Ford ha accompagnato passo dopo passo i genitori nel corso dei primi 12 mesi del piccolo. Questo libro è dedicato alla fascia di età tra i 12 e i 36 mesi, una fase di crescita importante e delicata perché il bambino comincia a sviluppare le prime capacità che lo metteranno in relazione con il mondo esterno. È in questo periodo, infatti, che muove i primi passi, pronuncia le prime parole, ma soprattutto sviluppa la propria personalità. Pagina dopo pagina Gina Ford vi insegnerà come gestire i capricci, la gelosia con i fratelli o i problemi legati all'alimentazione. Vi fornirà inoltre ottimi consigli per costruire la sua autostima e per trasmettergli una corretta educazione, e non mancheranno, infine, suggerimenti pratici per insegnare al piccolo a usare il vasino, a lavarsi i denti, a vestirsi e a perdere abitudini come mettersi tutto in bocca, succhiarsi il pollice o il ciuccio.

Viaggio al termine del cuore - Ana Casaca 2016-03-20T00:00:00+01:00

In un romanzo tutta la nostra vita: come la vogliamo, come, a volte, non la vogliamo. Luísa era ancora un'adolescente. Tiago era ormai un giovane adulto. Si erano conosciuti nella solitudine di una spiaggia, sulla riva di un fiume. Avevano in comune una storia familiare traumatica. In un caso, genitori troppo amati. Nell'altro, genitori troppo odiati. Si erano conosciuti un giorno che sembrava contenere una vita intera. Ma sarebbero rimasti separati per sempre se l'invisibile filo della malattia non li avesse riavvicinati, sedici anni dopo. *Viaggio al termine del cuore* è più che una commovente storia d'amore. È la ricostruzione di un meraviglioso mondo di padri e madri, figli e fratelli, odi e amori. Rivela gli incubi di una malattia ingiusta, ma non rinuncia a ciò che è umano ed essenziale: il sogno. Ana Casaca, 39 anni, è nata a Lisbona. Si è laureata in Giurisprudenza, ma ha sempre saputo che la sua vera vocazione era la scrittura. Abbandonate le leggi in favore delle lettere, nel 2002 esordisce nella sceneggiatura sotto la guida di Manuel Arouca. Sempre nel 2002 pubblica *A Vontade de Regresso*, titolo che ha dato il nome anche al suo blog. Il successo di pubblico arriverà nel 2013 con *Todas as Palavras de Amor*. «Impossibile non commuoversi.» FOLHA DESÃO PAULO

Medito e sono felice - Bernard Baudouin 2017-05-20

Oggi i bambini e i ragazzi sono sempre più stressati, a scuola, nel tempo libero e in famiglia, in un ritmo incalzante di impegni e scadenze che causa loro «ansia da prestazione». Il disagio si manifesta in nervosismo, insicurezza, paure, fobie e asocialità. La meditazione è un'arte antica - non una tecnica, come si tende spesso a equivocare - in grado di rispondere anche alle esigenze profonde dei bambini a partire dai 5 anni, come hanno dimostrato i più recenti studi scientifici. La meditazione infatti - almeno la meditazione di consapevolezza o mindfulness - è un invito a fare diversamente le attività della vita quotidiana, sia per grandi che per piccini. A semplificare le proprie giornate, a rallentare la corsa, a fare una cosa per volta lasciando da parte il multitasking. Pierre Baudouin conosce bene gli effetti benefici della meditazione che coinvolge tutti gli aspetti della vita del bambino, e gli permette di avere a disposizione, in ogni momento, gli strumenti semplici e potenti per mantenere la consapevolezza delle proprie risorse interiori e l'equilibrio emotivo. In altre parole, per imparare a vivere bene nella propria pelle. Con trenta esercizi di meditazione da fare a scuola e in famiglia. E un'ampia introduzione dedicata alla meditazione per bambini in Italia.

How to Worry Less About Money - John Armstrong 2012-05-10

Our relationship with money is one that lasts a lifetime, yet traditionally books on the subject tend to take one of two routes: a) how to get more, or b) how to deal with less. John Armstrong turns these approaches upside down, and looks not at money itself, but at how we relate to it and the meaning we attach to it. How does it drive us and frighten us? Can it change the world for the better? And how much do we actually need? Offering surprising and helpful new insights, this book will encourage you to redefine your feelings about money, and ultimately enable you to discover what is really important to you in life. One in the new series of books from The School of Life, launched May 2012: *How to Stay Sane* by Philippa Perry *How to Find Fulfilling Work* by Roman Krznaric *How to Worry Less About Money* by John Armstrong *How to Change the World* by John-Paul Flintoff *How to Thrive in the Digital Age* by Tom Chatfield *How to Think More About Sex* by Alain de Botton

