

Troll Hub

As recognized, adventure as with ease as experience very nearly lesson, amusement, as capably as contract can be gotten by just checking out a ebook **Troll Hub** with it is not directly done, you could consent even more on the subject of this life, something like the world.

We find the money for you this proper as competently as simple pretension to get those all. We have enough money Troll Hub and numerous book collections from fictions to scientific research in any way. in the middle of them is this Troll Hub that can be your partner.

Rosie & The Troll - Ross F Lindsay 2021-08-30

Rosie takes a walk in the woods with grandma's black Labrador Hattie. A pleasant walk develops into a journey to a distant planet accompanied by a Troll called Thumblrock. He was waiting for her under an old bridge which runs underneath the footpath. Every three generations a child of eleven or twelve is secretly whisked away to a world called Damianos. A planet found in the Star Cluster of Pleadies which is populated by a species of technologically advanced Trolls. The children are taken to assess the development of a species. Rosie soon understands that her trip is far from the usual. Environmental issues on Earth created by humans are not only damaging our planets environment, but they're also upsetting the balance of a galactic transport network. The Trolls who lead an alien planetary council are campaigning to have the Earth gate closed, a simple solution to resolve their problem. As Rosie is the only human to have travelled to Damianos in seventy years, the sudden discovery of another human boot print on this planet throws the Trolls plans into disarray. Rosie and Thumblrock are drawn into a mystery of galactic proportion with serious implications for the human race.

The Value Line Investment Survey - 2007

Field & Stream - 1979-03

FIELD & STREAM, America's largest outdoor sports magazine, celebrates the outdoor experience with great stories, compelling photography, and sound advice while honoring the traditions hunters and fishermen have passed down for generations.

We Are the Nerds - Christine Lagorio-Chafkin 2018-10-02

Named a Best Book of 2018 by Fast Company, this is a "sharply written and brilliantly reported" (Shelf Awareness) look inside Reddit, the wildly popular, often misunderstood website that has changed the culture of the Internet. Reddit hails itself as "the front page of the Internet." It's the third most-visited website in the United States -- and yet, millions of Americans have no idea what it is. We Are the Nerds is an engrossing look deep inside this captivating, maddening enterprise, whose army of obsessed users have been credited with everything from solving cold case crimes and spurring tens of millions of dollars in charitable donations to seeding alt-right fury and landing Donald Trump in the White House. We Are the Nerds is a gripping start-up narrative: the story of how Reddit's founders, Steve Huffman and Alexis Ohanian, rose up from their suburban childhoods to become millionaires and create an icon of the digital age -- before seeing the site engulfed in controversies and nearly losing control of it for good. Based on Christine Lagorio-Chafkin's exclusive access to founders Ohanian and Huffman, We Are the Nerds is also a compelling exploration of the way we all communicate today -- and how we got here. Reddit and its users have become a mirror of the Internet: it has dingy corners, shiny memes, malicious trolls, and a sometimes heart-melting ability to connect people across cultures, oceans, and ideological divides.

It Came from Something Awful - Dale Beran 2019-07-30

How 4chan and 8chan fuel white nationalism, inspire violence, and infect politics. The internet has transformed the ways we think and act, and by consequence, our politics. The most impactful recent political movements on the far left and right started with massive online collectives of teenagers. Strangely, both movements began on the same website: an anime imageboard called 4chan.org. It Came from Something Awful is the fascinating and bizarre story of sites like 4chan and 8chan and their profound effect

on youth counterculture. Dale Beran has observed the anonymous messageboard community's shifting activities and interests since the beginning. Sites like 4chan and 8chan are microcosms of the internet itself—simultaneously at the vanguard of contemporary culture, politics, comedy and language, and a new low for all of the above. They were the original meme machines, mostly frequented by socially awkward and disenfranchised young men in search of a place to be alone together. During the recession of the late 2000's, the memes became political. 4chan was the online hub of a leftist hacker collective known as Anonymous and a prominent supporter of the Occupy Wall Street movement. But within a few short years, the site's ideology spun on its axis; it became the birthplace and breeding ground of the alt-right. In *It Came from Something Awful*, Beran uses his insider's knowledge and natural storytelling ability to chronicle 4chan's strange journey from creating rage-comics to inciting riots to—according to some—memeing Donald Trump into the White House.

