The Child Is the Teacher - Cristina De Stefano
2022-03-08

A fresh, comprehensive biography of the pioneering educator and activist who changed the way we look at children's minds, from the author of Oriana Fallaci. Born in 1870 in

Chiaravalle, Italy, Maria Montessori would grow up to embody almost every trait men of her era detested in the fairer sex. She was self-confident, strong-willed, and had a fiery temper at a time when women were supposed to be soft and pliable. She studied until she became a doctor at a time when female graduates in Italy provoked outright scandal. She never wanted to marry or have children—the accepted destiny for all women of her milieu in late nineteenth-century bourgeois Rome—and when she became pregnant by a colleague of hers, she gave up her son to continue pursuing her career. At around age thirty, Montessori was struck by the condition of children in the slums of Rome’s San Lorenzo neighborhood, and realized what she wanted to do with her life: change the school, and therefore the world, through a new approach to the child’s mind. In spite of the resistance she faced from all sides—scientists accused her of being too mystical, and the clergy of being too scientific, traditionalists of giving

children too much freedom, and anarchists of giving them too much structure—she would garner acclaim and establish the influential Montessori method, which is now practiced throughout the world. A thorough, nuanced portrait of this often controversial woman, *The Child Is the Teacher* offers an unbiased perspective from an author who is not a member of the Montessori movement, but who has been granted access to original letters, diaries, notes, and texts written by Montessori herself, including an array of previously unpublished material.

How to Live Like the Little Prince - Stéphane Garnier 2022-03-29
Full of insight, inspiration, and gentle

compassion for our complicated modern lives, HOW TO LIVE LIKE THE LITTLE PRINCE captures the brilliance and wisdom of Antoine de Saint-Exupery's beloved tale. Few books have been as universally cherished as Antione de Saint-Exupery's THE LITTLE PRINCE. First published in 1943 and now one of the bestselling books of all time, the haunting, lyrical fable explores the meaning of life through a young boy who travels the universe in search of happiness. In HOW TO LIVE LIKE THE LITTLE PRINCE, Stephane Garnier revisits Saint-Exupery's story with a fresh, contemporary eye, urging us - as the Little Prince did - to preserve our childlike wonder by slowing down, dreaming big, and showing humble kindness to our planet and one another. Featuring the iconic original illustrations from THE LITTLE PRINCE alongside memorable quotations and thought-provoking ideas about how we can apply St. Exupery's philosophies to the increasingly complex demands of modern life, Garnier offers

a stirring guide to rediscovering what matters most - at any age.

Pinocchio, Puppets, and Modernity - Katia Pizzi
2011-10-25

This study assesses the significance of Pinocchio in the twentieth and twenty-first centuries in addition to his status as the creature of a nineteenth century traversed by a cultural enthusiasm for dummies, puppets, and marionettes. This collection identifies him as a figure characterized by a 'fluid identity,' informed with transition, difference, *joie de vivre*, otherness, displacement, and metamorphosis, making Pinocchio a truly modern, indeed postmodern and posthuman, cultural icon. *Pinocchio, Puppets and Modernity* explores this crucial and as yet little visited field, reassessing Pinocchio's genealogy and progeny, as well as illuminating both the wider context and more specific cultural manifestations of the mechanical-human interface in the domains of theatre, the fine arts, literature, radio, and even

virtual reality coherently with the digital metamorphosis of our times. The wide-ranging scope of this exploration encompasses Italian, French, and English literature, dummies and marionettes in modernist and contemporary theatre, the fairytale tradition, and traditional and contemporary painting, as well as the older and newer media of radio, television, cinema, and the Internet. The diverse, comparative, and multimedia focus of this original discussion testifies to the enduring transcultural legacy of Pinocchio. Eminently sellable as a traditional cultural icon, Pinocchio is equally impactful and relevant for a globalized, multicultural, and virtual society, from Collodi to Disney and beyond. Katia Pizzi is Senior Lecturer in Italian at the Institute of Germanic & Romance Studies, School of Advanced Study, University of London. She has published volumes on cultural identities, including *A City in Search of an Author* (2001) and *The Cultural Identities of European Cities* (2010), and on children's literature and

illustration.