The Wound of the Unloved - Peter Schellenbaum 1990

Resilient - Rick Hanson, PhD 2020-02-04

These days it's hard to count on the world outside. So it's vital to grow strengths inside like grit, gratitude, and compassion—the key to resilience, and to lasting well-being in a changing world. True resilience is much more than enduring terrible conditions. We need resilience every day to raise a family, work at a job, cope with stress, deal with health problems, navigate issues with others, heal from old pain, and simply keep on going. With his trademark blend of neuroscience, mindfulness, and positive psychology, New York Times bestselling author Dr. Rick Hanson shows you how to develop twelve vital inner strengths hardwired into your own nervous system. Then no matter what life throws at you, you'll be able to feel less stressed, pursue opportunities with confidence, and stay calm and centered in the face of adversity. This practical guide is full of concrete suggestions, experiential practices, personal examples, and insights into the brain. It includes effective ways to interact with others and to repair and deepen important relationships. Warm, encouraging, and down-to-earth, Dr. Hanson's step-by-step approach is grounded in the science of positive neuroplasticity. He explains how to overcome the brain's negativity bias, release painful thoughts and feelings, and replace them with self-compassion, self-worth, joy, and inner peace.

The Best of Me (Movie Tie-In Enhanced Ebook) - Nicholas Sparks 2015-01-20

WITH FEATURETTES FROM NICHOLAS SPARKS AND THE MOVIE CAST, DELETED SCENES, MUSIC VIDEO, AND MORE! IN THEATERS OCTOBER 17, 2014! Starring Michelle Monaghan, James Marsden, Luke Bracey, and Liana Liberator "Everyone wanted to believe that endless love was possible. She'd believed in it once, too, back when she was eighteen." In the spring of 1984, high school students Amanda Collier and Dawson Cole fell deeply, irrevocably in love. Though they were from opposite sides of the tracks, their love for one another seemed to defy the realities of life in the small town of Oriental, North Carolina. But as the summer of their senior year came to a close, unforeseen events would tear the young couple apart, setting them on radically divergent paths. Now, twenty-five years later, Amanda and Dawson are summoned back to Oriental for the funeral of Tuck Hostetler, the mentor who once gave shelter to their high school romance. Neither has lived the life they imagined . . . and neither can forget the passionate first love that forever changed their lives. As Amanda and Dawson carry out the instructions Tuck left behind for them, they realize that everything they thought they knew -- about Tuck, about themselves, and about the dreams they held dear -- was not as it seemed. Forced to confront painful memories, the two former lovers will discover undeniable truths about the choices they have made. And in the course of a single, searing weekend, they will ask of the living, and the dead: Can love truly rewrite the past?

Il tormento dell'anima - Andreina De Paola 2018-06-12

Andreina, accanita lettrice scopre quanto possa essere liberatorio affidare i propri pensieri alle parole, si confessa ad un diario; un viaggio nella memoria della propria esistenza. Lo scritto è una voce estremamente personale, sofferta; una vicenda di dolore e di rinascita nella fede; un messaggio di amore che infonde coraggio in quei lettori che si trovano a vivere momenti difficili; la singola vicenda assume connotazioni generali nella quale un pubblico più vasto può riconoscersi; la prosa si risolve spesso in un susseguirsi di frasi sciolte, senza legame logico tra l'una e l'altra; si tratta di un diario di appunti e riflessioni; un testo intimo "diaristico". Messaggi diretti a se stessa nella speranza di un domani migliore; un alternarsi tra sfiducia e orgoglio; crisi, torture, coscienza, memoria, giustizia, odio; confine tra giusto e sbagliato; un

libro disperato e traboccante d' interrogativi, dove ci si rivolge agli uomini buoni e cattivi; il trionfo della benignità sulla malvagità; la luminosità sull'oscuro; la libertà sulla costrizione. Eco di un ' anima vibrante, l'autrice pone il finale e invita alla normalità; chiede una cortina di silenzio e nessun rumore. Calì il sipario e si spengano i riflettori.

