The War on Normal People -

Andrew Yang 2018-04-03

From 2020 Democratic presidential candidate Andrew Yang, a captivating account of how "a skinny Asian kid from upstate" became a successful

entrepreneur, only to find a new mission: calling attention to the urgent steps America must take, including Universal Basic Income, to stabilize our economy amid rapid technological change and automation. The shift toward automation is about to create a tsunami of unemployment. Not in the distant future--now. One recent estimate predicts 45 million American workers will lose their jobs within the next twelve years--jobs that won't be replaced. In a future marked by restlessness and chronic unemployment, what will happen to American society? In *The War on Normal People*, Andrew Yang paints a dire portrait of the American economy. Rapidly advancing technologies like artificial intelligence, robotics and automation software are making millions of Americans' livelihoods irrelevant. The consequences of these trends are already being felt across our communities in the form of political unrest, drug use, and other social ills. The future looks dire-but is it

unavoidable? In *The War on Normal People*, Yang imagines a different future--one in which having a job is distinct from the capacity to prosper and seek fulfillment. At this vision's core is Universal Basic Income, the concept of providing all citizens with a guaranteed income--and one that is rapidly gaining popularity among forward-thinking politicians and economists. Yang proposes that UBI is an essential step toward a new, more durable kind of economy, one he calls "human capitalism."

Admissions Essay Boot Camp -

Ashley Wellington 2014-08-05

Founder of elite college prep agency Mint Tutors, Ashley Wellington shares hard-hitting essay-writing advice tailored to each student's strengths and

potential pitfalls, inspiring students to write as if guided by their own personal college admissions tutor. Your Own Pocket Essay Tutor Ever wish you had a private tutor to help you write your admissions essays? With this book, you do. Ashley Wellington, founder of the elite New York college prep agency Mint Tutors, has personalized her hard-hitting advice just for you. Her unique “boot camp” process starts by helping you identify your student type, then figure out which topics will highlight your best (or worst) attributes to admissions officers. Thinking about writing an essay on . . . • Sports? This popular topic is often limiting, but Wellington will help you come across as talented—and also thoughtful and well rounded. • Your trip to Egypt? Wellington will help you avoid common travel clichés that make admissions officers groan. • The color yellow? Wellington will make sure you sound quirky and creative in the right way. Even the most impressive students can sound ordinary by

following the formulaic approach of other essay guides—and in this über-competitive landscape, you need an edge to stand out to top schools. Wellington's tutees

have gained acceptance to Harvard, Yale, Princeton, MIT, Georgetown, Duke, and other elite institutions, and with this book at your side, you can join their ranks.
