*Binary Trading* - John Piper 2009-04-06

Over the last few years, the world of betting has changed dramatically thanks to the convergence of betting on sporting events and the trading of financial markets. A new type of betting has emerged which has become the fastest growing area of betting today - binary bets. John Piper's 'Binary Betting' is the definitive guide to getting started with binary betting. Now he has written a second book for more experienced traders that takes binary betting to a new level. 'Binary Trading' assumes that you already know the basics and will show you in detail how and why: - you need never use a stop again - you can get the market totally wrong and still make money - you can look forward to news items and trade them with impunity Whatever your current trading strategy, you should consider how binaries could fit into your trading plan and make you money. This detailed and comprehensive book from an experienced trader will tell you just that whilst giving an inside look at the exciting world of binary bets.

**Trading Binary Options** - Abe Cofnas 2011-11-07

An essential guide to the fast growing area of binary options Long the province of professional traders, binary options are now offered to retail investors through the North American Derivative Exchange (Nadex) and a growing group of online brokerages. Now, with this new book, author Abe Cofnas explains how independent traders and investors can use binary options to speculate on price movements and global events. The great appeal of binary options is that they are less complex than conventional options and provide a simple method to trade based on an opinion of where the market is headed over a certain period of time. Engaging and informative, this reliable guide reveals how binary options work, what are the best binary options trading strategies, and when to use them. Identifies the various markets in which binaries are available Offers insights on how binary options allow for opportunities to speculate on the direction of a market and receive a substantial payout Provides suggestions as to which markets provide the best liquidity and lowest trade execution expenses As the first book solely devoted to this topic, Binary Options will provide retail traders with an authoritative guide to trading this exciting new market.

*OPTIONS TRADING STRATEGIES* - Henry Living 2020-11-13

Are you searching for a crash course on how to establish passive income this year? Would you like a guide on how to trade stocks for a living and become a trader? Congratulations because you've come to the perfect place! Options trading are financial tools derived from underlying assets like bonds and stocks. They offer you a chance to buy an underlying security at a particular price and data. In short, options signify contracts, which enable you to buy and sell a specific value of an underlying asset at a particular cost. Every agreement states particular terms about the trade. Options trading could earn you massive profits if you invest in relatively small amounts of money, unlike buying shares directly. In this book, you will learn how to distribute your hard-earned money and capitalize it in options. You will find some risks involved while the profit margins are astronomical. Luckily, this book, *OPTIONS TRADING STRATEGIES*: the only guide on advanced day, swing and binary strategies you need to trade in stock market, start now your journey to become a professional trader , will teach you about the risks and strategies on how you can prevent them. Options offer you a dependable way of investing in stock trading. Here's a short overview of what you will get in this book: Options Trading Strategies and How To Choose The Best One Iron Condor

Strategy The Bear Call Spread Strategy Technical Indicators Fundamental Analysis Support And Resistance Knowing Your Markets Basic Options Strategies: Going Long ...And so much more! Options trading could be an excellent investment opportunity as long as you learn how options work and determine which strategy is going to be the perfect fit for you. Make sure you get this book today to help you get started. What are you waiting for? Click BUY NOW and begin your journey towards success!

**Options Trading** - Robert Stock 2020-10-28

Options trading is such a unique yet valuable way of making money in the stock market. While there are some risks involved in the trade, these are normally limited, giving you a chance to make some good money from the trade. Adequate market research and knowing when to make a move will help you succeed in options trading. Brokers can also assist too since they can help you trade before you master the business. Trading in options is a process. The more prepared you are, the better the experience. Of course, the starting point lies in to understand what options trading is. Options are an alternative strategy for Forex investors who do not wish to trade in underlying securities. The basics involve understanding how to purchase and sell calls and puts. This is what constitutes an options contract. With basic information at hand, you are now ready to attempt your first trade. The power of options lies in their versatility. However, this versatility comes with a cost. If not handled carefully, the trade becomes riskier than stock. That is why you will come across many disclaimers advising you to only engage in options trading using risk capital. This book plays a vital role in helping you appreciate the principle of decaying time and how it applies to options trading. Without understanding how this principle works, any trade that you carry out will be surrounded by diverse risks and uncertainties. While you can succeed in options trading without carrying out any technical analysis, it may be difficult for you to determine the duration, direction, and range of movement within the market. Since options are always subject to decay, any slight change in the values is very important. Understanding technical analysis indicators such as the RSI, IMI, and MFI can go a long way to ensure that you manage volatility, minimize risks, and close your trades with a profit. As a trader, you must always choose an indicator that complements your trading strategy and style. This book gives a comprehensive guide on the following: - Top Reasons to Trade Options - Ways to Trade - Covered Calls - A Step-By-Step Way to Sell Covered calls - Volatility - Technical Analysis - Vertical Call Spreads - Advanced Strategies and Techniques - Make Binary Options Trading Simple Through a Broker - Options Trading Risk Strategies - Top Mistakes made by New Traders - Tips for Success... AND MORE! Would You Like To Know More? Download now to start learning these new methods. Scroll to the top of the page and select the buy now button.

