Doctor Who: Shada - Gareth Roberts 2012-06-26
From the unique mind of Douglas Adams, legendary author of *The Hitchhiker's Guide to the Galaxy*, comes *Shada*, a story scripted for the television series *Doctor Who* but never produced—and now transformed into an original novel. A little knowledge is a dangerous thing. Imagine how dangerous a LOT of knowledge

is... The Doctor's old friend and fellow Time Lord, Professor Chronotis, has retired to Cambridge University, where among the other doddering old professors nobody will notice if he lives for centuries. He took with him a few little souvenirs—harmless things really. But among them, carelessly, he took *The Worshipful and Ancient Law of Gallifrey*. Even more carelessly,

he has loaned this immensely powerful book to clueless graduate student Chris Parsons, who intends to use it to impress girls. The *Worshipful and Ancient Law* is among the most dangerous artifacts in the universe; it cannot be allowed to fall into the wrong hands. The hands of the sinister Skagra are unquestionably the wrongest ones possible. Skagra is a sadist and an egomaniac bent on universal domination. Having misguessed the state of fashion on Earth, he also wears terrible platform shoes. He is on his way to Cambridge. He wants the book. And he wants the Doctor...

Canary in the Coal Mine - Dr. William Cooke 2021-06-22
One doctor's courageous fight

to save a small town from a silent epidemic that threatened the community's future—and exposed a national health crisis. When Dr. Will Cooke, an idealistic young physician just out of medical training, set up practice in the small rural community of Austin, Indiana, he had no idea that much of the town was being torn apart by poverty, addiction, and life-threatening illnesses. But he soon found himself at the crossroads of two unprecedented health-care disasters: a national opioid epidemic and the worst drug-fueled HIV outbreak ever seen in rural America. Confronted with Austin's hidden secrets, Dr. Cooke decided he had to do something about them. In taking up the fight for Austin's people, however, he would have to battle some unanticipated foes: prejudice, political resistance, an entrenched bureaucracy—and the dark despair that threatened to overwhelm his own soul. *Canary in the Coal Mine* is a gripping account of the transformation of a man

Doctor Who: At Childhood's End - Sophie Aldred

2020-02-06

Past or future, which path do you choose? Past, present and future collide as the Thirteenth Doctor meets classic Doctor Who companion Ace - in the first epic novel from the woman who played her, Sophie Aldred. Once, a girl called Ace travelled the universe with the Doctor - until, in the wake of a terrible tragedy they parted company. Decades later, she is known as Dorothy McShane, the reclusive millionaire philanthropist who heads global organisation A Charitable Earth. And Dorothy is haunted by terrible nightmares, vivid dreams that begin just as scores of young runaways are vanishing from the dark alleyways of London. Could the disappearances be linked to sightings of sinister

creatures lurking in the city shadows? Why has an alien satellite entered a secret orbit around the Moon?

Investigating the satellite with Ryan, Graham and Yaz, the Doctor is thrown together with Ace once more. Together they must unravel a malevolent plot that will cost thousands of lives. But can the Doctor atone for her past incarnation's behaviour - and how much must Ace sacrifice to win victory not only for herself, but for the Earth?

Civil War Doctor - Carla Jinson 2007

Profiles the woman who earned a medical degree and volunteered her services during the Civil War, earning her a Medal of Honor and helping her crusade for women's rights.

A Critical History of Doctor Who on Television - John Kenneth Muir
2015-09-15

Since its inception in November 1963, the British science fiction television series Doctor Who has exerted an enormous impact on the world of science fiction (over 1,500 books have been written about the show). The series follows the adventures of a mysterious "Time Lord" from the distant planet Gallifrey who travels through time and space to fight evil and injustice. Along the way, he has visited Rome under the rule of Nero, played backgammon with Kublai Khan, and participated in the mythic gunfight at the O.K. Corral. Predating the Star Trek

phenomenon by three years, Doctor Who seriously dealt with continuing characters, adult genre principles and futuristic philosophies. Critical and historical examinations of the ideas, philosophies, conceits and morals put forth in the Doctor Who series, which ran for 26 seasons and 159 episodes, are provided here. Also analyzed are thematic concepts, genre antecedents, the overall cinematography and the special effects of the long-running cult favorite. The various incarnations of Doctor Who, including television, stage, film, radio, and spin-offs are discussed. In addition, the book provides an extensive listing of print, Internet, and fan club resources for Doctor Who.