Manipulated - Theresa Payton 2020-04-01

Cybersecurity expert Theresa Payton tells battlefront stories from the global war being conducted through clicks, swipes, internet access, technical backdoors and massive espionage schemes. She investigates the cyberwarriors who are planning tomorrow's attacks, weaving a fascinating yet bone-chilling tale of Artificial Intelligent mutations carrying out attacks without human intervention, "deepfake" videos that look real to the naked eye, and chatbots that beget other chatbots. Finally, Payton offers readers telltale signs that their most fundamental beliefs are being meddled with and actions they can take or demand that corporations and elected officials must take before it is too late. Payton reveals: How digital voting machines, voting online, and automatic registration may boost turnout but make us more vulnerable to cyberattacks. How trolls from Russia and other nations actively stroke discord among Americans in falsely-generated controversies over race relations, vaccinations, fracking, and other social issues. Whether what we have uncovered from the Mueller investigation so far is only what they wanted us to know.

St. Nicholas - 1914

North to The Sun, South to The Moon - Michelle Levigne 2012-10-16

Isaac Asimov and other speculative fiction writers have postulated that what seems to be mere technology to modern eyes could be viewed as magic to people of other cultures and times ... and perhaps worlds? In this series of novellas, classic and not-so-familiar faerie tales are placed in futuristic settings. The costumes and props might change, but the Human spirit and the quest for true love will never change. Maia has grown up in the Downbelow, a Borer, born to a life of labor so the arrogant Stocrats can live in luxury in the Above. She's made friends with a Metalman who taught her things the people in the World have forgotten. But even those marvels pale in comparison to what she discovers when she enters the Virtual world and learns the danger that threatens them all.

Performance Evaluation: Origins and Directions - Günter Haring 2003-06-29

This monograph-like state-of-the-art survey presents the history, the key ideas, the success stories, and future challenges of performance evaluation and demonstrates the impact of performance evaluation on a variety of different areas through case studies in a coherent and comprehensive way. Leading researchers in the field have contributed 19 cross-reviewed topical chapters competently covering the whole range of performance evaluation, from theoretical and methodological issues to applications in numerous other

fields. Additionally, the book contains one contribution on the role of performance evaluation in industry and personal accounts of four pioneering researchers describing the genesis of breakthrough results. The book will become a valuable source of reference and indispensable reading for anybody active or interested in performance evaluation.

Mines and Methods - 1911

I Am Princess X - Cherie Priest 2015-05-26

Best friends, big fans, a mysterious webcomic, and a long-lost girl collide in this riveting novel, perfect for fans of both Cory Doctorow and Sarah Dessen, & illustrated throughout with comics. Once upon a time, two best friends created a princess together. Libby drew the pictures, May wrote the tales, and their heroine, Princess X, slayed all the dragons and scaled all the mountains their imaginations could conjure. Once upon a few years later, Libby was in the car with her mom, driving across the Ballard Bridge on a rainy night. When the car went over the side, Libby passed away, and Princess X died with her. Once upon a now: May is sixteen and lonely, wandering the streets of Seattle, when she sees a sticker slapped in a corner window. Princess X? When May looks around, she sees the Princess everywhere: Stickers. Patches. Graffiti. There's an entire underground culture, focused around a webcomic at IAmPrincessX.com. The more May explores the webcomic, the more she sees disturbing similarities between Libby's story and Princess X online. And that means that only one person could have started this phenomenon--her best friend, Libby, who lives.

Privacy Is Dead - Jo Glanville 2011

Who needs privacy? It's a human right that isn't just a concern for the rich and powerful wishing to shield their private lives from the media. Today, it's an urgent issue for anyone who communicates online. Index on Censorship assesses the threats to our data, considers the impact of tabloid exposés on press standards, explores the world of internet trolls and talks to the UK's leading privacy judge about striking the balance. Index on Censorship is an award-winning magazine, devoted to protecting and promoting free expression. International in outlook, outspoken in comment, Index on Censorship reports on free expression violations around the world, publishes banned writing and shines a light on vital free expression issues through original, challenging and intelligent commentary and analysis, publishing some of the world's finest writers. The American Gas Light Journal - 1912

I Am a Troll - Swati Chaturvedi 2016

Indian social media is awash with right-wing trolls who incite online communal tension and abuse anyone who questions them. But who are they? How are they organized? In this explosive investigation, conducted over two years, Swati Chaturvedi finally lifts the veil over this murky subject

Geographers - T. W. Freeman 2016-01-28

An annual collection of studies of individuals who have made major contributions to the development of geography and geographical thought. Subjects are drawn from all periods and from all parts of the world, and include famous names as well as those less well known: explorers, independent thinkers and scholars. Each paper describes the geographer's education, life and work and discusses their influence and spread of academic ideas. Each study includes a select bibliography and brief chronology. The work includes a general index and a cumulative index of geographers listed in volumes published to date.

