You may not be perplexed to enjoy every books collections Putins Russia that we will utterly offer. It is not regarding the costs. Its nearly what you habit currently. This Putins Russia , as one of the most committed sellers here will categorically be along with the best options to review.

**Kremlin Rising** - Peter Baker 2005-05-31

Two journalists for "The Washington Post" examine modern-day Russia, assessing the ways in which Vladimir Putin and his former KGB associates have shaped the country and threatened Russia's chances for long-term democracy.

**National Minorities in Putin's Russia** - Federica Prina 2018-01-12

Using a human rights approach, the book analyses the dynamics in the application of minority policies for the preservation of cultural and linguistic diversity in Russia. Despite Russia's legacy of ethno-cultural and linguistic pluralism, the book argues that the Putin leadership's overwhelming statism and promotion of Russian patriotism are inexorably leading to a reduction of Russia's diversity. Using scores of interviews with representatives of national minorities, civil society, public officials and academics, the book highlights the reasons why Russian law and policies, as well as international standards on minority rights, are ill-equipped to withstand the centralising drive toward ever greater uniformity. While minority policies are fragmented and feeble in contemporary Russia, they are also centrally conceived, which is exacerbated by a growing democratic deficit under Putin. Crucially, in today's Russia informal practices and networks are frequently utilised rather than formal channels in the sphere of diversity management. Informal practices, the book argues, can at times favour minorities, yet they more frequently disadvantage them and create the conditions for the co-optation of leaders of minority groups. A dilution of diversity, the book suggests, is not only resulting in the loss of Russia's rich cultural heritage but is also impairing the peaceful coexistence of the individuals and groups that make up Russian society.

**Putin's Russia** - Liliia Shevtsova 2003

On December 31, 1999, ailing political maverick Boris Yeltsin abruptly handed the country's leadership over to the virtually unknown former intelligence officer Vladimir Putin. The new Kremlin boss represented both continuity and change. While he was linked with the past, he also signified a sharp break from it. With Putin's ascendancy to power, Russian leadership and Russia have changed dramatically. A pragmatic manager, Putin has tamed the Russian elite and arrogant tycoons, pushed forward economic reforms previously stalled under Yeltsin, and instituted a pro-Western foreign policy. He has accomplished all of this while maintaining an astonishing 70 percent approval rating. However, Russia's transformation under Putin remains a paradox. Outwardly he has proved his desire to modernize Russia, but he has also demonstrated a deep distrust of major democratic institutions and an open desire to keep tight control over society. In *Putin's Russia*, Lilia Shevtsova, one of Russia's top political analysts and award-winning journalists, examines how, under Putin, the country vacillates between optimism and anguish, hope and resentment. She examines the true nature of Putin's leadership and how far he is willing and capable to go with further transformation. Time will tell if he can combine his authoritarian ways with economic liberalism and pro-Western policy to define the Russia of the twenty-first century.

*Civil Society in Putin's Russia* - Elena A. Chebankova 2013

1. Methodology, Theoretical Considerations and the Structure of the Study . - 2. Public and Private Cycles of Socio-Political Life in Russia . - 3. The Public Sphere and the State in Russia . - 4. A Kind of Society: The Nature of Political Radicalism in Modern Russia . - 5. State-Sponsored Civic Associations in Russia: Systemic Integration or a 'War of Position'? . - 6. Foreign-Sponsored Associations in Russia: Themes and Problems . - 7. Grassroots Movements in Modern Russia: A Cause for Optimism? . - Conclusion

**Oil in Putin's Russia** - Adnan Vatansever 2021

Providing an in-depth review of Russia's key economic policies, this book is the first systematic study of the political economy of oil windfalls in Putin's Russia.

