The Curate's Awakening, The Lady's Confession & The Baron's Apprenticeship (Complete Trilogy) - George MacDonald 2017-07-04 "Thomas Wingfold, Curate or The Curate's Awakening" is the first novel of the series that begins with the story of a compliant and lifeless curate

in the Church of England and the profound changes that happen in his life and the people around him. Thomas Wingfold is a clergyman who is losing belief in the faith, but he goes through many transformations as the story unfolds. "Paul Faber, Surgeon or The Lady's Confession" is the sequel to *The Curate's Awakening* and it tells the story of a village doctor and a proven atheist. His friend and village curate, Thomas Wingfold is trying to bring him closer to the Church, but constantly ends up failing in those attempts. Doctor believes that only victories and tragedies of life can bring one to Jesus. However, after one accident, Faber saves life of a beautiful woman and they fall in love, but her secret past comes in between. "There and Back or The Baron's Apprenticeship" is the third and final novel that completes the series. Another story about finding faith in God follows a life-changing journey of Baron Richard from skeptical atheist to a true believer. The main character sets quite an example of manhood for young people. George MacDonald (1824-1905) was a Scottish author, poet, and Christian minister. He was a pioneering figure in the field of fantasy literature and the mentor of fellow writer Lewis Carroll. His writings have been cited as a major literary influence by many notable authors including W. H. Auden, C. S. Lewis, J. R. R. Tolkien, Walter de la Mare, E. Nesbit and Madeleine L'Engle.

In the Devil's Garden - Stewart Lee Allen 2007-12-18

Deliciously organized by the Seven Deadly Sins, here is a scintillating history of forbidden foods through the ages—and how these mouth-watering taboos have defined cultures around the world. From the lusciously tempting fruit in the Garden of Eden to the divine foie gras, Stewart Lee Allen engagingly illustrates that when a pleasure as primal as eating is criminalized, there is often an astonishing tale to tell. Among the foods thought to encourage Lust, the love apple (now known as the tomato) was thought to possess demonic spirits until the nineteenth

century. The Gluttony “course” invites the reader to an ancient Roman dinner party where nearly every dish served—from poppy-cruste rodents to “Trojan Pork”—was considered a crime against the state. While the vice known as Sloth introduces the sad story of “The Lazy Root” (the potato), whose popularity in Ireland led British moralists to claim that the Great Famine was God’s way of punishing the Irish for eating a food that bred degeneracy and idleness. Filled with incredible food history and the author’s travels to many of these exotic locales, *In the Devil’s Garden* also features recipes like the matzo-ball stews outlawed by the Spanish Inquisition and the forbidden “chocolate champagnes” of the Aztecs. This is truly a delectable book that will be consumed by food lovers, culinary historians, amateur anthropologists, and armchair travelers alike. Bon appétit!