Doctor Who: The Story of Martha - Dan Abnett
2010-07-31

For a year, while the Master ruled over Earth, Martha Jones travelled the world telling people stories about the Doctor. She told people of how the Doctor has saved them

Downloaded from
lauradower.com on by
guest

before, and how he will save them again. This is that story. It tells of Martha's travels from her arrival on Earth as the Toclafane attacked and decimated the population through to her return to Britain to face the Master. It tells how she spread the word and told people about the Doctor. The story of how she survived that terrible year. But it's more than that. This is also a collection of the stories she tells - the stories of adventures she had with the Doctor that we haven't heard about before. The stories that inspired and saved the world... Featuring the Tenth Doctor and Martha as played by David Tennant and Freema Agyeman in the hit Doctor Who series from BBC Television.

The Beauty in Breaking - Michele Harper 2021-06-29
A NEW YORK TIMES
BESTSELLER A New York Times Notable Book "Riveting, heartbreaking, sometimes difficult, always inspiring."
—The New York Times Book Review "An incredibly moving memoir about what it means to be a doctor." —Ellen Pompeo

As seen/heard on Fresh Air, The Daily Show with Trevor Noah, NBC Nightly News, MSNBC, Weekend Edition, and more An emergency room physician explores how a life of service to others taught her how to heal herself. Michele Harper is a female, African American emergency room physician in a profession that is overwhelmingly male and white. Brought up in Washington, D.C., in a complicated family, she went to Harvard, where she met her husband. They stayed together through medical school until two months before she was scheduled to join the staff of a hospital in central Philadelphia, when he told her he couldn't move with her. Her marriage at an end, Harper began her new life in a new city, in a new job, as a newly single woman. In the ensuing years, as Harper learned to become an effective ER physician, bringing insight and empathy to every patient encounter, she came to understand that each of us is broken—physically, emotionally, psychologically. How

Downloaded from
lauradower.com on by
guest

we recognize those breaks, how we try to mend them, and where we go from there are all crucial parts of the healing process. The Beauty in Breaking is the poignant true story of Harper's journey toward self-healing. Each of the patients Harper writes about taught her something important about recuperation and recovery. How to let go of fear even when the future is murky: How to tell the truth when it's simpler to overlook it. How to understand that compassion isn't the same as justice. As she shines a light on the systemic disenfranchisement of the patients she treats as they struggle to maintain their health and dignity, Harper comes to understand the importance of allowing ourselves to make peace with the past as we draw support from the present. In this hopeful, moving, and beautiful book, she passes along the precious, necessary lessons that she has learned as a daughter, a woman, and a physician.

Doctor Who: City of Death (Target Collection) - James Goss 2018-04-05

Discover the new Doctor Who classics. The key to Earth's destruction lies buried in its past. Visiting Paris in 1979, the Doctor and Romana's hopes for a holiday are soon shattered by armed thugs, a suave and dangerous Count, a plot to steal the Mona Lisa and a world-threatening experiment with time. Teaming up with a British detective, the Time Lords discover that a ruthless alien plot hatched in Earth's pre-history has reached its final stage. If Scaroth, last of the Jagaroth, cannot be stopped then the human race is history, along with all life on Earth...

Doctor Strange and Philosophy - Mark D. White 2018-05-29

Explore the mind and world of the brilliant neurosurgeon-

turned-Sorcerer Supreme Doctor Stephen Strange. Marvel Comics legends Stan Lee and Steve Ditko first introduced Doctor Stephen Strange to the world in 1963—and his spellbinding adventures have wowed comic book fans ever since. Over fifty years later, the brilliant neurosurgeon-turned-Sorcerer Supreme has finally travelled from the pages of comics to the big screen, introducing a new generation of fans to his mind-bending mysticism and self-sacrificing heroics. In *Doctor Strange and Philosophy*, Mark D. White takes readers on a tour through some of the most interesting and unusual philosophical questions which surround Stephen Strange and his place in the Marvel Universe. Essays from two-dozen Philosophers Supreme illuminate how essential philosophical concepts, including existentialism, epistemology, metaphysics, and ethics, relate to the world of Doctor Strange. Fans will find answers to all their Strange questions: How does Doctor

Strange reconcile his beliefs in science and magic? What does his astral self say about the relationship between mind and body? Why is he always so alone? And what does he mean when he says we're just "tiny momentary specks within an indifferent universe"—and why was he wrong? You won't need the Eye of Agamotto to comprehend all that is wise within. *Doctor Strange and Philosophy* offers comic book fans and philosophers alike the chance to dive deeper into the world of one of Marvel's most mystical superheroes.

