What will Anastasia do?

The Long Walk - Brian Castner 2012-07-10

In the tradition of Michael

Herr's Dispatches and works by such masters of the memoir as Mary Karr and Tobias Wolff, a powerful account of war and homecoming. Brian Castner served three tours of duty in the Middle East, two of them as the commander of an Explosive Ordnance Disposal unit in Iraq. Days and nights he and his team—his brothers—would venture forth in heavily armed convoys from their Forward Operating Base to engage in the nerve-racking yet strangely exhilarating work of either disarming the deadly improvised explosive devices that had been discovered, or picking up the pieces when the alert came too late. They relied on an army of remote-controlled cameras and robots, but if that technology failed, a technician would have to don the eighty-pound Kevlar suit, take the Long Walk up to the bomb, and disarm it by hand. This lethal game of cat and mouse was, and continues to be, the real war within America's wars in Iraq and Afghanistan. But *The Long Walk* is not just about battle

itself. It is also an unflinching portrayal of the toll war exacts on the men and women who are fighting it. When Castner returned home to his wife and family, he began a struggle with a no less insidious foe, an unshakable feeling of fear and confusion and survivor's guilt that he terms *The Crazy*. His thrilling, heartbreaking, stunningly honest book immerses the reader in two harrowing and simultaneous realities: the terror and excitement and camaraderie of combat, and the lonely battle against the enemy within—the haunting memories that will not fade, the survival instincts that will not switch off. After enduring what he has endured, can there ever again be such a thing as "normal"? *The Long Walk* will hook you from the very first sentence, and it will stay with you long after its final gripping page has been turned.

The Goatibex Constellation -
Фазиль Искандер 1975

"The Goatibex Constellation is the story of a young newspaperman who returns to his native Abkhazia and is soon caught up in the publicity campaign for a newly produced farm animal—a cross between a goat and a West Caucasian tur. What follows is a vicious and hilarious satire of the Soviet Union's top-down approach to agriculture, genetics...and just about everything else. Harshly criticized at home upon its publication in 1966, The Goatibex Constellation is as fresh, imaginative, and damning today as it was then." (abramsbooks.com)

imagination that shapes reality: her missing father appears in the slight movements of the air (Daddy's wings), and sharp scenes of hardcore sex seem to take place in Madame's house at night. It is a comic and truculent story, fairytale-like and true — as are all Milena Agus' works. Most of all, it is the story of love affairs that go somewhat awry but still manage to go on, which is the most important thing.

Lambs of God - Marele Day
1998-04-01

Vegetation grows out of the mouths of stone angels, and sheep wander through the chapel. For Iphigenia, Margarita and Carla, the rhythm of nature and the rituals of the Church have

joined to make an encompassing whole. They pray, they do their daily tasks and, at the nightly knitting circle, they tell stories - stitching into their work the bright colours of fairy tale and myth. Brambles have enclosed the monastery and the three nuns have forgotten the world outside. Until Father Ignatius pushes his way through the undergrowth in the hope of finding prime real estate. In seeking to protect the life they so cherish, the nuns find themselves capable of drawing on unimagined depths of resourcefulness. Rich in smells and texture, and often wildly funny, *Lambs of God* draws on beliefs and fears deep within us and weaves them into a tapestry of dazzling originality. 'Lush and quirky, full of tangled stories, richly comic events and deep symbolism.' - Courier Mail 'The reason for success is clear: *Lambs of God* is a filmic, intensely sensual book, with a great idea at its core.' - The Weekend Australian 'A novel of wit, suspense and surprises, a

I Was Amelia Earhart - Jane Mendelsohn 2011-12-07

In this brilliantly imagined novel, Amelia Earhart tells us what happened after she and her navigator, Fred Noonan, disappeared off the coast of New Guinea one glorious, windy day in 1937. And she tells us about herself. There is her love affair with flying ("The sky is flesh") There are her memories of the past: her childhood desire to become a heroine ("Heroines did what they wanted") . . . her marriage to G.P. Putnam, who promoted

her to fame, but was willing to gamble her life so that the book she was writing about her round-the-world flight would sell out before Christmas.

There is the flight itself -- day after magnificent or perilous or exhilarating or terrifying day ("Noonan once said any fool could have seen I was risking my life but not living it"). And there is, miraculously, an island ("We named it Heaven, as a kind of joke"). And, most important, there is Noonan . . .

Aleksandar Tisma 2016-02-09
The Book of Blam, Aleksandar Tišma's "extended kaddish . . . [his] masterpiece" (Kirkus Reviews), is a modern-day retelling of the book of Job. The war is over. Miroslav Blam walks along the former Jew Street, and he remembers. He remembers Aaron Grün, the hunchbacked watchmaker; and Eduard Fiker, a lamp merchant; and Jakob Mentele, a stove fitter; and Arthur Spitzer, a grocer, who played amateur soccer and had non-Jewish friends; and Sándor Vértés, a lawyer who was a Communist. All dead. As are his younger sister and his best friend, a Serb, both of whom

joined the resistance movement; and his mother and father in the infamous Novi Sad raid in January 1942—when the Hungarian Arrow Cross executed 1,400 Jews and Serbs on the banks of the Danube and tossed them into the river. Blam lives. The war he survived will never be over for him.

The Means of Escape -
Penelope Fitzgerald
2013-03-18

With the death of Penelope Fitzgerald this year, the literary world lost one of its finest, most original, and most beloved authors. Fitzgerald began her writing career at age sixty and wrote eight remarkable novels in rapid succession over the next twenty years. Completed just before her death, *THE MEANS OF ESCAPE* is Fitzgerald's first new book since the best-selling *THE BLUE FLOWER*. Never before have her short stories been collected in book form, and none of them has ever appeared in the United States.

THE MEANS OF ESCAPE showcases this incomparable author at her most intelligent, her funniest, her best. Like her novels, these brilliant stories are miniature studies of the endless absurdity of human behavior. Concise, comic, biting, and mischievous, they are vintage Fitzgerald. Roaming the globe and the ages, the stories travel from England to France to New Zealand and from today to the seventeenth century. Uniting them is a universal theme: the shifting balance between those who are in positions of power--by wealth, status, or class--and those who, deceptively, are not. *THE MEANS OF ESCAPE* memorializes a life and a writer guided by a generous but unwavering moral gaze.