**Inside Putin's Russia** - Andrew Jack 2005-12-15

Written by Andrew Jack, the Moscow Bureau Chief of the Financial Times, here is a revealing look at the meteoric rise of Vladimir Putin and his first term as president of Russia. Drawing on interviews with Putin himself, and with a number of the country's leading figures, as well as many ordinary Russians, Jack describes how the former KGB official emerged from the shadows of the Soviet secret police and lowly government jobs to become the most powerful man in Russia. The author shows how Putin has defied domestic and foreign expectations, presiding over a period of strong economic growth, significant restructuring, and rising international prestige. Yet Putin himself remains a man of mystery and contradictions. Personally, he is the opposite of Boris Yeltsin. A former judo champion, he is abstemious, healthy, and energetic, but also evasive, secretive, and cautious. Politically, he has pursued a predominantly pro-western foreign policy and liberal economic reforms, but has pursued a hardline war in Chechnya and introduced tighter controls over parliament and the media and his opponents, moves which are reminiscent of the Soviet era. Through it all, Putin has united Russian society and maintained extraordinarily high popularity. Jack concludes that Putin's "liberal authoritarianism" may be unpalatable to the West, but is probably the best that Russia can do at this point in her history. *Inside Putin's Russia* digs behind the rumors and speculation, illuminating Putin's character and the changing nature of the Russia he rules. Andrew Jack sheds light on Putin's thinking, style and effectiveness as president. With Putin's second term just beginning, this invaluable book offers important insights for anyone interested in the past, present, and future of Russia.

**Art and Protest in Putin's Russia** - Lena Jonson 2015-02-20

The Pussy Riot protest, and the subsequent heavy handed treatment of the protestors, grabbed the headlines, but this was not an isolated instance of art being noticeably critical of the regime. As this book, based on extensive original research, shows, there has been gradually emerging over recent decades a significant counter-culture in the art world which satirises and ridicules the regime and the values it represents, at the same time putting forward, through art, alternative values. The book traces the development of art and protest in recent decades, discusses how art of this kind engages in political and social protest, and provides many illustrations as examples of art as protest. The book concludes by discussing how important art has been in facilitating new social values and in prompting political protests.

**Putin's Russia** - Анна Политковская 2004

This is a devastating appraisal of the policies of Russia's current head of state by the country's leading radical journalist. Known for her humanity and passion, she is admired for her fearless reporting on human-rights issues, especially the wars in Chechnya.

**The Political Economy of Putin's Russia** - Pekka Sutela 2013-02-28

This book constitutes an up-to-date treatment of Russia's economic development and economic policies since 2000, when Vladimir Putin became the President of Russia. After the slow decline and sudden collapse of the Soviet Union, Russia embarked upon a multi-faceted change. This included transition from central management to a market economy, from one-party rule to democracy, from multi-national empire to nation state, and from relative autarchy to opening up to the European and global communities. This book concentrates on economic change, exploring how in spite of steep production decline, widening welfare differentials and increasing social uncertainty, the 1990s also created many of the institutional and policy preconditions for a functioning market economy.

*Putin's Russia* - Anna Politkovskaya 2007-01-09

An incisive study of a nation in chaos and its leader by a distinguished Russian journalist offers a detailed expos of the rampant corruption in business, government, and the judiciary; severe problems within the military establishment; the ongoing war with Chechnya; and the role of Vladimir Putin in stifling civil liberties and the West for its support of the

Russian leader. Reprint.

**Change in Putin's Russia** - Simon Pirani 2010-01-15

Political Science.

**Putin's Russia** - Stephen K. Wegren 2018-11-16

Now in a thoroughly revised, expanded, and updated edition, this classic text provides an authoritative and current analysis of contemporary Russia. Leading scholars explore the daunting domestic and international problems Russia confronts, considering a comprehensive array of economic, political, foreign policy, and social issues.

**Moscow in Movement** - Samuel A. Greene 2014-08-20

Moscow in Movement is the first exhaustive study of social movements, protest, and the state-society relationship in Vladimir Putin's Russia. Beginning in 2005 and running through the summer of 2013, the book traces the evolution of the relationship between citizens and their state through a series of in-depth case studies, explaining how Russians mobilized to defend human and civil rights, the environment, and individual and group interests: a process that culminated in the dramatic election protests of 2011-2012 and their aftermath. To understand where this surprising mobilization came from, and what it might mean for Russia's political future, the author looks beyond blanket arguments about the impact of low levels of trust, the weight of the Soviet legacy, or authoritarian repression, and finds an active and boisterous citizenry that nevertheless struggles to gain traction against a ruling elite that would prefer to ignore them. On a broader level, the core argument of this volume is that political elites, by structuring the political arena, exert a decisive influence on the patterns of collective behavior that make up civil society—and the author seeks to test this theory by applying it to observable facts in historical and comparative perspective. Moscow in Movement will be of interest to anyone looking for a bottom-up, citizens' eye view of recent Russian history, and especially to scholars and students of contemporary Russian politics and society, comparative politics, and sociology.