The Power of Self-Confidence - Brian Tracy 2012-09-19

Why are some people more successful than others? Self-confidence! What one great goal would you set if you knew you could not fail? What wonderful things would you want to do with your life if you were guaranteed success in anything you attempted? Your level of self-confidence determines the size of the goals you set, the energy and determination that you focus on achieving them, and the amount of persistence you apply to overcoming every obstacle. In this powerful, practical book based on work with more than 5 million executives, entrepreneurs, sales professionals, and ambitious people in more than sixty countries, you learn how to develop unshakable self-confidence in every area of your life. The Power of Self-Confidence explains how to increase your "mental fitness" by thinking like top performers in every field. Little by little, you build up and maintain ever-higher levels of self-confidence in everything you do. Self-confidence allows you to move out of your comfort zone and take risks without any guarantees. With step-by-step guidance, author Brian Tracy will help you build the foundations of lifelong self-confidence. You discover how to determine what you really want, and unleash your personal powers to accomplish it. You'll learn how to: Clarify and live consistently with your values to become the very best person you could possibly be Set clear goals and make written plans to accomplish them Commit yourself to mastery in your chosen field and to lifelong personal improvement Program your subconscious mind to respond in a positive and constructive way to every problem or difficulty Minimize your weaknesses and maximize your strengths for higher achievement Develop high levels of courage and incredible persistence Become unstoppable, irresistible, and unafraid in every area of your life through the power of unshakable self-confidence. Become a person of action, overcome any obstacle, and scale any height. With your newfound unshakable self-confidence, you will accomplish every goal you can set for yourself.

The Sky's the Limit - Wayne W. Dyer 1982

The Mind-Brain Relationship - Regina Pally 2020-11-24

The recent explosion of knowledge in neuroscience has enormous implications for the practice of psychoanalysis, and *The Mind-Brain Relationship* offers an indispensable introduction to the seemingly unfamiliar, intimidating, and yet exciting and essential field of neuropsychology.

Saying No - Asha Phillips 2008

Asha Phillips writes as both a child psychotherapist and a mother, using case studies as well as informal anecdotes from family and friends as illustrations. She strips away the negative associations surrounding the word 'no' and celebrates change and setting limits as essential ingredients in development. In a new introduction, Asha Phillips explains why the idea of limits and boundaries have become ever more pertinent since the book was first published. Now with a new chapter on illness in the family, *Saying No* can continue to build confidence and self-esteem in both children and parents.

Love Yourself Like Your Life Depends on It - Kamal Ravikant 2020-01-07

THE SELF-PUBLISHED PHENOMENON —NOW FULLY REVISED AND EXPANDED I almost didn't publish *Love Yourself Like Your Life Depends on It*. Here I was, a CEO who'd fallen apart after his company failed, writing a book about how loving himself saved him. I thought I'd be a laughingstock and my career would be finished. But I stepped through the fears and shared my truth with the world. The book went viral. Amazing people all over bought copies for friends and family. For some, this book saved their lives. For others, it was the first time they ever loved themselves. Many readers reached out and asked questions. This taught me that, to create lasting impact, I had to go deeper. So, seven years later, here it is. All the questions I received, resolved. My intention is that by the time you finish this new edition, not only will you be committed to loving yourself, you'll know exactly how to do it. And, most importantly, how to make it last.

Meditation for Busy People - Osho 2014-10-20

Meditation for Busy People offers simple strategies to reduce tension, minimize chronic stress, and quickly relax and unwind. Nobody needs meditation more than people who have no time to meditate. These busy people may have tried meditation but given it up, as it seems so difficult to integrate into a hectic lifestyle. Most traditional meditation techniques were developed thousands of years ago for people living a very different lifestyle than today. Few people today find it easy to just sit down and relax. Meditation for Busy People is filled with methods that can actually be integrated into everyday life. A morning commute becomes a centering exercise, and the street noises outside an apartment window in the city become an aid rather than a distraction to finding the silent space within. Both active and passive meditation techniques are covered, and the aim of all the techniques is to teach the practitioner how to find the stillness in the storm of everyday life. Many methods are specially designed to be integrated into the reader's everyday routines, so that they soon can tackle even the most hectic day with an attitude of relaxed calm and playfulness.

