The Notebook Girls - Julia Baskin 2008-11-15

Everyone likes to think they started the notebook. Sophie claims she stole the idea from two girls in her math class. Courtney still has a death grip on the theory that the notebook was her invention. Lindsey doesn't really care; she's just along for the ride. And Julia never knows what's going on anyway. What we do know is that we started the notebook in freshman year at Stuyvesant High School as a way to keep in contact when our conflicting schedules denied us one another's company. It allowed us to express ourselves and our views of the world in a tone of complete sarcasm, obscenity, and blind honesty. We've spent a significant portion of our adolescence trying to figure out who we are. The notebook is the closest we've come. We're just a group of normal girls with normal lives. Our notebook is meant to make you laugh and make you remember.

Gilded Rosettes Journal - Peter Pauper Press, Inc. 2017-08

She Reads Truth - Raechel Myers 2016-10-04

She wants faith, hope, and love. She wants help and healing. She wants to hear and be heard, to see and be seen. She wants things set right. She wants to know what is true—not partly true, or sometimes true, or almost true. She wants to see Truth itself, face-to-face. But here, now, these things are all cloudy. Hope is tinged with hurt. Faith is shaded by doubt. Lesser, broken things masquerade as love. How does she find something permanent when the world around her is always changing, when not even she can stay the same? And if she finds it, how does she hold on?

She Reads Truth tells the stories of two women who discovered, through very different lives and circumstances, that only God and His Word remain unchanged as the world around them shifted and slipped away. Infused with biblical application and Scripture, this book is not just about two characters in two stories, but about one Hero and one Story. Every image points to the bigger picture—that God and His Word are true. Not because of anything we do, but because of who He is. Not once, not occasionally, but right now and all the time. Sometimes it takes everything moving to notice the thing that doesn't move. Sometimes it takes telling two very different stories to notice how the Truth was exactly the same in both of them. For anyone searching for a solid foundation to cling to, *She Reads Truth* is a rich and honest Bible-filled journey to finally find permanent in a world that's passing away.

The Diary of a Young Girl - Anne Frank 1996-02-01

THE DEFINITIVE EDITION • Discovered in the attic in which she spent the last years of her life, Anne Frank's remarkable diary has since become a world classic—a powerful reminder of the horrors of war and an eloquent testament to the human spirit. Updated for the 75th Anniversary of the Diary's first publication with a new introduction by Nobel Prize-winner Nadia Murad "The single most compelling personal account of the Holocaust ... remains astonishing and excruciating."—The New York Times Book Review In 1942, with Nazis occupying Holland, a thirteen-year-old Jewish girl and her family fled their home in Amsterdam and went into hiding. For the next two years, until their whereabouts were betrayed to the Gestapo, they and another family lived cloistered in the "Secret Annex" of an old office building. Cut off from the outside world, they faced hunger, boredom, the constant cruelties of living in confined quarters, and the ever-present threat of discovery and death. In her diary Anne Frank recorded vivid impressions of her experiences during this period. By turns thoughtful, moving, and amusing, her account offers a fascinating commentary on human courage and frailty and a compelling self-portrait of a sensitive and spirited young woman whose promise was tragically cut short.

[Dream Journal Notebook](#) - Book Press 2021-04-11

This dream journal enables you to record and track your dreams, write down your interpretations, and also your thoughts before sleeping, your emotions and feelings when you wake, and more. A perfect dream diary notebook for women, girls, men, boys, it is also a great gift idea for children and adults of any age. Dreams can result from our brain processing our current situation, an insight into our subconscious and a more acute awareness of our current state of mind, and even premonitions! Through getting into the habit of recording and tracking our dreams using a dream diary, we can more accurately remember and then interpret what our dreams mean as we start to understand them and ourselves better. Dream journaling on a regular basis can be hugely beneficial as a way to analyze our thoughts, emotions, and feelings, which can then be used to look for patterns in what we dream about and how they may relate to our current situation and the relationships with those around us. The main features of this dream journal notebook include: Prompts for each dream where you can track and record the date, your thoughts and emotions before sleep, the time you woke and the quality of sleep, details of the dream, the interpretation either from yourself, once you've looked it up or after a period of time and reflection, what type of dream you had, feelings upon awakening, and any further comments you need to add. The cover is a soft matte design of the night-time view of the sky with the moon and stars. A dream journal to write in,

it can be used for note taking when you wake to try and remember as much of your dream as you can, journaling your thoughts and feelings about your dreams and their possible meanings, and getting into the habit of tracking your dreams and interpretations and any recurring themes. This dream journal notebook is a great gift idea under \$10 / £10 for women, men, and kids to use as a logbook to remember and record the date and various details of each dream, analyze and have a full account to refer to in the future.