Leofwin's Hundred - JJ Overton 2016-02-17

Jem Dearden inherits Dearden Hall and a remnant of the ancient forest of Arden called Leofwin's Hundred. He discovers his late father's research into a building called the House of the West Wind, which is hidden deep in the forest, but he is unprepared for what the structure leads to . . . Different times, different worlds . . . An unavoidable evil that must be fought . . . and love. Can love endure over a millennium of time?

Do Something - Kajal Odedra 2019-08-08

'An indispensable manual for budding activists by one of the country's most effective campaigners.' Cathy Newman, Journalist and Presenter 'Tired of complaining but don't know what to do? This beautifully written book will not only inspire you but give you a step-by-step guide to creating positive change.' Magid Magid, Politician and Activist 'This is your mayday book. If you want to start your own resistance, buy Do Something.' Deborah Frances-White, Host of The Guilty Feminist podcast Do you find yourself staring helplessly at your news feed? Or all too often asking, 'why hasn't somebody done something about that?'. If the answer is yes, then DO SOMETHING is the book you need. Whether you simply want to challenge your local shop to reduce their plastic or go big and demand a new law to be passed, this book is the place to start. Full of lessons from the real world DO SOMETHING contains practical steps and a blueprint anyone can follow - from helping you to pinpoint the fundamentals of what you want to achieve to mobilising supporters and harnessing traditional and social media. Having worked as a campaigner for over a decade Kajal Odedra knows the tricks that have typically been held by people in circles of power and believes that everyone should know how to speak up and be heard. Revolution on every scale is happening all around the world - but rather than being led by governments, policy makers or political leaders, it is individuals, communities and collectives who are calling for action. People power works! So, stop banging your head against the wall, pick up this book, and start planning your resistance.

Trollhunters - Guillermo del Toro 2015-07-07

From Guillermo del Toro comes the book that inspired the Netflix Animated Series TROLLHUNTERS! "You are food. Those muscles you flex to walk, lift, and talk? They're patties of meat topped with chewy tendon. That skin you've paid so much attention to in mirrors? It's delicious to the right tongues, a casserole of succulent tissue. And those bones that give you the strength to make your way in the world? They rattle between teeth as the marrow is sucked down slobbering throats. These facts are unpleasant but useful. There are things out there, you see, that don't cower in holes to be captured by us and cooked over our fires. These things have their own ways of trapping their kills, their own fires, their own appetites." Jim Sturges is your typical teen in suburban San Bernardino— one with an embarrassingly overprotective dad, a best friend named "Tubby" who shares his hatred of all things torturous (like gym class), and a crush on a girl who doesn't know he exists. But everything changes for Jim when a 45-year old mystery resurfaces, threatening the lives of everyone in his seemingly sleepy town. Soon Jim has to team up with a band of unlikely (and some un-human) heroes to battle the monsters he never knew existed. From the minds of horror geniuses Guillermo del Toro and Daniel Kraus comes a new illustrated novel about the fears that move in unseen places.