**Binary Options: 21 Must Read Rules to Win** - Mathew Tuward 2017-02-03

**Options Trading** - Mark Graham 2019-08-30

There are a lot of different investment opportunities that you can choose from. Some will entail more risk than others, but they can also entail higher profit potentials as well. But one option that many investors may not consider when they first get started in this market is options trading. This guidebook is going to take some time to explore options trading and how even a beginner can get started making money if they choose the right strategy. Some of the topics that we will discuss about options trading in this guidebook include: What is options trading? Working with the bull put spread strategy Working with the bear call spread strategy The importance of the butterfly and condor strategies. Working with both the long straddle and the long strangle. The bear put spread strategy Working with the bull call spread strategy The ratio spreads and how they work as a strategy. The best ways to reduce your risks when you are working with

options trading. Options trading is a great choice when it comes to investing your money. You will be able to earn unlimited profits without actually having to own the security outright. And this type of investment can work no matter what kind of market conditions are present with a stock. When you are ready to get started with options trading, make sure to check out this guidebook to help you out

**Options Trading** - David Reese 2019-09-17

Are you looking for a great way to generate monthly passive income with just a few hours of commitment? Or are you already an investor who would benefit from the huge value that options could add to your portfolio? Whether you are a professional or a beginner who is looking for the smartest ways to start making some extra money, Options Trading is something you should definitely consider. Options, notwithstanding that they have been around for over 40 years now, was initially keeping investors at bay due to the impression of being too demanding and difficult to comprehend and were considered 'risky' and 'dangerous'. However these were incorrectly associated with options by the media and other well-known people within the market and financial district. Yet in this day and age options are gradually grasping people's interests. In reality Options, if sensibly put into use, could provide investors with different correlating advantages. As it happens, an investor can get an option position interchangeable to a stock position, with the difference of having it at huge cost savings so you can considerably leverage your resources. Because they need less financial commitment, options in various situations are less risky than owning equities. This results due to their insusceptibility to the potentially chaotic effects of gap openings. So how does one take advantage of that and the other benefits involved in this approach? In this book you will find all you need to know about options to get a kick start in the right path, avoiding all the common mistakes newbies and investors usually make. David Reese, one of the most successful and experienced traders and consultants in the US market, will reveal the most profitable strategies and approaches from A to Z which he has been using till today to make astonishing profits through these amazing instruments. By the end of this book you will discover: What options are and practically how does they work Main concepts and terminology you need to know to get start What are the most powerful signal that you need to recognize for making your best move Best profitable strategies that you should use in different scenarios Most powerful Tools, Tips, Advice, that only an experienced professionals could know How to approach psychologically those investment towards success And much more... As you've probably already heard, Options still have a bad reputation for being risky investments in which only expert traders can understand. However with this easy step-by-step approach that the author wisely used to bring to life this amazing book, will be a piece of cake for anyone to deeply understand how those instruments work and start using them in a matter of weeks, no matter what kind of education work and age you have. As a matter of fact, Trading isn't something that you can learn in a classroom and doesn't require any specific degrees! So, stop fiddling about and wasting time, take action now and start following your dreams with one simple click of the BUY button, now!

**Binary Options** - Alex Nekritin 2012-12-17

The first comprehensive guide to trading a unique class of options to manage risk and make smarter bets during volatile trading Providing savvy market players with a way to react quickly to event-driven opportunities and trends, exchange traded binary options are a unique type of derivative instrument offering fixed risk and reward. Available on four asset classes—stock index futures, commodity futures, Spot Forex and economic data releases—they are distinctly different from regular put/call options in that their pay-out structure offers only two potential outcomes, or settlement values: 0 or 100. The first guide focussing exclusively on this fast-growing sector of the options market, Trading Binary Options examines the key differences between regular options trading and binary options trading and describes how binary trading is done. It also gives you the lowdown on the most successful binary trading strategies and how and when they should be deployed. Outlines a rigorous approach to trading directionally around specific events, such as an earnings release, a shift in currencies, or a release of economic data Provides the first comprehensive coverage of an increasingly popular but poorly understood trading instrument Offers in-depth discussions of the six characteristics that distinguish binaries from other options and that make them such an attractive vehicle for hedging risk and improving returns

