The Second Death of George Mallory - Reinhold Messner 2007-04-01

As a boy, climbing legend Reinhold Messner was inspired by another legend: George Mallory's tragic final ascent of Mount Everest in 1924. To Messner, and to thousands of others, Mallory's attempt--whether or not it succeeded--remains the greatest exploit in the annals of mountain climbing. Though Mallory's body was finally found, we have lost, Messner believes, the spirit that guided him; summiting Everest has become merely a corporate challenge and a matter of technology, not a rendezvous with destiny. Using the British climber's journals and letters, Messner thrillingly re-creates Mallory's three assaults on Everest, including his final ascent. Here is both an investigation into the death of George Mallory and a deeply felt homage--to a mountain, to the spirit of an age, and to the man who inspired those who followed in his footsteps.

The Age of Wars of Religion, 1000-1650 - Cathal J. Nolan 2006

Offers a variety of entries on the cultural, military, and political history, as well as geography, biography, and philosophy, of this period. This work also offers detailed information on the major events, places, battles, figures, technologies, and ideas behind six centuries of global conflicts.

Introduction to the Literature of Europe in the Fifteenth, Sixteenth and Seventeenth Centuries - Henry Hallam 1839

Spanish Gothic - Xavier Aldana Reyes 2017-03-16

This book presents the first English introduction to the broad history of the Gothic mode in Spain. It focuses on key literary periods, such as Romanticism, the fin-de-siècle, spiritualist writings of the early-twentieth century, and the cinematic and literary booms of the 1970s and 2000s. With illustrative case studies, Aldana Reyes demonstrates how the Gothic mode has been a permanent yet ever-shifting fixture of the literary and cinematic landscape of Spain since the late-eighteenth century. He proposes that writers and filmmakers alike welcomed the Gothic as a liberating and transgressive artistic language.

Introduction to the Literature of Europe - Henry Hallam 1847

Le Morte D'Arthur - Thomas Malory 2015-03-05

This brisk retelling of *Le Morte D'Arthur* highlights the narrative drive, humor, and poignancy of Sir Thomas Malory's original while updating his fifteenth-century English and selectively pruning over-elaborate passages that can try the patience of modern readers. The result is an adaptation that readers can enjoy as a fresh approach to Malory's sprawling masterpiece. The book's most famous episodes--the sword in the stone, the cataclysmic final battle--are all here, while lesser-known key episodes stand forth with new brightness and clarity. The text is accompanied by an up-to-date bibliography, including websites and video resources, and a descriptive index keyed--like the retelling itself--to the book and chapter divisions of William Caxton's first printed edition of 1485.

CATALOGUE OF WORKS ON THE FINE ARTS - 1869

King Arthur in Music - Richard W. Barber 2002

King Arthur in Music is the first book to be devoted to the subject. The range of musical material is too wide for a single author to tackle satisfactorily, and the nine contributors to this volume are experts in the very different fields involved. The first essay, by Robert Shay, deals with the late seventeenth century semi-opera King Arthur, while the final essay by William Everitt looks at the appearances of Arthur on stage and screen and the scores that have accompanied these. Between these two

extremes, the main body of the book deals largely with opera as we now understand it, from Wagner's 'Tristan' and 'Parsifal' to Harrison Birtwistle's 'Sir Gawain and the Green Knight'. Some works have never been performed, such as Hubert Parry's 'Guenever' and Rutland Boughton's Arthurian cycle, while others have only recently been staged or revived, such as Isaac Alben z's 'Merlin' and Ernest Chausson's 'Le roi Artus', both striking post-Wagnerian works in very different styles: 'Merlin', for instance, begins with a passage based on Gregorian chant. The range of music is therefore wider than one might at first suspect, and other aspects of Arthurian music are brought out in the introduction, which is a general survey of the field, and in Jerome V.Reel's comprehensive listing of Arthurian musical items which is printed as an appendix. Contributors ROBERT ADLINGTON, RICHARD BARBER, WALTER A. CLARK, JEREMY DIBBLE, WILLIAM A. EVERITT, TONY HUNT, MICHAEL HURD, JEROME V. REEL, NIGEL SIMEONE, ROBERT SHAY, DEREK WATSON.