An Irish Country Doctor -

from some of your favourite Doctor Who moments across the history of the series. Learn what happened next, what went on before, and what occurred off-screen in an inventive selection of sequels, side-trips, foreshadowings and first-hand accounts - and look forward too, with a brand new adventure for the Thirteenth Doctor. Each story expands in thrilling ways upon aspects of Doctor Who's enduring legend. With contributions from show luminaries past and present - including Colin Baker, Matthew Waterhouse, Vinay Patel, Joy Wilkinson and Terrance Dicks - The Target Storybook is a once-in-a-lifetime tour around the wonders of the Whoniverse.

Doctor Who: Peacemaker - James Swallow 2008-12-26

The peace and quiet of a remote homestead in the 1880s American West is shattered by the arrival of two shadowy outriders searching for 'the healer'. When the farmer refuses to help them, they raze the house to the ground using guns that shoot bolts of energy instead of bullets... In the town

of Redwater, the Doctor and Martha learn of a snake-oil salesman who's patent medicines actually cure his patient. But when the Doctor and Martha investigate they discover the truth is stranger, and far more dangerous. Caught between the law of the gun and the deadly plans of intergalactic mercenaries, the Doctor and Martha are about to discover just how wild the West can become... Featuring the Tenth Doctor and Martha as played by David Tennant and Freema Agyeman in the hit Doctor Who series from BBC Television.

seconds. In that short time, many doctors decide on the likely diagnosis and best treatment. Often, decisions made this way are correct, but at crucial moments they can also be wrong—with catastrophic consequences. In this myth-shattering book, Jerome Groopman pinpoints the forces and thought processes behind the decisions doctors make. Groopman explores why doctors err and shows when and how they can—with our help—avoid snap judgments, embrace uncertainty, communicate effectively, and deploy other skills that can profoundly impact our health. This book is the first to describe in detail the warning signs of erroneous medical thinking and reveal how new technologies may actually hinder accurate diagnoses. How Doctors Think offers direct, intelligent questions patients can ask their doctors to help them get back on track. Groopman draws on a wealth of research, extensive interviews with some of the country's best doctors,

and his own experiences as a doctor and as a patient. He has learned many of the lessons in this book the hard way, from his own mistakes and from errors his doctors made in treating his own debilitating medical problems. How Doctors Think reveals a profound new view of twenty-first-century medical practice, giving doctors and patients the vital information they need to make better judgments together.

The Doctor's Book of Natural Health Remedies - Peg Moline
2014-04-01

The most comprehensive handbook ever written about vitamins, herbs, supplements, and holistic healing—everything you need to feel better, live longer, and look great doing it THIS BOOK MAY HELP YOU SAVE A LIFE—YOUR OWN. With health care costs rising, insurance systems in flux, doctors and hospitals overwhelmed, the only person who can really take charge of your health and the health of your family is you. This is your guide. For more

Doctor Who: Scratchman - Tom Baker 2019-01-24
THE SUNDAY TIMES
BESTSELLER What are you afraid of? In his first-ever Doctor Who novel, Tom Baker's incredible imagination is given free rein. A story so epic it was originally intended for the big screen, Scratchman is a gripping, white-knuckle thriller almost forty years in the making. The Doctor, Harry and Sarah Jane Smith arrive at a remote Scottish island, when their holiday is cut short by the appearance of strange creatures - hideous scarecrows, who are preying on the local population. The islanders are living in fear, and the Doctor vows to save them all. But it doesn't go to plan - the time travellers have fallen into a trap, and Scratchman is coming for them. With the fate of the universe hanging in the balance, the Doctor must battle an ancient force from another dimension, one who claims to be the Devil. Scratchman wants to know what the Doctor is most afraid of. And the Doctor's worst nightmares are

coming out to play...