**Stock Options Trading: A Beginner's Ultimate Guide to Investing and Making Profit. Learn All**

**Day Training Strategies** - Elder Graham 2021-02-18

☐ 55% OFF for Bookstores! NOW at \$ 26.97 instead of \$ 36.97! LAST DAYS! ☐ Are you ready to make millions while trading? There are numerous approaches to bring in your cash dynamic. The vast majority go towards traditional investing methods. However, the outcomes acquired by putting all your resources into conventional stocks are commonly very traditional and also conservative. Those hoping to exit with higher benefits or profits are probably going to profit by a more powerful trading technique. Obviously, there are a few different ways to negotiate, and some of them are new. In any case, perhaps the most ideal approaches to begin a business are by utilizing a standard strategy. At the end of the day, you need to look at the swing trading strategies. For many people, the right to choose is a complex tool for negotiation. However, the more you learn from it, the easier it is. With a wealth of experience, he realized that the instrument was one of the most flexible instruments in negotiations. However, for trading options to work properly, you must also understand the basics of stock selection, market cycle assessment, and investment strategy formulation. Since the option is very unstable, if you are not careful, you may lose all your investment immediately. This is why special training like this is needed before starting—many people who successfully trade options start with stock traders. If you are already trading stocks, because there are many similarities between the two, then you will be able to choose to trade comfortably. At present, you are already clear whether this is an investment you want to test. If you like it, decide what kind of marketer you want to become. It can be a daily trader, a long-term trader, or a short-term trader. As a daily trader, you will benefit from a few fast transactions. If you are interested in making a small profit, this option is useful for you. Otherwise, please consider long-term trading, which may take more than 30 days, but the profits are amazing. Finally, it is important to note that the shorter the trading time, the greater the pressure and risk involved. If you work all night, you may lose all your funds and ruin your account. Also, we are glad that you have learned a new way to make money from the financial market and understand all the functions and skills required to trade binary options successfully. Remember that without practice, the theory will never be effective. Therefore, if you must start, it is best to identify a trading platform and put the knowledge you have learned into practice. This book covers: Interpreting stock charts Strategies for Beginners Option Trading and Other Financial Instruments Choose the Right Market Volatility in the Markets Money Management ☐ 55% OFF for Bookstores! NOW at \$ 26.97 instead of \$ 36.97! LAST DAYS! ☐ Your Customers Never Stop to Use this awesome trading book! Buy it NOW and let your customers get addicted to this amazing book

**Trading Binary Options** - Abe Cofnas 2016-06-22

A clear and practical guide to using binary options to speculate, hedge, and trade Trading Binary Options is a strategic primer on effectively navigating this fast-growing segment. With clear explanations and a practical perspective, this authoritative guide shows you how binaries work, the strategies that bring out their strengths, how to integrate them into your current strategies, and much more. This updated second edition includes new coverage of Cantor-Fitzgerald binaries, New York Stock Exchange binaries, and how to use binaries to hedge trading, along with expert insight on the markets in which binaries are available. Independent traders and investors will find useful guidance on speculating on price movements or hedging their stock portfolios using these simple, less complex options with potentially substantial impact. Binary options provide either a fixed payout or nothing at all. While it sounds simple enough, using them effectively requires a more nuanced understanding of how, where, and why they work. This book provides the critical knowledge you need to utilize binary options to optimal effect. Learn hedging and trading strategies specific to binaries Choose the markets with best liquidity and lowest expenses Find the right broker for your particular binary options strategy Utilize binaries in conjunction with other strategies Popular in the over-the-counter market, binary options are frequently used to hedge or speculate on commodities, currencies, interest rates, and stock indices. They have become available to retail traders through the Chicago Board Options Exchange and the American Stock Exchange, as well as various online platforms, allowing you the opportunity to add yet another tool to your investing arsenal. Trading Binary Options is the essential resource for traders seeking clear guidance on these appealing options.