A Knyght Ther Was - Robert F. Young 2014-09-03

Robert F. Young was a Hugo Award nominated American science fiction writer. This is one of his stories.

The Legends of Genesis - Hermann Gunkel 2012

This is the extended and annotated edition including * an extensive annotation of more than 5.000 words about the history and evolution of the book we call 'The Bible' * an interactive table-of-contents * perfect formatting for electronic reading devices (e.g. no more annoying page numbers in the text) ARE the narratives of Genesis history or legend? For the modern historian this is no longer an open question; nevertheless it is important to get a clear notion of the bases of this modern position. Contents: I. The Significance And Scope Of The Legends. Criteria For Legend And History. Different Spheres Of Interest. Eye-Witness And Reporter. The Criterion Of Incredibility. Waning Anthropomorphism. Legend Is Poetry. II. The Varieties Of Legends In Genesis. Some Legends Are Faded Myths. Monotheism Hostile To Myths. The Significance Of Myths. The Legends Of The Patriarchs. Epic Discursiveness. Interest In Soul-Life. IV. History Of The Development Of The Legends Of Genesis In Oral Tradition. Foreign Influences. Babylonian Influences. ... and much more ...

Why Be Happy When You Could Be Normal? - Jeanette Winterson 2012-03-06

A New York Times bestseller: The "magnificent" memoir by one of the bravest and most original writers of our time—"A tour de force of literature and love" (Vogue). Jeanette Winterson's bold and revelatory novels have established her as a major figure in world literature. Her internationally best-selling debut, *Oranges Are Not the Only Fruit*, tells the story of a young girl adopted by Pentecostal parents, and has become a staple of required reading in contemporary fiction classes. *Why Be Happy When You Could Be Normal?* is a "singular and electric" memoir about a life's work to find happiness (The New York Times). It is a book full of stories: about a girl locked out of her home, sitting on the doorstep

all night; about a religious zealot disguised as a mother who has two sets of false teeth and a revolver in the dresser, waiting for Armageddon; about growing up in a north England industrial town now changed beyond recognition; about the universe as a cosmic dustbin. It is the story of how a painful past, rose to haunt the author later in life, sending her on a journey into madness and out again, in search of her biological mother. It is also a book about the power of literature, showing how fiction and poetry can form a string of guiding lights, or a life raft that supports us when we are sinking. Witty, acute, fierce, and celebratory, *Why Be Happy When You Could Be Normal?* is a tough-minded story of the search for belonging—for love, identity, home, and a mother.

Bryson's Dictionary of Troublesome Words - Bill Bryson 2002-09-17
One of the English language's most skilled and beloved writers guides us all toward precise, mistake-free grammar. As usual Bill Bryson says it best: "English is a dazzlingly idiosyncratic tongue, full of quirks and irregularities that often seem willfully at odds with logic and common sense. This is a language where 'cleave' can mean to cut in half or to hold two halves together; where the simple word 'set' has 126 different meanings as a verb, 58 as a noun, and 10 as a participial adjective; where if you can run fast you are moving swiftly, but if you are stuck fast you are not moving at all; [and] where 'colonel,' 'freight,' 'once,' and 'ache' are strikingly at odds with their spellings." As a copy editor for the London Times in the early 1980s, Bill Bryson felt keenly the lack of an easy-to-consult, authoritative guide to avoiding the traps and snares in English, and so he brashly suggested to a publisher that he should write one. Surprisingly, the proposition was accepted, and for "a sum of money carefully gauged not to cause embarrassment or feelings of overworth," he proceeded to write that book—his first, inaugurating his stellar career. Now, a decade and a half later, revised, updated, and thoroughly (but not overly) Americanized, it has become Bryson's Dictionary of Troublesome Words, more than ever an essential guide to the wonderfully disordered thing that is the English language. With some one thousand entries, from "a, an" to "zoom," that feature real-world examples of questionable usage from an international array of publications, and with a helpful glossary and guide to pronunciation, this precise, prescriptive, and—because it is written by Bill Bryson—often witty book belongs on the desk of every person who cares enough about the language not to maul or misuse or distort it.