The Opposite of Worry - Lawrence J. Cohen 2013-09-10

"The most helpful book on childhood anxiety I have ever read."—Michael Thompson, Ph.D. Whether it's the monster in the closet or the fear that arises from new social situations, school, or sports, anxiety can be especially challenging and maddening for children. And since anxiety has a mind of its own, logic and reassurance often fail, leaving parents increasingly frustrated about how to help. Now Lawrence J. Cohen, Ph.D., the author of *Playful Parenting*, provides a special set of tools to handle childhood anxiety. Offering simple, effective strategies that build connection through fun, play, and empathy, Dr. Cohen helps parents • start from a place of warmth, compassion, and understanding • teach children the basics of the body's "security system": alert, alarm, assessment, and all clear. • promote tolerance of uncertainty and discomfort by finding the balance between outright avoidance and "white-knuckling" through a fear • find lighthearted ways to release tension in the moment, labeling stressful emotions on a child-friendly scale • tackle their own anxieties so they can stay calm when a child is distressed • bring children out of their anxious thoughts and into their bodies by using relaxation, breathing, writing, drawing, and playful roughhousing With this insightful resource of easy-to-implement solutions and strategies, you and your child can experience the opposite of worry, anxiety, and fear and embrace connection, trust, and joy. Praise for *The Opposite of Worry* "The Opposite of Worry is an informative resource for parents and other family members. The book is easy to read, comprehensive and notable for its many practical suggestions."—New England Psychologist "Good advice for parents making daily calls to the pediatrician . . . Anxiety is a full-body sport, and Cohen's main advice is not to treat it with words but with actions. . . . Physicality is about living in the present, and for anxious people, the present is a powerful place of healing. Intended for parents of children ages 3 to 15, this book offers anecdotes and fun anti-anxiety games."—Publishers Weekly "Here's the help parents of anxious children have been looking for! Dr. Cohen's genius is in the warm and generous spirit of the strategies he outlines for parents. He grounds his playful approach in a sound explanation of how anxiety affects children, and how they heal. Parents will come away with plenty of ideas to help them develop their children's confidence. While reading, I found myself thinking, 'I'd like to try that for myself!'"—Patty Wipfler, founder and program director, Hand in Hand Parenting "If you want to understand your child's anxiety—and your own parental worries—you must read Larry Cohen's brilliant book, *The Opposite of Worry*. Dr. Cohen is one of the most imaginative and thoughtful psychologists you will ever encounter. He explains how and why children become anxious and then shows how we can use empathy and play to help them escape from the terrifying dark corners of childhood."—Michael Thompson, Ph.D. "The Opposite of Worry offers a treasure trove of ideas to help children feel confident and secure. Lawrence Cohen has written a book that will help every parent of an anxious child."—Aletha Solter, Ph.D., founder, *Aware Parenting*, and author of *Attachment Play*

Secrets of the Baby Whisperer for Toddlers - Tracy Hogg 2002-01-29

Unnerved by the ceaseless demands of your toddler? Concerned that your two-year-old isn't developing on schedule? You clearly need to spend some time with Tracy Hogg. Nicknamed the "baby whisperer" by grateful parents because of her extraordinary gift for understanding and connecting with children, Tracy became internationally famous after the smashing success of her New York Times bestseller *Secrets of the Baby Whisperer*. Now Tracy is back with the same winning blend of common sense, uncanny intuition, and results-getting guidance in her new book,

Secrets of the Baby Whisperer for Toddlers. Yes, the toddler years have their stresses and challenges for both parents and children—but with Tracy at your side, you'll find that this can also be the most fascinating and rewarding stretch of parenthood. As in her hugely popular first book, Tracy brings her vast experience to bear on the issues and dilemmas with which all parents grapple during toddlerhood. Starting with the simple but essential premise that there is no such thing as a "typical" child, Tracy guides you through her unique programs, including: • H.E.L.P. (Hold back, Explain, Limit, Praise): the mantra that will remind you of the four elements that are critical to fostering your child's growth and independence. • Using T.L.C. (Talk, Listen, Clarify) to communicate with your toddler, to figure out what she is really thinking, and to best help her express herself. • R&R: the Routines and Rituals that give structure and predictability to daily life and a sense of continuity to holidays and special occasions. • Rehearsals for Change: ways of preparing your toddler for new experiences by encouraging her to practice her skills in the safe, controlled setting of your family. • Conscious Discipline: a way of teaching your toddler how to behave and manage his emotions, while being mindful of the lessons you teach with your own behavior. Tracy knows that your child is special—a one-of-a-kind individual with her own gifts and needs—and she has dedicated this marvelous new book to helping you appreciate and respect your child's uniqueness. Whether it's making new friends, mastering potty training, or eating at the family dinner table, your child will do it in her own way and at his own pace. With Tracy as your guide, you can share in the achievements of toddlerhood every step of the way. Practical, reassuring, and written with wit and energy and boundless enthusiasm for real children and their everyday behavior, this book will be your constant companion during the magical, challenging toddler years.

Psychology as Religion - Paul C. Vitz 1994

This is a virtually rewritten second edition of New York University Professor Paul Vitz's profoundly important analysis of modern psychology. Vitz maintains that psychology in our day has become a religion, a secular cult of self, and has become part of the problem of modern life rather than part of its resolution.