Trading Binary Options for Fun and Profit - José Manuel Moreira Batista 2013-10-24

Which one of the following two offers is more appealing to you? Making a 70% return on an easy to understand, short time investment; Joining a coin-tossing game in which when you loose you pay 1 euro and when you win you gain 70 cents. Most people take the first offer and stay away from the second one. And yet ... they are basically the same! Welcome to the wonderful dual world of Binary Options! You can play binary options merely for entertainment and have great fun. You might even win a lot of money, provided that you get lucky and do not stay long, just like in Vegas... Or, you can trade binary options for fun and profit. This is what this book is about: it is a practical step-by-step guide that shows you how to trade systematically, how to identify profitable trading strategies, and how to select and use a sound money management system. In short, how to have fun and make money! Trading Binary Options for Fun and Profit: A Guide for Speculators walks you through what you need to know and do to trade binary options profitably. Since this it is not a work of fiction you will not be shown the magic formula that will make you rich in the blink of an eye. Rather you will gain the fundamental knowledge and tools needed to become a successful trader. You will learn to develop your own strategies for trading binary options profitably. Actually, a lot of what is covered here is easily adaptable to other types of trading such as the stock and Forex markets and even to sports betting. That said you do not need to have any prior knowledge of binary options, trading or math. Just start reading at the beginning and proceed sequentially. All what you will need to know is clearly spelled out. If you happen to have previous knowledge of a topic you can proceed directly to the next one without losing context. However if you are in doubt it is better to read through. This book is fluff free so it won't waste your time. Trading Binary Options for Fun and Profit: A Guide for Speculators starts by defining what a binary option is and how it works, the main types of trades available and the criteria you may want to consider when selecting a binary options broker. Then it proceeds to explain why using trading strategies makes sense and where you can find ideas to create or adapt them. Ultimately you will want to know if your trading strategy makes money so it also shows you how to calculate the magic number that tells it all: its Expectancy. Since trading strategies are built upon technical

indicators a very brief overview of Technical Analysis follows and some very common indicators are presented. Next explains the MetaTrader platform and shows you how it can serve as your own cost-free research assistant and trading signal provider. It then goes over the details of developing and improving a trading strategy using Excel and Expert Advisors (no programming knowledge needed). Money Management comes next: you will get to know several systems and in the process learn how easy it is to do a Monte Carlo simulation to test them (or to test anything else). The book ends with an overview of the complete methodology and leaves you with some final trading suggestions. Finally, in the Appendixes you will find several resources that are made available for free to the buyers of this book: Six spreadsheets containing templates for the Martingale, Paroli, D'Alembert, Fibonacci, Percentage of Bankroll and Kelly money management systems; Examples of trading strategies that backtested with winning percentages above 60%; An Expert Advisor that pops-out an alert window and plays a sound on MetaTrader each time a new trade is opened.

*How To Make Serious Money With Binary Options* - Todd Williams 2014-11-08

\*Learn How To Be \$10,000 Richer Tomorrow.\*What if you could stay home AND make good money? Are you sick of driving to work every day, and hardly ever eating dinner with your family? This book includes the ways to make serious money with binary options. There are thousands of YouTube videos talking about binary options and how people have made tens of thousands of dollars each month - and most of them are scams and a waste of time. This book gets to the nitty gritty - the details you'll want to know. \*Here's A Preview Of What You'll Soon Find Out:- What You Need To Look Out For When Trading Binary Options- How To Successfully Trade Binary Options- The Confusing Terms (In Easy-To-Understand Language)- How To Spot A Scam- How To Manage Risks- The Advantages & Disadvantages To Binary Options- Secrets To Win- And Much, Much More!