The Phoenician Symbol - Basil Maddox 2016-08-04

The year is 1678 AD. Simon Maddox, a graduate student at Christs College Cambridge, receives from his tutor a subject for his thesis in History: "A Century of England and Wales through the Eyes of One Unusual Man." That man, his uncle Thomas, who has disappeared but may still be alive, has left Simon with adequate research material in a cottage in Grantchester. He must make sense of a Phoenician Symbol described by Ptolemy a thousand years earlier and its connection to the Welsh Prince Madoc who sailed to America three hundred years before Columbus. His legacy was a colony of Welsh-speaking 'Indians'. Thomas aims to prove that the Maddox family, now living in London, are his descendants. Throughout his lifelong quest, providing encouragement and guidance, is a mysterious and timeless 'grey lady' who needs the answers that only Simon can now provide. To complete 'The Century' Simon must reach back to the year 1578 AD, to Thomas's grandparents long before he was born. His grandmother Katherine, part of the Queen

Elizabeth's 'Virgin Court', is banished to Wales following a pregnancy and suspicion of her involvement in a plot to assassinate the Queen. Meanwhile his grandfather manages to capture a Spanish treasure ship and after a harrowing confinement in the Tower of London marries Katherine. Her dowry is a small estate in Wales under which lies a forgotten Roman gold mine. This first volume, which ends with Thomas's birth, traces the family's early lives in Wales.

Count to a Trillion - John C. Wright 2011-12-20

Hundreds of years in the future, after the collapse of the Western world, young Menelaus Illation Montrose grows up in what was once Texas as a gunslinging duelist for hire. But Montrose is also a mathematical genius—and a romantic who dreams of a future in which humanity rises from the ashes to take its place among the stars. The chance to help usher in that future comes when Montrose is recruited for a manned interstellar mission to investigate an artifact of alien origin. Known as the Monument, the artifact is inscribed with data so complex, only a posthuman mind can decipher it. So Montrose does the unthinkable: he injects himself with a dangerous biochemical drug designed to boost his already formidable intellect to superhuman intelligence. It drives him mad. Nearly two centuries later, his sanity restored, Montrose is awakened from cryo-suspension with no memory of his posthuman actions, to find Earth transformed in strange and disturbing ways, and learns that the Monument still carries a secret he must decode—one that will define humanity's true future in the universe. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Includes essays on topics and genres, historical overviews, and key individual works, including *The Scarlet Letter*, *Moby Dick*, *The Great Gatsby*, *Beloved*, and many more.

Everest, la montagna di una vita - George Mallory

2018-09-28T00:00:00+02:00

«Mallory» come gli storici hanno scritto «era destinato a diventare l'archetipo dell'eroe dei giovani del suo tempo». È troppo bello, elegante e affascinante per non essere notato. Nel 1921 ha trentacinque anni, è forte, coraggioso, e l'ambito invito da parte dell'Everest Committee a partecipare alla prima spedizione arriva senza che lui anzi neppure richieda. Darà prova di grande determinazione, e al ritorno a Londra sarà osannato come un eroe. Al termine di una delle sue gremiosissime conferenze, un giornalista gli chiede perché voglia scalare la montagna più alta della Terra: «Because it's there» è la sua ambigua risposta divenuta leggendaria. Mallory racconta qui le esplorazioni e i tentativi di scalata al colosso himalayano, che piano piano gli svela i suoi segreti di ghiaccio e roccia. Articoli e testi sparsi mai pubblicati in Italia formano un corpo unitario, con i racconti dell'impresa del 1921, di quella del '22 e in parte della tragica ascensione del '24, oltre ad alcune pagine di compendio più speculative sul "senso dell'alpinismo". Non si tratta di pure relazioni che riferiscono con oggettività l'esperienza del viaggio, ma di descrizioni partecipate, che permettono di immergersi nel punto di vista dell'autore, nel suo rigore icastico, nei suoi slanci di volontà intrisi della più inflessibile cultura anglosassone. È il prezioso documento di un'epoca che sembra a noi lontanissima, arricchito da un saggio introduttivo di Marco Albino Ferrari.