The Plot to Destroy Democracy - Malcolm Nance 2018-06-26

A provocative, comprehensive analysis of Vladimir Putin and Russia's master plan to destroy democracy in the age of Donald Trump. In the greatest intelligence operation in the history of the world, Donald Trump was made President of the United States with the assistance of a foreign power. For the first time, The Plot to Destroy Democracy reveals the dramatic story of how blackmail, espionage, assassination, and psychological warfare were used by Vladimir Putin and his spy agencies to steal the 2016 U.S. election -- and attempted to bring about the fall of NATO, the European Union, and western democracy. It will show how Russia and its fifth column allies tried to flip the cornerstones of democracy in order to re-engineer the world political order that has kept most of the world free since 1945. Career U.S. Intelligence officer Malcolm Nance will examine how Russia has used cyber warfare, political propaganda, and manipulation of our perception of reality -- and will do so again -- to weaponize American news, traditional media, social media, and the workings of the internet to attack and break apart democratic institutions from within, and what we can expect to come should we fail to stop their next attack. Nance has utilized top secret Russian-sourced political and hybrid warfare strategy documents to demonstrate the master plan to undermine American institutions that has been in effect from the Cold War to the present day. Based on original research and countless interviews with espionage experts, Nance examines how Putin's recent hacking accomplished a crucial first step for destabilizing the West for Russia, and why Putin is just the man to do it. Nance exposes how Russia has supported the campaigns of right-wing extremists throughout both the U.S. and Europe to leverage an axis of autocracy, and how Putin's agencies have worked since 2010 to

bring fringe candidate Donald Trump into elections. Revelatory, insightful, and shocking, *The Plot To Destroy Democracy* puts a professional spy lens on Putin's plot and unravels it play-by-play. In the end, he provides a better understanding of why Putin's efforts are a serious threat to our national security and global alliances -- in much more than one election -- and a blistering indictment of Putin's puppet, President Donald J. Trump.

Boggarts, Trolls and Tylwyth Teg - Peter Stevenson 2021-10-01

The Grimms called them The Quiet Folk, in Māori they are Patupaiarehe, in Wales Y Tylwyth Teg: hidden people who live unseen, speak their own languages and move around like migrants, shrouded from our eyes - like those who lived in the utopian world of Plant Rhys Ddwn off the west Welsh coast, where this book begins. In mythology, lost lands are coral castles beneath the sea, ancient forests where spirits live, and mountain swamps where trolls lurk. Strip away the mythology, and they become valleys and villages flooded to provide drinking water to neighbouring kingdoms, campsites where travellers are told they can't travel, and reservations where the rights of first nations people are ignored. The folk tales in this book tell of these lost lands and hidden people, remembered through migrations, dreams and memories.

Men of Fighters - The Mark - Michael Sinclair 2020-05-15

Book Delisted

Gas to Europe - Robert Mabro 1999

This book analyses the strategies of four major national companies, Gazprom, Sonatrach, Statoil, and Gasunie, that supply the expanding European gas market. The strategies of these giant corporations are examined in the relevant historical perspective. The analysis concludes by considering future developments of the market and of the supply policies of these main players.

Cycle World Magazine - 1996-01

Trolls Little Golden Book (DreamWorks Trolls) - Mary Man-Kong 2016-09-27

TROLLS hits theaters everywhere on November 4, 2016! DreamWorks Animation's TROLLS is an irreverent comedy extravaganza with incredible music! From the genius creators of SHREK, TROLLS stars Poppy, the optimistic leader of the Trolls, and her polar opposite, Branch. Together, this unlikely pair of Trolls must embark on an adventure that takes them far beyond the only world they've ever known. Boys and girls ages 3 to 5 will love this beautifully illustrated Little Golden Book that follows the adventures of Poppy and Branch!

Fire Storm - Ally Shields 2014-03-07

Guardian Witch Book Five Sometimes you just need to stay alive to fight another day. Six months ago Ari moved in with the vampire prince Andreas. They defied the vampire elders in Europe, killed their enforcer, and have waited for retaliation that never came. Until now. On a trip to Italy, Andreas is captured by the vampire rulers, the notorious O-Seven, and taken in chains to their stronghold in Germany. Ari goes after him, even though it's against the orders of her Magic Council. She is fired for her actions, losing her special Guardian powers at a time she needs them most. But the vampire rulers are not through with her or with those who attempt to help her. They launch attacks in Europe and at home in Riverdale. Ari is forced to fight them on several fronts, and victory grows increasingly uncertain. Her last chance to rescue Andreas is a daring plan that places her in the hands of the O-Seven and relies on untested witch magic, the final hope for their survival. Keywords: vampires, Urban Fantasy, paranormal, fire witch, strong heroine, shapeshifters, Black Forest, supernatural suspense

Miss Behave - Malebo Sephodi 2017-06-06

Upon encountering historian Laurel Thatcher Ulrich's quote, 'well-behaved women seldom make history', Malebo Sephodi knew that she was tired of everyone else having a say on who and what she should be. Appropriating this quote, Malebo boldly renounces societal expectations placed on her as a black woman and shares her journey towards misbehavior. According to Malebo, it is the norm for a black woman to live in a society that prescribes what it means to be a well-behaved woman. Acting like this prescribed woman equals good behavior. But what happens when a black woman decides to live her own life and becomes her own form of who she wants to be? She is often seen as misbehaving. Miss-Behave challenges society's deep-seated beliefs about what it means to be an obedient woman. In this book, Malebo tracks her journey on a

path towards achieving total autonomy and self-determinism. Miss-Behave will challenge, rattle and occasionally cause you to scream 'yassss, yassss, yassss' at various intervals.