**Weak Strongman** - Timothy Frye 2022-09-27

Looking beyond Putin to understand how today's Russia actually works Media and public discussion tends to understand Russian politics as a direct reflection of Vladimir Putin's seeming omnipotence or Russia's unique history and culture. Yet Russia is remarkably similar to other autocracies—and recognizing this illuminates the inherent limits to Putin's power. Weak Strongman challenges the conventional wisdom about Putin's Russia, highlighting the difficult trade-offs that confront the Kremlin on issues ranging from election fraud and repression to propaganda and foreign policy. Drawing on three decades of his own on-the-ground experience and research as well as insights from a new generation of social scientists that have received little attention outside academia, Timothy Frye reveals how much we overlook about today's Russia when we focus solely on Putin or Russian exceptionalism. Frye brings a new understanding to a host of crucial questions: How popular is Putin? Is Russian propaganda effective? Why are relations with the West so fraught? Can Russian cyber warriors really swing foreign elections? In answering these and other questions, Frye offers a highly accessible reassessment of Russian politics that highlights the challenges of governing Russia and the nature of modern autocracy. Rich in personal anecdotes and cutting-edge social science, Weak Strongman offers the best evidence available about how Russia actually works.

**Should the West Engage Putin's Russia?** - Stephen F. Cohen 2015-11-12

How should the West deal with Putin's Russia? For the U.S. and some European powers the answer is obvious: isolate Russia with punishing economic sanctions, remove it from global institutions such as the G8, and arm the nations directly threatened by Putin. In short, return to the Cold War doctrine that froze Soviet aggression in Europe and helped bring about the collapse of communist Russia. Others argue that such a policy is a dead end. Putin's Russia has legitimate grievances against Western and NATO powers meddling in its sphere of influence. Instead of further antagonizing Putin and risking a dangerous escalation of the current conflict, the U.S. and Europe should seek common cause with Russia to address shared threats, from the Middle East to Asia to combatting terrorism. In the fifteenth semi-annual Munk Debate, acclaimed academic Stephen F. Cohen and veteran journalist and bestselling author Vladimir Poznar square off against internationally renowned expert on Russian history Anne Applebaum and Russian-born political dissident Garry Kasparov to debate the future of the West's relationship with Russia.

*Putin's People* - Catherine Belton 2020-06-23

A New York Times and Sunday Times bestseller | A New York Times

Book Review Editors' Choice Named a best book of the year by The Economist | Financial Times | New Statesman | The Telegraph "[Putin's People] will surely now become the definitive account of the rise of Putin and Putinism." —Anne Applebaum, The Atlantic "This riveting, immaculately researched book is arguably the best single volume written about Putin, the people around him and perhaps even about contemporary Russia itself in the past three decades." —Peter Frankopan, Financial Times Interference in American elections. The sponsorship of extremist politics in Europe. War in Ukraine. In recent years, Vladimir Putin's Russia has waged a concerted campaign to expand its influence and undermine Western institutions. But how and why did all this come about, and who has orchestrated it? In *Putin's People*, the investigative journalist and former Moscow correspondent Catherine Belton reveals the untold story of how Vladimir Putin and the small group of KGB men surrounding him rose to power and looted their country. Delving deep into the workings of Putin's Kremlin, Belton accesses key inside players to reveal how Putin replaced the freewheeling tycoons of the Yeltsin era with a new generation of loyal oligarchs, who in turn subverted Russia's economy and legal system and extended the Kremlin's reach into the United States and Europe. The result is a chilling and revelatory exposé of the KGB's revanche—a story that begins in the murk of the Soviet collapse, when networks of operatives were able to siphon billions of dollars out of state enterprises and move their spoils into the West. Putin and his allies subsequently completed the agenda, reasserting Russian power while taking control of the economy for themselves, suppressing independent voices, and launching covert influence operations abroad. Ranging from Moscow and London to Switzerland and Brooklyn's Brighton Beach—and assembling a colorful cast of characters to match—*Putin's People* is the definitive account of how hopes for the new Russia went astray, with stark consequences for its inhabitants and, increasingly, the world.