Dictionary of British Cartoonists and Caricaturists - Mark Bryant 2022-01-19

Originally published in 1994, this dictionary provides a unique 'who's who' of the major figures in the world of British cartoons and caricatures. It was the first book to encompass the entire field from c.1730 when Hogarth published the first of his 'modern moral pictures' to 1980. In addition to describing the careers and achievements of the artists and the characteristics of their styles, more than 500 entries give details of their publications, their illustrations to books and periodicals, exhibitions of their work, public collections in which their work is represented and literature on or referring to them. More than 150 illustrations are included. This is a comprehensive reference work and will be of interest to social and political historians as well as cartoon and caricature

enthusiasts.

Who's who in Italy - 1994

Specialized Knowledge Mediation - Ekaterina Isaeva 2022

This book provides an integrated approach to cognitive-linguistic mediation, with aims toward the efficiency of knowledge transfer and acquisition. Problems are approached through the prism of cognitive modelling, and mapped to such fields as intercultural and interdisciplinary communication, and second language teaching. The novelty lies in the synergies between linguistics, cognitive science, artificial intelligence, culture, and industry. These fields come together through ontological and metaphorical modelling and the attempts to automate such. This text provides a theoretical background for research on mediation, covering cognitive and communicative perspectives, metaphoricity of terms, and the ontologization of human knowledge. It includes detailed descriptions of methods for different types of cognitive modelling and is intended for students and researchers concerned with terminology, cognitive linguistics, applied linguistics, pragmatics, computational linguistics, literature studies, morphology, syntax, and semantics.

The Bibliophile - 1908

Meditazioni delle Vette - Julius Evola 2013-09-20T00:00:00+02:00

La predilezione di Julius Evola per le altezze spirituali e per le vertigini metafisiche del pensiero ebbe una controparte concreta e pratica: il filosofo tradizionalista praticò negli anni Venti e Trenta l'alpinismo più audace con scalate di sesto grado superiore e arrampicate sui ghiacci, cosa che nel mondo della cultura lo accomuna a personaggi come Aleister Crowley e Dino Buzzati. Di queste sue esperienze scrisse su pubblicazioni specialistiche (La rivista mensile del Club Alpino Italiano) e sulla stampa diretta a lettori generici, non solo trasfigurandole magistralmente alla luce del mito, del simbolo e di una spiritualità superiore, ma anche collegandole alla vita quotidiana, alle trasformazioni della società e ad un nuovo modo di intendere la politica. Un libro sorprendente per chi non conosce questo aspetto di un pensatore che si riteneva confinato fra esoterismo e tradizionalismo.

The American Detective Novel in Translation - Daniel Peter LINDER MOLIN 2011-09-01

Empleando una metodología propia de los estudios descriptivos de traducción, se analiza un corpus de cuatro novelas del autor norteamericano Raymond Chandler (The Big Sleep, 1939; Farewell, My

Lovely, 1940; The Little Sister, 1949; y The Long Goodbye, 1954) y las traducciones al español publicadas en Argentina y España.

Incunabulic Treasures and Medieval Nuggets from the Trivulzio Library of Milan, Italy - Trivulzio family 1888

Bristol Folk - Mark Jones 2015-04-27

Bristol Folk includes detailed histories for all known folk musicians working in Bristol in the 1960 and 1970s who made records during that period. Many of those on the scene provided memories and several, including the late Fred Wedlock, wrote special sections, which are included in addition to their main profiles. These help to put the current folk scene in context, as do the sections on the folk club scene and local folk-friendly record labels, which included Village Thing, now recognised as the UK's first 'alternative folk' label. They even described themselves as such way back in the early 1970s! Please note that this electronic edition of 'Bristol Folk' does not include the images as included in the full price paperback version. It does, however, include new material on Shortwaveband, who were missed out of the original version on the erroneous belief that they were from Bath! The paperback version can be purchased by following the link to Bristol Folk Publications in the Author's Spotlight.