Forever Autumn - Mark Morris 2007

It is almost Halloween in the sleepy New England town of Blackwood Falls. Autumn leaves litter lawns and sidewalks, paper skeletons hang in windows, and carved pumpkins leer from stoops and front porches. The Doctor and Martha soon discover that something long-dormant has awoken in the town, and this will be no ordinary Halloween. What is the secret of the ancient chestnut tree and the mysterious book discovered tangled in its roots? What rises from the local churchyard in the dead of night, sealing up the lips of the only witness? And why are the harmless trappings of Halloween suddenly taking on a creepy new life of their own? As nightmarish creatures prowl the streets, the Doctor and Martha must battle to prevent both the townspeople and

themselves from suffering a grisly fate... Featuring the Tenth Doctor and Martha as played by David Tennant and Freema Agyeman in the hit sci-fi series from BBC Television. **Red White and Who** - Arnold Blumberg 2013-11-23

Readers' Guide to Periodical Literature - Bertha Tannehill 1910

Doctor Who: Made of Steel - Terrance Dicks 2010-07-31

The first book to feature the Doctor's companion Martha Jones, it is sure to be snapped up by all fans of the show.

Teaching Visual Literacy in the Primary Classroom - Tim Stafford 2010-07-22

Teaching Visual Literacy in the Primary Classroom shows how everyday literacy sessions can be made more exciting, dynamic and effective by using a wide range of media and visual texts in the primary classroom. In addition to a wealth of practical teaching ideas, the book outlines the vital importance of visual texts and shows how children can enjoy developing essential literacy skills through studying picture books, film, television and comic books. Designed to take into account the renewed Framework for Literacy, each chapter offers a complete guide to teaching this required area of literacy. Aimed at those who want to deliver high quality and stimulating literacy sessions, each chapter contains a range of detailed practical activities and resources which can be easily implemented into existing literacy teaching with minimal preparation. In addition, each chapter gives clear, informative yet accessible insights into the theory behind visual literacy. Containing a wealth of

activities, ideas and resources for teachers of both Key Stage 1 and Key Stage 2, this book discusses how children's literacy skills can be developed and enhanced through exploring a range of innovative texts. Six chapters provide comprehensive guides to the teaching of the following media and literacy skills: picture books film and television comic books visual literacy skills genre adaptation. Teaching Visual Literacy in the Primary Classroom is an essential resource for all those who wish to find fresh and contemporary ways to teach literacy and will be useful not only to novices but also to teachers who already have experience of teaching a range of media. Students, primary school teachers, literacy co-ordinators and anyone who is passionate about giving pupils a relevant and up-to-date education will be provided with everything they need to know about teaching this new and ever-expanding area of literacy.

Offers expert commentary from world-renowned surgeons, including surgical tips and tricks that

help you achieve the best outcomes and avoid complications. Discusses gender differences in body definition and non-surgical procedures, as well as marketing in the plastic surgeon's practice. Allows today's cosmetic surgeons to offer top procedures with optimal outcomes, enabling increased patient satisfaction and repeat consultation.
Crash Course: Foundation Doctor's Guide to Medicine and Surgery E-Book - Miles D Witham 2008-03-31
The world of medical training moves on and, to reflect these changes, a new edition of this Crash Course has been developed. The traditional House Officer year is now a two-year Foundation programme with an expanded syllabus and exposure to many more specialties. Fundamentally, however, the challenges remain the same - working in new environments, collaborating with new colleagues and facing up to new clinical responsibilities. This new edition of the

'survival guide' continues to provide the support and advice of its predecessor. To reflect the recent changes, there is a new chapter on the Foundation years as well as updated chapters on medical and surgical emergencies to incorporate current guidelines, and an enhanced chapter on ECG interpretation. This book should help you survive the occasional stormy voyage through the Foundation years and enable you to keep things in perspective. Concise coverage of the essentials for on-the-ward reference

Symptom-based approach to acute medical and surgical presentations, with differential diagnoses and management

Separate sections on spotting and managing medical emergencies and surgical emergencies

Step-by-step guide to practical procedures

Enhanced chapter on ECG interpretation

New chapter on the Foundation Programme

Doctor Who and Race - Lindy Orthia 2013-06-20

Doctor Who is the longest running science fiction

television series in the world and is regularly watched by millions of people across the globe. While its scores of fans adore the show with cult-like devotion, the fan-contributors to this book argue that there is an uncharted dimension to Doctor Who. Bringing together diverse perspectives on race and its representation in Doctor Who, this anthology offers new understandings of the cultural significance of race in the programme - how the show's representations of racial diversity, colonialism, nationalism and racism affect our daily lives and change the way we relate to each other.