Ways of Being Alive - Baptiste Morizot

2022-05-02

The ecological crisis is a very real crisis for the many species that face extinction but it is also a crisis of sensibility – that is, a crisis in our relationships with other living beings. We have grown accustomed to treating other living beings as the material backdrop for the drama of human life: the animal world is regarded as part of ‘nature’, juxtaposed to the world of human beings who pursue their aims independently of other species. Baptiste Morizot argues that the time has come for us to jettison this nature–human dualism and re-think our relationships with other living beings. Animals are not part of a separate, natural world: they are cohabitants of the Earth, with whom we

share a common ancestry, the enigma of being alive, and the responsibility of living decent lives together. By accepting our identity as living beings and reconnecting with our own animal nature, we can begin to change our relationships with other animals, seeing them not as inferior life-forms but as living creatures who have different ways of being alive. This powerful plea for a new understanding of our relationships with other animals will be of great interest to anyone concerned about the ecological crisis and the future of different species, including our own.

The Lonely Hearts Hotel - Heather O'Neill
2017-02-07

NAMED A BEST BOOK OF 2017 BY THE BOSTON GLOBE AND THE SAN FRANCISCO CHRONICLE "So filled with vivid descriptions and complex characters that the reader's experience is virtually cinematic. . . Utterly compelling." - The Washington Post From the author of *When We Lost Our Heads*, a spellbinding story about two gifted orphans - in love with each other since they can remember - whose childhood talents allow them to rewrite their future. *The Lonely Hearts Hotel* is a love story with the power of legend. An unparalleled tale of charismatic pianos, invisible dance partners, radicalized chorus girls, drug-addicted musicians, brooding clowns, and an underworld whose economy hinges on the price of a kiss. In a landscape like this, it takes great creative gifts to thwart one's origins. It might also take true

love. Two babies are abandoned in a Montreal orphanage in the winter of 1914. Before long, their talents emerge: Pierrot is a piano prodigy; Rose lights up even the dreariest room with her dancing and comedy. As they travel around the city performing clown routines, the children fall in love with each other and dream up a plan for the most extraordinary and seductive circus show the world has ever seen. Separated as teenagers, sent off to work as servants during the Great Depression, both descend into the city's underworld, dabbling in sex, drugs and theft in order to survive. But when Rose and Pierrot finally reunite beneath the snowflakes - after years of searching and desperate poverty - the possibilities of their childhood dreams are renewed, and they'll go to extreme lengths to make them come true. Soon, Rose, Pierrot and their troupe of clowns and chorus girls have hit New York, commanding the stage as well as the alleys, and neither the theater nor the underworld will ever look the same. With her

musical language and extravagantly realized world, Heather O'Neill enchants us with a novel so magical there is no escaping its spell.

Meanwhile, Gon is set on getting revenge on Genthru no matter what the cost--including his own body parts! Afterwards a strange event is triggered due to Gon having 99 cards--it's a multiple-choice quiz! But just what is the quiz about, and more importantly what can the prize

possibly be?!

Le parole - Jean-Paul Sartre 2020-07-23

Cresciuto in una famiglia borghese che tra i suoi membri vantava intellettuali, professori e pastori luterani, figlio unico adorato e coccolato, molto presto Jean-Paul Sartre, nella grande biblioteca di casa, scoprì la letteratura. Ripercorrendo la sua infanzia e giocando con la memoria, Sartre ci parla delle prime letture, dei suoi quaderni di racconti, dei trionfi infantili e di quelli dell'adolescenza, facendoci ritrovare nella sua storia la storia di un'epoca. Sartre ricorda quando nello studio del nonno materno, steso su un tappeto, intraprendeva meravigliosi viaggi attraverso i libri, alla scoperta di cieli costellati di parole incomprensibili, che gli resistevano come fossero scrigni colmi di segreti. Parole ricche, da soppesare, di cui bisognava decidere il senso. Ma anche parole profetiche, salvifiche, che davano forma al mondo e che, rimbombo dopo rimbombo, scalfitura dopo scalfitura, hanno originato l'universo teorico e letterario di