The Ultimate Player's Guide to Skylanders Trap Team (Unofficial Guide) - Hayley Camille 2015-10-16
Skylanders™ Trap Team: An Epic Adventure Awaits You! The magical floating islands of Skylands await you! But if you really want to master Skylanders Trap Team, you need a great guide. Here it is! Whether you're young or old, you'll love how this book offers everything you need to know to thrive in Skylands. It'll help you discover the Skylanders' most powerful new secrets—and it's so easy! This book is packed with full-color pictures and great step-by-step instructions from Hayley "SkyPanda" Camille! Mudman - James A. Hunter 2016-03-08

The author of the Yancy Lazarus series introduces a golem forged from the ashes of WWII in "a dark tale of vengeance and redemption" (Domino Finn, author of the Black Magic Outlaw series). Levi Adams is a soft-spoken, middle-aged Mennonite man—at least he tries to be when he's not murdering people. Levi's a golem, a Mudman, crafted from the muck, mire, and corpses of a World War II concentration camp and saddled with a divine commission to dole out judgment on those who shed innocent blood. But now, after seventy years as a cold-blooded murder machine, he's turned to AA meetings and church services to help change his grisly nature. Until he runs across a wounded girl, Sally Ryder, during one of his "hunting expeditions." Someone is attempting to revive a pre-Babylonian murder god, and the road to rebirth is paved with dead bodies. Lots and lots of them. Now, Levi must protect Sally—the key to an unspeakable resurrection—and defeat a Nazi mage from his murky past, one who holds a terrible secret about the Mudman's unorthodox birth. It's a secret Levi would pay anything to uncover: maybe even Sally's life. If Levi isn't careful, he may end up turning into the monster he always imagined himself to be. "A timeless tale of striving against evil . . . Highly recommended if you like paranormal thrillers, psychological thrillers and books such as Jeff Lindsey's Dexter Morgan series, Thomas Harris' Hannibal Lecter books, the TV show Supernatural." —Port Jericho "A mash of styles and creative ideas, blending religious mythology from Jewish and Christian beliefs alongside Nazi atrocities and supernatural ghouls." —TheBookBeard's Blog
Troll Factories - Andrew Karpan 2018-12-15

Many Americans became aware of Russia's web brigades during the 2016 presidential election, during which allegations of Russian interference came to light. However, Russia's history of online meddling extends back to the early 2000s and far beyond just the United States. This volume explores the little known history of Russia's troll factories and the role they have played in various political movements and events, as well as the factors that enabled this interference and the possible means of combatting it.

Protecting Small Businesses and Promoting Innovation by Limiting Patent Troll Abuse - United States. Congress. Senate. Committee on the Judiciary 2015

Vocabulary Connections Level B - Steck-Vaughn Company 1997-08

Twitter and Tear Gas - Zeynep Tufekci 2017-05-16

A firsthand account and incisive analysis of modern protest, revealing internet-fueled social movements' greatest strengths and frequent challenges To understand a thwarted Turkish coup, an anti-Wall Street encampment, and a packed Tahrir Square, we must first comprehend the power and the weaknesses of using new technologies to mobilize large numbers of people. An incisive observer, writer, and participant in today's social movements, Zeynep Tufekci explains in this accessible and compelling book the nuanced trajectories of modern protests—how they form, how they operate differently from past protests, and why they have difficulty persisting in their long-term quests for change. Tufekci speaks from direct experience,

combining on-the-ground interviews with insightful analysis. She describes how the internet helped the Zapatista uprisings in Mexico, the necessity of remote Twitter users to organize medical supplies during Arab Spring, the refusal to use bullhorns in the Occupy Movement that started in New York, and the empowering effect of tear gas in Istanbul's Gezi Park. These details from life inside social movements complete a moving investigation of authority, technology, and culture—and offer essential insights into the future of governance.