*Trading Binary Options Strategy* - Alan Newton 2021-09-13

If you want to make money from trading without exposing yourself to unlimited losses, then keep reading... Are you looking to branch out from trading stocks or options? Do you prefer to know your potential profit or loss ahead of time, so there won't be any unpleasant surprises? Do you want to add some exciting and fast-paced trading to your day? Why don't you give binary options a try? All you need to figure out is whether a particular outcome will happen at a particular time or not. If you guess right, you get \$100. If not, you get nothing. Really simple, right? But wait, doesn't that sound like gambling? If you're going into it randomly and just taking your best guess at anything, then yes, it's a lot like gambling, and more often than not, you'll get it wrong. The real binary options traders-the ones who make consistent money from it-approach it differently. They're deliberate, patient and knowledgeable. They do their research, study the markets and use logic and reason, rather than emotion, in decision-making. If you want to be like them, you will have to begin with the fundamentals of binary options and build up from there. This guide to binary options trading gives you a great starting point by covering the basics, explaining the principles and methods, and providing you with the understanding you need to start trading. In Trading Binary Options Strategy, you will discover: A straightforward explanation about binary options and how to make money from trading them Why trading binary options can be a great starting point for new traders The diverse markets you can trade with binary options, including one that's not offered by any other trading instrument The lazy way to make winning trades without having to do any research or analysis What to watch out for when looking for a broker to protect yourself from shady scams Beginner-friendly trading strategies ranging from conservative to more aggressive methods What you should focus on achieving with each trade instead of an arbitrary dollar amount The #1 reason why binary options traders lose their money, and how you can avoid being one of them And much more. In trading, there's no such thing as a sure win. No matter how good you are at predicting outcomes, you're never going to get it right 100% of the time. But although you can't control price movements, there are things you can do to increase your chances of winning and reduce your risk. Don't go into something as risky as binary options without first getting the proper knowledge about it. Give yourself the best chance for success and start building your binary options foundation today. If you're looking to make a winning start in binary options trading, then scroll up and click the "Add to Cart" button right now.

**Mastering Options** - Philip Cooper 2022-12-01

Mastering Options: Effective and Profitable Strategies for Investors is essential reading for beginners to the world of options. It explains the essentials of option and hedging strategies that will empower you to earn attractive profits. Primarily aimed at undergraduates and retail investors, it opens the door to a world of unlimited profits with limited risk. In concise language, augmented by relevant graphics, the key trading tools available to investors using online option trading platforms, are explained in detail. Chapter by chapter, this book builds up a complete understanding of the essential building blocks of options investing, including covering key charting techniques using technical analysis tools. Here's what you learn from Mastering Options: The characteristics of an option. Types of options and common terms. The underlying principles of options investing. Insights into why you should invest in options. Option strategies that consistently make profits whilst managing risk exposure. Case studies illustrating each strategy. This book exposes the myth that investing in financial options is an impenetrable mystery.

Trading Triangles - John Piper 2012-12-05

In late 2012, the charts of USD/GBP, Gold, the FTSE, the DAX and the DOW are all exhibiting triangle patterns. Breakouts from these patterns are imminent, which presents an unprecedented trading opportunity for the technical analyst - if you know how to spot triangles and trade them. In 'Trading Triangles' John Piper explains how and why triangles form, shows you how to spot a triangle on a price chart, and most importantly how to trade these patterns for profit. There are potentially massive moves on the way in these markets. 'Trading Triangles' is your vital guide to keeping on top of these moves and putting yourself in place to profit.

**Iron Condor Options for Beginners** - Freeman Publications 2020-09-04

If You Are Afraid to Leave Your Money in the Markets Right Now... This simple, repeatable iron condor options strategy could make you \$1,000s extra every month from home, with your laptop or smartphone. And you want a low-risk way to "repair" some of the financial damage caused by the coronavirus crash... There's a unique situation in the market you can take advantage of today. Smart traders have been using this strategy for years to make thousands of dollars per week - with much less risk than buying stocks... and no matter what the market is doing... Legendary investor Warren Buffett - one of the most conservative investors in the world - uses this strategy too. That's one reason why conservative financial journal Barron's calls it: "One of the greatest strategies in existence..." Now, we know what you might be thinking: "Options are risky, right?" The simple answer is no. You see, options are one of the most misunderstood investments

in the world. Most folks buy options for risky speculations. You can lose your shirt that way, and fast... especially if you don't know what you're doing. But the way we do it, you sell options. And when you do that, you can make great gains without needing to guess which direction a stock is going. Gains like... SPY - \$360 from a single trade Disney - \$440 from a single trade Netflix - \$1,220 from a single trade Here is just a fraction of what you'll discover inside this book: The "instant cash" options strategy which immediately deposits money into your trading account- Page 33 10 effective ways to master the mental side of trading - Page 112 The 5 best low-commission brokers for beginner options traders - Page 88 Trade options like Warren Buffett? The world's greatest investor has used this specific strategy to make \$4.9 Billion over the past decade - Page 17 3 live Iron Condor trades with different adjustments strategies for each one. Many traders struggle with adjustments, so we show you different "in the trenches" examples on real trades - Page 81 How to avoid overadjusting your trades. An extensive backtest reveals the surprisingly simple strategy which you can use to automate your profits - Page 73 A simple formula for accurately calculating your potential ROI from each trade - Page 70 The binary trap: Why you should never use an iron condor to trade earnings - Page 55 3 "non-negotiable" trading rules. Adhere to these and you will be ahead of 90% of amateur traders - Page 105 Should you trade SPY or SPX? The surprising answer is on Page 60 We tested 71,417 trades and found the best VIX level to enter your trades at - Page 54 ...plus \$135 worth of free bonus material inside! You don't need to have any experience to profit. Nor do you need to monitor the markets 24/7. This is the perfect strategy to use in your spare time. Because you can make extra income with just 1-2 trades per month. And contrary to what many folks believe, becoming a "master" doesn't have to take years and thousands of hours of study. If you have a small account, this is one of the few ways you can turn it into a BIG account, with large, consistent income streams. Once you master the fundamental secrets of the options market, someday soon you could treat your family to a vacation... upgrade the house... or buy that sports car you've had your eye on. Even if you've never traded options before, everything inside is written in plain English, with clear definitions for everything. With real examples for all the concepts inside. So to get a head start on making consistent profits in the options market today, scroll up and click "add to cart"