The Children's Train - Viola Ardone 2021-01-12

"The innocence of childhood collides with the stark aftermath of war in this wrenching and ultimately redemptive tale of family, seemingly impossible choices, and the winding paths to destiny, which sometimes take us to places far beyond our imaginings." - Lisa Wingate, #1 New York Times Bestselling Author of *Before We Were Yours* and *The Book of Lost Friends* "Ardone's beautifully crafted story explores the meaning of identity and belonging...recommended to fans of Elena Ferrante's Neapolitan novels." - *The Library Journal* "[*The Children's Train*] leaves you with a great sense of the importance of family and the tough decisions that must be faced as a result of that love." - Shelf Awareness Based on true events, a heartbreaking story of love, family, hope, and survival set in post-World War II Italy—written with the heart of *Orphan Train* and *Before We Were Yours*—about poor children from the south sent to live with families in the north to survive deprivation and the harsh winters. Though Mussolini and the fascists have been defeated, the war has devastated Italy, especially the south. Seven-year-old Amerigo lives with his mother Antonietta in Naples, surviving on odd jobs and his wits like the rest of the poor in his neighborhood. But one day, Amerigo learns that a train will take him away from the rubble-strewn streets of the city to spend the winter with a family in the north, where he will be safe and have warm clothes and food to eat. Together with thousands of other southern children, Amerigo will cross the entire peninsula to a new life. Through his curious, innocent eyes, we see a nation rising from the ashes of war, reborn. As he comes to enjoy his new surroundings and the possibilities for a better future, Amerigo will make the heartbreaking choice to leave his mother and become a member of his adoptive family. Amerigo's journey is a moving story of memory, indelible bonds, artistry, and self-exploration, and a soaring examination of what family can truly mean. Ultimately Amerigo comes to understand that sometimes we must give up everything, even a mother's love, to find our destiny. Translated from the Italian by Clarissa Botsford

The Art of Reading Minds - Henrik Fexeus 2019-10-15

The internationally bestselling guide to "mind-reading" by influencing those around you via non-verbal communication, from human psychology expert Henrik Fexeus. How would you like to know what the people around you are thinking? Do you want to network like a pro, persuade your boss to give you that promotion, and finally become the life of every

party? Now, with Henrik Fexeus's expertise, you can. The Art of Reading Minds teaches you everything you need to know in order to become an expert at mind-reading. Using psychology-based skills such as non-verbal communication, reading body language, and using psychological influence, Fexeus explains how readers can find out what another person thinks and feels— and consequently control that person's thoughts and beliefs. Short, snappy chapters cover subjects such as contradictory signs and what they mean, how people flirt without even knowing it, benevolent methods of suggestion and undetectable influence, how to plant and trigger emotional states, and how to perform impressive mind-reading party tricks. Fexeus gives readers practical (and often fun) examples of how to effectively mind-read others and use this information, benevolently, both in personal and professional settings.

The Book of Disquiet - Fernando Pessoa 2010-12-09

Sitting at his desk, Bernardo Soares imagined himself free forever of Rua dos Douradores, of his boss Vasques, of Moreira the book-keeper, of all the other employees, the errand boy, the post boy, even the cat. But if he left them all tomorrow and discarded the suit of clothes he wears, what else would he do? Because he would have to do something. And what suit would he wear? Because he would have to wear another suit. A self-deprecating reflection on the sheer distance between the loftiness of his feelings and the humdrum reality of his life, The Book of Disquiet is a classic of existentialist literature.

The Shift - Wayne W. Dyer, Dr. 2010-03-01

The Shift—the book inspired by the movie of the same name—illustrates

how and why to make the move from ambition to meaning. Experience the internationally renowned principles and teachings of Dr. Wayne W. Dyer as they come to life in this one-of-a-kind enhanced e-book.

Download The Shift and allow these lessons to guide you down a more authentic and rewarding path today. As we contemplate leaving the morning of our life, where ego has played a commanding role, and entering the afternoon (and evening), where meaning and purpose replace ambition and struggle, we may encounter unexpected occurrences that accompany this new direction. It's almost a universal law that we'll experience a fall of some kind. Yet these falls or low points provide the energy we need to move away from ego and into a life of meaning and purpose. The Shift doesn't mean that we lose our drive and ambition; it signifies that we become ambitious about something new. We make a commitment to living a life based on experiencing meaning and feeling purposeful, rather than a life based on never-ending demands and false promises that are the trademark of the ego's agenda.