*After Putin's Russia* - Stephen K. Wegren 2009-08-16

A fifth edition of this book is now available. Now in a thoroughly revised, expanded, and updated edition, this classic text provides the most authoritative and current analysis available of contemporary Russia and the challenges facing Vladimir Putin and his successor, Dmitri Medvedev. Leading scholars discuss the social, political, and security issues that confronted Putin, as well as his successes and failures in dealing with them. The contributors conclude that Putin's influence will continue to be felt for years to come, not only because he remains powerful in his new post as prime minister but because he laid the groundwork for dealing with the many problems still confronting Russia. Clearly written and organized, this text is an indispensable guide for anyone wanting to understand Russia today.

*The Decline of Regionalism in Putin's Russia* - J. Paul Goode 2011-05-11

This book reassesses Putin's attempt to reverse the decentralization of power that characterised centre-regional relations in the 1990s, focusing on regional responses to Putin's federal reforms. It explains the decline of regionalism after 2000 in terms of the dynamics of regional boundaries, understood as the juridical boundaries which demarcate a region's territorial extent and its resources; institutional boundaries that sustain regional differences; and cultural boundaries that define the ethnic or technocratic principles on which a region could claim legitimate existence. The book questions the conventional wisdom regarding the success of Putin's regime. It shows how regional governors responded not by attempting to deflect the reforms with outright resistance, but by mimicking Putin's centralisation of power at the regional level. In turn, this facilitated the homogenisation of regional political regimes and regional mergers. The book demonstrates how the reordering of regions advanced sporadically, how pockets of resistance persist, and how the potential for the revival of regionalism continues.

**Putin's World** - Angela Stent 2019-02-26

In this revised version that includes an exclusive new chapter on the Russia-Ukraine war, renowned foreign policy expert Angela Stent examines how Putin created a paranoid and polarized world—and increased Russia's status on the global stage. How did Russia manage to emerge resurgent on the world stage and play a weak hand so effectively? Is it because Putin is a brilliant strategist? Or has Russia stepped into a vacuum created by the West's distraction with its own domestic problems and US ambivalence about whether it still wants to act as a superpower? *Putin's World* examines the country's turbulent past, how it has influenced Putin, the Russians' understanding of their position on the global stage and their future ambitions—and their conviction that the West has tried to deny them a seat at the table of great powers since the USSR collapsed. This book looks at Russia's key

relationships—its downward spiral with the United States, Europe, and NATO; its ties to China, Japan, the Middle East; and with its neighbors, particularly the fraught relationship with Ukraine. Putin's World will help Americans understand how and why the post-Cold War era has given way to a new, more dangerous world, one in which Russia poses a challenge to the United States in every corner of the globe—and one in which Russia has become a toxic and divisive subject in US politics.

[Change in Putin's Russia](#) - Simon Pirani 2010-01-15

Simon Pirani investigates the interaction of power, money and people in Russia during the presidencies of Vladimir Putin and his successor Dmitry Medvedev. Profiling the Putin team, including contingents from the security services and pro-market economic "reformers," Pirani argues that the economic growth it presided over during the oil boom was one-sided. The gap between rich and poor widened. Now the boom is over, inequalities will multiply further. As well as explaining Russia's economic trajectory, the book provides a unique account of the social movements that are working against an increasingly authoritarian government to change Russia for the better. This is the perfect introduction for undergraduates approaching Russia for the first time and those who wish to know how Russia will change during the economic crisis.

**Putin's Russia** - Liliia Shevtsova 2005

Examines the recent presidential and parliamentary elections and their effects on Putin's leadership and Russia.

[Putin and Russia](#) - Darryl Cunningham 2021-09-16

Author of more than six acclaimed graphic novels and well-known for his economical drawing and clear, explanatory narrative, Cunningham shows how the West and its leaders have been culpable in aiding Putin's rise - Obama being an example. Areas covered include Brexit and Trump; the crackdown on human rights, especially on homosexuality in Russia; and the poisonings - among them, journalist Anna Politkovskaya in Russia, Alexander Litvinenko in London, Sergei Skripal in Salisbury. By putting these events into a timeline, Cunningham aims to show that Putin is opportunistic rather than the master manipulator people make him out to be: 'He's essentially a gangster and not a particularly smart one. We need to demythologise Putin if we are to beat him.' Meanwhile Russian money and influence grows ever stronger as Western governments and companies turn a blind eye to the regime's excessive brutality and corruption.