The Ultimate Discworld Companion - Terry Pratchett 2021-11-11

The absolute, comprehensive, from Tiffany Aching to Jack Zweiblum guide to all things Discworld, fully illustrated by Paul Kidby. The Discworld, as everyone knows, is a flat world balanced on the back of four elephants which, in turn, stand on the shell of the giant star turtle, the Great A'Tuin, as it slowly swims through space. It is also the global publishing phenomenon with sales of over 70 million books worldwide (but who's counting?). There's an awful lot of Discworld to keep track of. But fear not! Help is at hand. For the very first time, everything (and we mean everything) you could possibly want to know has been crammed into one place. If you need a handy guide to locales from Ankh-Morpork to Zemphis . . . If you can't tell your Achmed the Mads from your Jack Zweiblumens . . . If your life depends on distinguishing between the Agatean Empire and the Zoons . . . Look no further. Compiled and perfected by Stephen Briggs, the man behind *The Ultimate Discworld Companion's* predecessor *Turtle Recall*, this is your ultimate guide to Sir Terry Pratchett's beloved fantasy world.

KOKO - Davide Del Vasto 2019-06-24

Durante il viaggio verso il pianeta Terra, Detoo e la sua famiglia si fermano su Tree, uno dei tanti esopianeti di sosta dell'universo, ma un assurdo destino li attende. Un viaggio attraverso i ricordi, alla ricerca di madre e figlio scomparsi oltre i confini della realtà.

Digital Urban Acupuncture - Salvatore Iaconesi 2016-09-27

This book explores the possibility to observe the lives of cities through ubiquitous information obtained through social networks, sensors and other sources of data and information, and the ways in which this possibility describes a new form of Public Space, which can be used to define new forms of citizenship and participated city governance. The work is the result of years of research across sciences, arts, design, ethnography, cultural geography, performed by multiple researchers, understanding the Relational Ecosystems of cities (the flows of relation, information, knowledge and emotion in the city) and using them to reinterpret the concept of Urban Acupuncture: from the Third Space, Third Landscape and Third Generation City, to the Third Infospace; from Urban Acupuncture to Digital Urban Acupuncture. The book starts by exploring the many theories and methodologies which have been used to try to capture and use the revolutionary potential found in the daily lives of cities. From De Certeau, to Latour, Bateson, Bhabha, and all the way to Castells, Clément, Boyd, Casagrande. In a progression which moves from the Third Space (Soja, De Certeau), to the Third Landscape (Clément), to the Third Generation City (Casagrande), to the Third Paradise (Pistoletto), the book arrives at a definition of the Third Infospace, following up on Kevin Lynch: a new legibility and imageability of the city. Its main themes and objectives lie in the desire to observe and understand the radical transformation of the definitions, boundaries and configurations of what we call public and private spaces, in different cultures and communities, in the age of communication, information and knowledge, and to use these understandings to formulate a set of working hypotheses for the positive, constructive, active and participatory usage of these transformed scenarios, contributing to the re-definition of concepts such as citizenship, city-governance, urban planning, civic decision-making, and more. And using, in the process, techniques such as Urban Acupuncture, Actor-Network Theory, Diasporic analysis, Peer-to-peer Urbanism and more. Multiple real-life research scenarios and documented case studies will be used, from 4 continents, coming from our research and from other international contributions.

Trolls Don't Do Kung Fu: Book One of the Chronicles of Sol - John McCrudden 2015-11-23

The world of Sol is the home of hundreds of Faerie races that live in the vast forests, savannahs and deserts of Sol. Earth sends a military expedition force in to Sol with diplomats accompanying the military force. The United Federation of Europe creates a foothold in the Elvin Country of Alfheim. Colour Sergeant Jon Raine is posted with his battalion to the outposts of Sol where the fourth Battalion of the Parachute regiment, the dragon riders are assigned to push the military boundaries of the United Federation of Europe's military presence on Sol. An ancient Elvin prophecy agreed and shared by all Faeian tells of a Black Messiah that will appear to rid their world of invaders who threaten to destroy the world of Sol. Is Jon Raine the fulfilment of that prophecy?

Official Gazette of the United States Patent and Trademark Office - 2005