Chapter 6: Discusses the successful trader's mindset. It is the right mindset if you want to make continuous profits with options trading.

*The Binary Secret* - Helmut Strauss 2015

Dear reader, I am very happy that you have found your way to 'The binary secret'. First, I would like to briefly introduce myself: My name is Helmut Strauss, I am in my early forties, happily married, and have two children. We live in a small town in Germany. I am not a financial expert, nor am I a financial service provider. I am a carpenter by trade, and run my own shop. With this shop, I have fulfilled a dream of mine. In the past, I gladly let my hard-earned money work for me in the financial sector. Unfortunately, like almost everybody, the financial crisis hit me pretty hard back in 2008. This is why, after the collapse, I initially switched over to other investment opportunities, which were only partially tied to the financial sector. But among those products, I didn't find anything suitable for me either; not something I could stand behind 100%. That's why I invested all of my money into my shop, and grew it into a small, thriving enterprise. My wife takes care of customer relations, while I immerse myself in my carpentry work. As we

all know, life writes its own story, and so it happened, that a customer of mine told me about the subject of binary options. The idea of enabling somebody to trade stocks, currencies, indices and commodities in a simple manner fascinated me more and more. I started making inquiries, research the legalities, and began involving my wife. Suddenly, the desire grew in me to try my hand at trading with binary options. Now, I wanted to trade myself. My wife doesn't know a thing about the financial sector, and has refused to busy herself with it for as long as I've known her. Therefore I expected it to be difficult to convince her to approve of my wish. But after an evening at a friend's house, during which our host expressed a keen interest in the subject, she too started pricking her ears. We talked about the subject, she listened attentively, and the idea to publish an e-book about the subject of binary options was born. My sister worked as an editor at a publishing house at the time, so the idea of using her experience and contacts was self-evident. My order books were full and I was in the middle of production for a few dozen customers. But after I had showed my two women everything, and had explained to them the concept of 'Binary Options', they were also on fire and were ecstatic about the idea to give everyone the chance to participate in the trading of stocks, currencies, indices and commodities. And that without risk, and with only small financial exposure. A market, which until recently was reserved exclusively for the wealthy, was now accessible for practically everybody! Hence it was clear to us that this e-book had the highest priority over everything else. Our family is very social-minded and we like to help people. This mind-set is reflected in the 'Concept of Brokerage Houses'; this is why it fits perfectly into our life and our day-to-day business. After a long and very intense test phase, in which I thoroughly investigated several portals, I can now with a clear conscience depict my findings in this book. For a few weeks, I made it my full-time job to research binary options. I sacrificed my complete annual vacation! During that time, I talked with many people from that sector, combed through forums and watched instructional videos. I tested trading on various platforms, and got my own picture of this wonderful new market. After all these weeks I am increasingly enthusiastic about the subject of binary options and now can't wait to share my experiences with you. I have tried to make the specific terminology of the market comprehensible as much as possible, because unfortunately the financial sector has its own language, and to make the subject accessible to you, where possible, in an entertaining and vivid manner. I have also dealt with the subject of auto-binary options, a simple way to trade without any previous knowledge. Have fun reading! Helmut Strauss This ebook was realised with the friendly assistance of: Autobinary: <http://bunitd.com/?b=8&id=106769&m=576> Cedar Finance: <http://bunitd.com/?b=8&id=106769&m=849> Regal Option: <http://bunitd.com/?b=11&id=106769&m=599> 24 Option: <http://option.go2jump.org/SHkMR>