[The New Cold War](#) - Edward Lucas 2009-03-17

An updated paperback edition of a well-received indictment of the Kremlin's notorious activities covers such topics as the corruption that enabled Dmitry Medvedev's presidential election, Vladimir Putin's unofficial status as Russia's enduring leader, and the Kremlin's actual goals in the war in Georgia. Reprint.

**The New Autocracy** - Daniel Treisman 2018-02-06

Corruption, fake news, and the "informational autocracy" sustaining Putin in power After fading into the background for many years following the collapse of the Soviet Union, Russia suddenly has emerged as a new threat—at least in the minds of many Westerners. But Western assumptions about Russia, and in particular about political decision-making in Russia, tend to be out of date or just plain wrong. Under the leadership of Vladimir Putin since 2000, Russia is neither a somewhat reduced version of the Soviet Union nor a classic police state. Corruption is prevalent at all levels of government and business, but Russia's leaders pursue broader and more complex goals than one would expect in a typical kleptocracy, such as those in many developing countries. Nor does Russia fit the standard political science model of a "competitive authoritarian" regime; its parliament, political parties, and other political bodies are neither fakes to fool the West nor forums for bargaining among the elites. The result of a two-year collaboration between top Russian experts and Western political scholars, *Autocracy* explores the complex roles of Russia's presidency, security services, parliament, media and other actors. The authors argue that Putin has created an "informational autocracy," which relies more on media manipulation than on the comprehensive repression of traditional dictatorships. The fake news, hackers, and trolls that featured in Russia's foreign policy during the 2016 U.S. presidential election are also favored tools of Putin's domestic regime—along with internet restrictions, state television, and copious in-house surveys. While these tactics have been successful in the short run, the regime that depends on them already shows signs of age: over-centralization, a narrowing of information flows, and a reliance on informal fixers to bypass the bureaucracy. The regime's challenge will be to continue to block social modernization without undermining the leadership's own capabilities.

**Kremlin Rising** - Peter Baker 2005-06-07

In the tradition of Hedrick Smith's *The Russians*, Robert G. Kaiser's *Russia: The People and the Power*, and David Remnick's *Lenin's Tomb* comes an eloquent and eye-opening chronicle of Vladimir Putin's Russia, from this generation's leading Moscow correspondents. With the 1991 collapse of the Soviet Union, Russia launched itself on a fitful transition to Western-style democracy. But a decade later, Boris Yeltsin's handpicked successor, Vladimir Putin, a childhood hooligan turned KGB officer who rose from nowhere determined to restore the order of the Soviet past, resolved to bring an end to the revolution. *Kremlin Rising* goes behind the scenes of contemporary Russia to reveal the culmination of Project Putin, the secret plot to reconsolidate power in the Kremlin. During their four years as Moscow bureau chiefs for *The Washington Post*, Peter Baker and Susan Glasser witnessed firsthand the methodical campaign to reverse the post-Soviet revolution and transform Russia back into an authoritarian state. Their gripping narrative moves from the unlikely rise of Putin through the key moments of his tenure that re-centralized power into his hands, from his decision to take over Russia's only independent television network to the Moscow theater siege of 2002 to the "managed democracy" elections of 2003 and 2004 to the horrific slaughter of Beslan's schoolchildren in 2004, recounting a four-year period that has changed the direction of modern Russia. But the authors also go beyond the politics to draw a moving and vivid portrait of the Russian people they encountered -- both those who have prospered and those barely surviving -- and show how the political flux has shaped individual lives. Opening a window to a country on the brink, where behind the gleaming new shopping malls all things Soviet are chic again and even high school students wonder if Lenin was right after all, *Kremlin Rising* features the personal stories of Russians at all levels of society, including frightened army deserters, an imprisoned oil billionaire, Chechen villagers, a trendy Moscow restaurant king, a reluctant underwear salesman, and anguished AIDS patients in Siberia. With shrewd reporting and unprecedented access to Putin's insiders, *Kremlin Rising* offers both unsettling new revelations about Russia's leader and a compelling inside look at life in the land that he is building. As the first major book on Russia in years, it is an extraordinary contribution to our understanding of the country and promises to shape the debate about Russia, its uncertain future, and its relationship with the United States.