Sartre, il cosmo che tanta parte del nostro immaginario novecentesco ha plasmato. È stato così che Sartre ha preso a scrivere, a partire da quelle parole, perché le riteneva sublimazione della realtà: parole con cui al tempo stesso afferrare e creare le cose, catturarle vive nella trappola delle frasi e restituirle al senso che altrimenti non avrebbero avuto. Scrivere era il tentativo di nominare e realizzare l'indicibile nulla, di ancorare il mondo ai sogni, di strappare la vita al caso. Le parole è un capolavoro di autoanalisi, il testamento di un genio perseverante, l'interpretazione retrospettiva del proprio passato, il tempo ritrovato dell'infanzia nell'autoritratto della maturità. Non il racconto di un'infanzia straordinaria, ma la straordinaria fantasia sull'infanzia di un uomo che lavorava sulle parole fino a quando queste non riflettevano esattamente i suoi pensieri. A testimoniare che la vita stessa è un ultimo atto di creazione, Sartre ritrova le motivazioni che l'hanno portato a diventare scrittore e, insieme,

il significato profondo della letteratura.

I Am Learning to Read - American Sunday-School Union 1841

La stirpe di Topolino - Domenico Misciagna
2015-02-11

"La stirpe di Topolino" si propone come uno strumento per orientarsi nel modo più completo possibile, senza riassunti, in oltre novant'anni di animazione Disney. Come in un libro di storia, ognuno dei venti capitoli è dedicato a un periodo i cui lavori sono accomunati da realtà artistiche e produttive. L'opera è completata da: veloci schemi di ricapitolazione al termine di ogni sezione; filmografie complete divise per cortometraggi, lungometraggi e serie tv; un "percorso rapido" per chi non ha tempo di addentrarsi nell'oceano cartoon Disney, con una selezione personale di lavori che identificano ogni epoca; un'appendice dedicata alle edizioni italiane delle produzioni animate disneyane.

Everyone Is an Influencer - Kelly Keenan
2020-09-08

A stunning expose into the world of fake influencers and a guide to what it really takes to identify, become and work with real influencers who actually shape opinions and persuade millions through a combination of powerful stories and charismatic authenticity. The right story for your business, is the real story - and it needs to be powered by real people. Brand story expert Kelly Keenan demolishes the failure of fake influencers and flat, lifeless, who-cares brand stories with a proven approach for creating authentic and inspiring brand celebrations that inspire employees, friends, and followers to enthusiastically participate as influencers for your business and brand. For over a decade, Keenan and his team have used these strategies to help companies and nonprofits to transform their business and culture, achieving remarkable results. Now his proprietary strategies are laid out in step by step

fashion, packed with real-life examples, tips and takeaways that any leader can put to use immediately.

Manufacturing Happy Citizens - Edgar
Cabanas 2019-09-03

The imperative of happiness dictates the conduct and direction of our lives. There is no escape

from the tyranny of positivity. But is happiness the supreme good that all of us should pursue? So says a new breed of so-called happiness experts, with positive psychologists, happiness economists and self-development gurus at the forefront. With the support of influential institutions and multinational corporations, these self-proclaimed experts now tell us what governmental policies to apply, what educational interventions to make and what changes we must undertake in order to lead more successful, more meaningful and healthier lives. With a healthy scepticism, this book documents the powerful social impact of the science and industry of happiness, arguing that the neoliberal alliance between psychologists, economists and self-development gurus has given rise to a new and oppressive form of government and control in which happiness has been woven into the very fabric of power.
