Checkout 19 - Claire-Louise Bennett

2022-03-01

“Bennett writes like no one else. She is a rare talent, and Checkout 19 is a masterful novel.”
-Karl Ove Knausgaard Named a most anticipated book of 2022 by Vulture, Glamour, Bustle, and Lit Hub From the author of the “dazzling. . . . and daring” Pond (O magazine), the adventures of a young woman discovering her own genius, through the people she meets—and dreams up—along the way. In a working-class town in a county west of London, a schoolgirl scribbles stories in the back pages of her exercise book, intoxicated by the first sparks of her imagination. As she grows, everything and everyone she encounters become fuel for a burning talent. The large Russian man in the ancient maroon car who careens around the grocery store where she works as a checkout clerk, and slips her a copy of Beyond Good and Evil. The growing heaps of other books in which she loses—and finds—herself. Even the derailing of a friendship, in a devastating violation. The thrill of learning to conjure characters and scenarios in her head is matched by the exhilaration of forging her own way in the world, the two kinds of ingenuity kindling to a brilliant conflagration. Exceeding the extraordinary promise of Bennett’s mold-shattering debut, Checkout 19 is a radical affirmation of the power of the imagination and the magic escape those who master it open to us all.

Checkout 19 - Claire-Louise Bennett

2021-09-02

Checkout 19 is a deeply felt, original and devastatingly moving novel from the astonishingly accomplished author of Pond. It follows a young woman who finds herself in love, in conflict with life and death, and in a life made of books, where the act of turning the page is a way of carrying on living. Fearlessly inventive in its form, merging linguistic ingenuity and a searing emotional depth, this book explores class, the notion of freedom, adolescence, transcendence, sexual politics and artistic synthesis. Bennett’s singular prose ensnares the reader from the off and surprises them at every turn.

Credo for the Checkout Line in Winter: Poems - Maryann Corbett 2013-09-30

Maryann Corbett’s second full-length collection, Credo for the Checkout Line in Winter, draws on profound experience of deep winter in the lived environment, while keeping alive faith that the thaw will come and bring with it the bloom of “uncountable rows of petals.” The themes of this finalist for the 2011 Able Muse Book Award range from the quotidian to the metaphysical. Corbett’s keen eye brings to focus uncommon detail. Her masterful technical repertoire spans received forms, metrical inventiveness, and free verse. This is poetry that amply rewards the reader with its boundless imagination, insight and visionary delight. PRAISE FOR CREDO FOR THE CHECKOUT LINE IN WINTER: The crafted poems in Maryann Corbett’s new book are vibrant. She is a newborn Robert Frost, with a wicked eye for contemporary life. Each poem

surprises. Read her poems and feel the howling snow, the mud, and the jubilation of the first warm fertile spring days. —Willis Barnstone
 What makes Maryann Corbett such a rare, excellent writer must be her talent for weaving together various artistic impulses, so that her poems often sound both traditional and brand new, both humorous and serious, both worldly-wise and, as John Keats once put it, “capable of being in uncertainties.” [She] remains a poet of the first order, and her poems are cause for gratitude, and deep enjoyment. —Peter Campion (from the foreword) Corbett is as comfortable and affecting within the tight confines of the Old English alliterative meter (“Cold Case”) and the Sapphic stanza (“Paint Store”) as she is with her supple blank verse and terza rima. Yet never does her rigorous craft interfere with the thoughtful, insightful content of these poems. A stunning collection, from one of America’s most gifted contemporary poets. —Marilyn L. Taylor
 Do not dismiss this collection as “domestic poetry,” “women’s verse.” Though grounded in seasonal rhythms and familiar settings, it is as vigorous, as reflective, as important as any man’s. Sharply visual, skillfully and cleverly crafted, her poems draw out essences, “concentrated” and persisting. “Beauty changes us,/ calling up wonder from our deepest selves/ to its right place.” —Catharine Savage Brosman
 These masterful poems announce themselves as winter pieces, and indeed they are so full of sleet and snow that readers may wish to dress warmly. But Corbett’s winter, a season when “dull forms come in the mail” and we eat “tasteless, stone-hard, gassed tomatoes,” is always lushly haunted by the other seasons, the way a house in one of her poems is fronted by a “three-season porch.” Corbett is one of the best-kept secrets of American poetry, and this is one of the best new collections I’ve read in years. —Geoffrey Brock

A dead ballplayer means foul play in Salem . . . Field reporter Lee Barrett is not happy that her hours are being cut back at WICH-TV, although it is nice to spend more time volunteering with Aunt Ibbby, a research librarian at Salem's main branch. But Lee's least favorite task is going up to the stacks, a spooky, seldom-frequented upper section of the library. On this day she has good reason to be afraid--she finds a dead man, surrounded by hundreds of scattered books and torn-out pages. Her police detective beau, Pete Mondello, is soon on the scene, and the deceased is identified as a former minor league baseball player--and ex-con--named Wee Willie Wallace, who hasn't been seen in Salem for twenty years. With help from her friend River's Tarot reading, her clairvoyant cat O'Ryan, and Lee's own psychic gifts, she steps up to the plate to catch the killer who took the old ballplayer out of the game . . . Revolution at the Checkout Counter - Stephen Allen Brown 1997

The Universal Product Code (U.P.C.) is now so commonplace that few pause to notice or to ponder it. The small rectangle of black and white bars that embodies the U.P.C. adorns virtually every item we purchase in the supermarket, discount store, or shopping mall - and we take it for granted. Yet twenty-five years ago, the U.P.C. was no more than an idea shared by a small cadre of manufacturing and chain store executives. Here Stephen A. Brown, the legal counsel of those pioneering executives, traces the origin and development of the U.P.C. The sheer success of the Code should make this account of interest to those who would understand the dynamic of technology and business. The development of the U.P.C. illustrates the process of setting industry standards without government intervention and shows how systems of complementary technologies evolve.

On Some Questionable Arguments about Quantifiers and Negation - Ray Jackendoff 1970

Arguments are presented for the hypothesis that quantifiers such as 'all' and 'each' do not originate in the noun phrases in which they occur on the surface, but rather that they are represented in deep structure as main verbs of higher sentences. (Author).

A Better Library Checkout - Amber Lovett 2019-01-01

How could a smarter library checkout system make life easier for the kids and librarian in your school? Great inventors use a process called design thinking to help them identify problems, big and small, and create solutions for them. This book introduces readers to design thinking and asks them to look at their library's checkout system (the pros and cons of it) in a specific way to figure out how to improve it. Design thinking fosters innovation, creativity, and even empathy-essential learning for students. Book includes

table of contents, glossary of key words, index, author biography, sidebars, infographics, and instructions.

Cashing in at the Checkout - Susan J. Samtur 1980

Abstract: A new shopping technique called "supershopping" which systematizes couponing and refunding to maximize savings and collect cash and free gifts is discussed. The smart shopper should always make a list and stick to it, check for sales, be cautious about promoted bargains, and compare prices. Coupon power is achieved by scanning newspapers, magazines and specially marked packages, and then arranging them for easy reference. However, refunding is the heart of the supershopping system; refund coupons should be obtained, and consumers should keep almost every part of a package that may be requested as proof of purchase (box tops, cap liners, front panels, etc.). Shoppers should join or form couponing

clubs and subscribe to refunding newsletters, and they should also watch out for perfectly usable but nonfood free gifts offers, such as t-shirts and toys.