**Putin's People** - Catherine Belton 2022-05-03

A New York Times and Sunday Times bestseller | A New York Times Book Review Editors' Choice Named a best book of the year by *The Economist* | *Financial Times* | *New Statesman* | *The Telegraph* "[Putin's People] will surely now become the definitive account of the rise of Putin and Putinism." —Anne Applebaum, *The Atlantic* "This riveting, immaculately researched book is arguably the best single volume written about Putin, the people around him and perhaps even about contemporary Russia itself in the past three decades." —Peter Frankopan, *Financial Times* *Interference in American elections. [Between Two Fires](#) - Joshua Yaffa 2021-05-04

WINNER OF THE ORWELL PRIZE • NEW YORK TIMES EDITORS' CHOICE • "Unforgettable . . . a book about Putin's Russia that is unlike

any other.”—Patrick Radden Keefe, author of *Empire of Pain* From a Moscow correspondent for *The New Yorker*, a groundbreaking portrait of modern Russia and the inner struggles of the people who sustain Vladimir Putin’s rule **ONE OF THE BEST BOOKS OF THE YEAR**—NPR, Kirkus Reviews In this rich and novelistic tour of contemporary Russia, Joshua Yaffa introduces readers to some of the country’s most remarkable figures—from politicians and entrepreneurs to artists and historians—who have built their careers and constructed their identities in the shadow of the Putin system. Torn between their own ambitions and the omnipresent demands of the state, each walks an individual path of compromise. Some muster cunning and cynicism to extract all manner of benefits and privileges from those in power. Others, finding themselves to be less adept, are left broken and demoralized. What binds them together is the tangled web of dilemmas and contradictions they face. *Between Two Fires* chronicles the lives of a number of strivers who understand that their dreams are best—or only—realized through varying degrees of cooperation with the Russian government. With sensitivity and depth, Yaffa profiles the director of the country’s main television channel, an Orthodox priest at war with the church hierarchy, a Chechen humanitarian who turns a blind eye to persecutions, and many others. The result is an intimate and probing portrait of a nation that is much discussed yet little understood. By showing how citizens shape their lives around the demands of a capricious and frequently repressive state—as often by choice as under threat of force—Yaffa offers urgent lessons about the true nature of modern authoritarianism. Praise for *Between Two Fires* “A deep and revealing portrait of life inside Vladimir Putin’s Russia. . . . Yaffa mines a rich vein, describing his subjects’ moral compromises and often ingenious ways of engaging a crooked bureaucracy to show how the Kremlin sustains its authoritarianism.”—*The New York Times Book Review* “Few journalists have penetrated so deep and with so much nuance into the moral ambiguities of Russia. If you want insight into the deeper distortions the Kremlin causes in people’s psyches this book is invaluable.”—Peter Pomerantsev, author of *Nothing Is True and Everything Is Possible* “A stunning chronicle of Putin’s new Russia . . . It celebrates the vitality of the Russian people even as it explores the compromises and accommodations that they must make. . . . This embrace of contradictions is what makes *Between Two Fires* such a poignant and poetic book.”—Alex Gibney, *Air Mail*

**12 Who Don't Agree** - Valery Panyushkin 2011-06-28

“Portraits of a group of mostly young Muscovites . . . Some of [Panyushkin’s] sketches are political fables of inspiring selflessness and courage” (*Star Tribune*). In *Twelve Who Don’t Agree*, journalist Valery Panyushkin profiles twelve Russians from across the country’s social spectrum, including: a politician, a journalist, an army officer, an author, a bank manager, a laborer, and a university student. Despite varied backgrounds, they all have one thing in common: participation in 2007’s historic March of the Dissidents. Though each of these men and women had personal reasons for joining the demonstration, they shared a belief that the government of Vladimir Putin was betraying the promise of Russia’s future. Risking the threats and violent retaliation inflicted upon Russian journalists who dare to question the powers that be, Panyushkin boldly illuminates the lives and convictions of these twelve men and women. Their stories reveal how a growing commitment to human rights, equality, the principals of decency and fairness can transform one into a dissident in the eyes of a ruling class that does not value those same principles. And in today’s Russia the dissidents’ journey is one from which there is often no return. “Panyushkin reveals a great deal about post-Soviet Russia and the kinds of constraints on freedom that most citizens still live with and try to work around. . . . [He] writes in vivid tableaux.” —*Los Angeles Times* “His compassionate yet candid outlook lends poignancy to individual portraits, with inflections of wisdom and occasional humor. Remaining defiant in the face of oppression, it is a testament to Panyushkin’s talent that the plight of those involved is what ultimately resonates.” —*Publishers Weekly*

