Cold Calling for Chickens - Bob Etherington 2018-02-15

Cold calling - making contact with strangers - is the biggest fear confronting businesspeople, especially those who work in sales and marketing. "Put me in front of a customer and I can persuade them to buy anything ... just don't ask me to cold call!" Yet cold calling is unavoidable and something which has to be done (and not just in sales and marketing) if you are to sell and make people aware of your business. This book, based on a very successful course given to thousands of people, shows the art and science of making first contact with complete strangers. The secret is in the preparation and approach, rather than having the gift of the gab, that will enable even yellow-bellied chickens to make that call with confidence. 10 reasons you must buy this book and start winning new customers tomorrow! 1. It is written by somebody who does it successfully every week. 2. Cold calling is fun, and much, much easier than you think. 3. Cold calling is 10 times more effective and less costly than "networking parties," website promotion or advertising. 4. 95% of your competitors are too scared to do it. That means there's a lot of business out there waiting for you. 5. The only people who tell you that cold calling doesn't work are those too scared to do it themselves. 6. You actually overcome your fear by becoming an even bigger "chicken." 7. "No's" are not bad things. Go for more "no's." Two is not enough - success usually comes on the sixth attempt. 8. Seven simple questions will usually get you to a "yes." 9. The 5% of sellers who do it properly are taking 85% of the new business in your market. By using the material in this book you will make sure you join the few. 10. "Build a better mousetrap and the world will beat a path to your door"? The biggest lie in business! Your market is now too crowded with businesses that look just like yours (however much you kid yourself). So if not cold calling, how are you going to find new customers? [Facsimile reprint edition]

The Basics Of Telemarketing Cold Calls - Hayden Glymph 2021-08-09

Telemarketing is different from telesales. The latter is about trying to open and close business over the phone. Telemarketing, on the other hand, is all about trying to create opportunities. It can be used for market research (polling the opinion of decision makers) or it can be used simply to collect accurate information to employ other marketing techniques (such as finding out the decision maker's name and e-mail address in order to target e-mail marketing). This book will guide you

through the ins and outs of overcoming your fear of telemarketing and cold calling, and help you to design your own professional sounding scripts. It covers off how to respond to certain situations and especially how to deal with belligerent gatekeepers and provides you with several proven scripts and lines you can use or adapt for your own uses. Anyone considering entering the telemarketing profession, or any sales people tasked with regular cold call prospecting to create their own leads and opportunities should get hold of a copy of this book.

Power Phone Scripts - Mike Brooks 2017-06-26

Start closing sales like top producers! Have you ever found yourself at a loss for what to say when the gatekeeper asks you what your call is about? Have your palms ever sweated when the decision maker shuts you down with: "I wouldn't be interested"? Has your heart taken a fast dive into your stomach when, at the start of your presentation, your prospect tells you that they've thought about it and are just going to pass? If you're in sales, then the question isn't "Have you ever felt this way?", but rather, "How often do you feel this way? Are you finally ready to learn how to confidently and effectively overcome these objections, stalls, and blow-offs? If so, *Power Phone Scripts* was written for you! Unlike other books on sales that tell you what you should do (like build value - hard to do when the prospect is hanging up on you!), *Power Phone Scripts* provides word-for-word scripts, phrases, questions, and comebacks that you can use on your very next call. Learn to overcome resistance, get through to the decision maker, and then, once you have him or her on the phone, make an instant connection and earn the right to have a meaningful conversation. You'll be equipped with proven questions, conversation starters, and techniques to learn whether or not they are even right for your product or service, and, if they aren't, who else in their company or another department might be. *Power Phone Scripts* is the sales manual you've been looking for: over 500 proven, current, and non-salesy phrases, rebuttals, questions, and conversation openers that will instantly make you sound more confident - just like the top producing sales pros do right now. Gone will be your call reluctance; gone will be your fear of calling prospects back for presentations and demos; gone will be the fear of asking for the sale at the end of your pitch! This practical guide is filled with effective scripts for prospecting, emailing, voice mails, closes, and tons of rebuttals to recurring objections you get like: "It costs too much" "We already have a vendor for that" "I'm going to need to think about it" "I need to talk to the boss or committee" and so many others... More than just phone scripts, this book provides practical, comprehensive guidance that every inside sales rep needs.