**The Russia Conundrum** - Mikhail Khodorkovsky 2022-10-04

An urgent analysis of the battle between Russia and the West and an exposé of Putin’s Russia, by a former Kremlin insider. “I’m a fairly calm fellow; I don’t usually get wound up about things. But I was, let’s say, concerned when I tuned into the Moscow Echo radio station and heard that the Kremlin had put a price on my head. The announcement didn’t quite say ‘dead or alive’. But it came close...” —Mikhail Khodorkovsky, March 2021 Mikhail Khodorkovsky has seen behind the mask of Vladimir Putin. Once an oil tycoon and the richest man in Russia, Khodorkovsky spoke out against the corruption of Putin’s regime—and was punished by

the Kremlin, stripped of his entire wealth and jailed for over ten years. Now freed, working as a pro-democracy campaigner in enforced exile, Khodorkovsky brings us the insider’s battle to save his country’s soul. Offering an urgent analysis of what has gone wrong with Putin, *The Russia Conundrum* maps the country’s rise and fall against Khodorkovsky’s own journey, from Soviet youth to international oil executive, powerful insider to political dissident, and now a high-profile voice seeking to reconcile East and West. With unparalleled insight, written with *Sunday Times* bestselling author Martin Sixsmith, *The Russia Conundrum* exposes the desires and damning truths of Putin’s “mafia clan,” and provides an answer to the West on how it must challenge the Kremlin—in order to pave the way for a better future.

**The Political Economy of Putin's Russia** - Pekka Sutela 2014-05-16

This book constitutes an up-to-date treatment of Russia’s economic development and economic policies since 2000, when Vladimir Putin became the President of Russia. After the slow decline and sudden collapse of the Soviet Union, Russia embarked upon a multi-faceted change. This included transition from central management to a market economy, from one-party rule to democracy, from multi-national empire to nation state, and from relative autarchy to opening up to the European and global communities. This book concentrates on economic change, exploring how in spite of steep production decline, widening welfare differentials and increasing social uncertainty, the 1990s also created many of the institutional and policy preconditions for a functioning market economy.

**Protest in Putin's Russia** - Mischa Gabowitsch 2016-12-27

The Russian protests, sparked by the 2011 Duma election, have been widely portrayed as a colourful but inconsequential middle-class rebellion, confined to Moscow and organized by an unpopular opposition. In this sweeping new account of the protests, Mischa Gabowitsch challenges these journalistic clichés, showing that they stem from wishful thinking and media bias rather than from accurate empirical analysis. Drawing on a rich body of material, he analyses the biggest wave of demonstrations since the end of the Soviet Union, situating them in the context of protest and social movements across Russia as a whole. He also explores the legacy of the protests in the new era after Ukraine’s much larger Maidan protests, the crises in Crimea and the Donbass, and Putin’s ultra-conservative turn. As the first full-length study of the Russian protests, this book will be of great value to students and scholars of Russia and to anyone interested in contemporary social movements and political protest.

**Art and Protest in Putin's Russia** - Lena Jonson 2015-02-20

The Pussy Riot protest, and the subsequent heavy handed treatment of the protestors, grabbed the headlines, but this was not an isolated instance of art being noticeably critical of the regime. As this book, based on extensive original research, shows, there has been gradually emerging over recent decades a significant counter-culture in the art world which satirises and ridicules the regime and the values it represents, at the same time putting forward, through art, alternative values. The book traces the development of art and protest in recent decades, discusses how art of this kind engages in political and social protest, and provides many illustrations as examples of art as protest. The book concludes by discussing how important art has been in facilitating new social values and in prompting political protests.

**Insecurity & the Rise of Nationalism in Putin's Russia** - Suzanne Loftus 2018-08-30

This book offers an analysis of Putin’s approval ratings from the fall of the USSR to the present day. It considers contemporary materials, statistics and a discourse analysis to assess how Putin’s approval ratings have stayed so high despite the current economic turndown. Through a comparative analysis with Yeltsin’s time in office, the author demonstrates that higher levels of security, a better standard of living, increasingly assertive foreign policy and greater centralization of power led to positive approval ratings for Putin—absent characteristics during Yeltsin’s terms—and fostered ‘positive national self-esteem’ in Russia, a national sentiment that has persisted through current economic difficulties. Recommended reading for academics and students of Russian studies in the field of International Relations, Foreign Policy and Comparative Politics.

**Putin's Russia** - Darrell Slider 2022

Thoroughly revised, expanded, and updated, the new edition of this classic text provides the most authoritative and current analysis of contemporary Russia. Leading scholars explore the domestic and international problems Russia confronts, including political, economic, societal, and foreign policy issues. The new edition provides an analysis

from multiple perspectives on the major challenges facing Russia and Putin's regime. Updates include new sections on corruption, Russia's conflicts with Ukraine and Georgia, Russia's response to Only by understanding these challenges--and previous efforts to deal with them--will it be possible to understand the trajectory for Russia. Well written and clearly organized, this text is an indispensable guide for anyone wanting to understand contemporary Russia.

*Kremlin Rising* - Peter Baker 2007-03

Containing firsthand narrative, personal stories, and groundbreaking reporting, this work examines the Russia under Vladimir Putin, who the authors assert along with his circle of close associates from the former KGB have waged a methodical campaign to end Russia's democratic experiment and reconsolidate power in the Kremlin.

**Media, Culture and Society in Putin's Russia** - Stephen White 2008-04-09

This is an international collection of papers focused on media, culture and society in post-communist Russia. Given the heightened interest/fear in the Putin administration, this book should reach a broad and interested audience. Several of the chapters are based on field research and present solid empirical evidence to support arguments developed by the authors. A timely set of contributions give current debates the viability of the existence of civil society and media freedom under the Putin presidency. The contributors deploy a wealth of primary data in examining the kinds of issues that are central to our understanding of the kind of system that has been established in the world's largest country after a period of far-reaching change.

**Putin's Kleptocracy** - Karen Dawisha 2015-09-22

The raging question in the world today is who is the real Vladimir Putin and what are his intentions. Karen Dawisha's brilliant Putin's Kleptocracy provides an answer, describing how Putin got to power, the cabal he brought with him, the billions they have looted, and his plan to restore the Greater Russia. Russian scholar Dawisha describes and

exposes the origins of Putin's kleptocratic regime. She presents extensive new evidence about the Putin circle's use of public positions for personal gain even before Putin became president in 2000. She documents the establishment of Bank Rossiya, now sanctioned by the US; the rise of the Ozero cooperative, founded by Putin and others who are now subject to visa bans and asset freezes; the links between Putin, Petromed, and "Putin's Palace" near Sochi; and the role of security officials from Putin's KGB days in Leningrad and Dresden, many of whom have maintained their contacts with Russian organized crime. Putin's Kleptocracy is the result of years of research into the KGB and the various Russian crime syndicates. Dawisha's sources include Stasi archives; Russian insiders; investigative journalists in the US, Britain, Germany, Finland, France, and Italy; and Western officials who served in Moscow. Russian journalists wrote part of this story when the Russian media was still free. "Many of them died for this story, and their work has largely been scrubbed from the Internet, and even from Russian libraries," Dawisha says. "But some of that work remains."

**Youth in Putin's Russia** - Elena Omelchenko 2021

This edited volume sheds light on the lives of young people in various central and peripheral regions of Russia, including youth belonging to different ethnic and religious groups and who have differing views on contemporary politics. While the literature continues to grow regarding the inclusion of youth in global contexts, the specific cultural, political, and economic circumstances of being young in Russia make the Russian case unique. Chapter authors focus on four key aspects that characterize the youth experience in contemporary Russia: cultural practices and value affiliations, citizenship and patriotism, ethnic and religious diversity, and the labor market. This collection will appeal to readers interested in contemporary life in Russia and looking for the latest empirical material on youth identities and cultures, as well as those looking to learn about the critical viewpoint of local academics regarding the ongoing processes in contemporary Russian society. Elena Omelchenko is Director of the Centre for Youth Studies at the National Research University Higher School of Economics, St. Petersburg, Russia. She has authored and co-authored seventeen monographs on globalization of youth cultures, ethnic and religious identities of youth, drug (ab)use cultures, the body and sexuality, xenophobia and migrant youth. Currently, she is working on developing the concepts of solidarity and cultural youth scene for the study of cultural practices of Russian youth.
