Ugly Heaven - Carlton Mellick Iii 2012-05-01
Heaven is no longer a paradise. It was once a blissful utopia full of wonders far beyond human comprehension. But that was a long, long time ago. The afterlife is now in ruins. It has become an ugly, lonely wasteland populated by strange

monstrous beasts, masturbating angels, and sad man-like beings wallowing in the remains of the once-great Kingdom of God. As two men die and awake in Heaven, they find themselves inside of new bodies with strange alien skin. They no longer remember their previous lives. All they

really know is that the afterlife is a horrible, ugly place. Desperately seeking answers, allies, and refuge, these two newcomers explore this surreal world. But what they will soon find is that Heaven has become a place not that much different from Hell.

Zombies and Shit - Carlton Mellick, III 2010-10

"Twenty people wake to find themselves in a boarded-up building in the middle of the zombie wasteland. They soon realize they have been chosen as contestants on a popular reality show called Zombie Survival. Each contestant is given a backpack of supplies and a unique weapon. Their goal: be the first to make it through the zombie-plagued city to the pick-up zone alive. But because there's only one seat available on the helicopter, the contestants not only have to fight off the hordes of the living dead, they must also fight each other."--Page 4 of cover.

Sweet Story - Carlton Mellick III 2014-07-01

Sally is an odd little girl. It's not because she dresses as if she's from the Edwardian era or

spends most of her time playing with creepy talking dolls. It's because she chases rainbows as if they were butterflies. She believes that if she finds the end of the rainbow then magical things will happen to her-leprechauns will shower her with gold and fairies will grant her every wish. But when she actually does find the end of a rainbow one day, and is given the opportunity to wish for whatever she wants, Sally asks for something that she believes will bring joy to children all over the world. She wishes that it would rain candy forever. She had no idea that her innocent wish would lead to the extinction of all life on earth.

The Cannibals of Candyland - Carlton Mellick 2009-08

A man tries to prove that are cannibalistic candy people.

The Egg Man - Carlton Mellick Iii 2013-10

It is a survival of the fittest world where humans reproduce like insects, children are the property of corporations, and having a ten-foot brain is a

grotesque sexual fetish. Lincoln has just been released into the world by the Georges Organization, a corporation that raises creative types. A Smell, he has little prospect of succeeding as a visual artist. But after he moves into the Henry Building, he meets Luci, the weird and grimy girl who lives across the hall. She is a Sight. She is also the most disgusting woman Lincoln has ever met. Little does he know, she will soon become his muse. Now Luci's boyfriend is threatening to kill Lincoln, two rival corporations are preparing for war, and Luci is dragging him along to discover the truth about the mysterious egg man who lives next door. Only the strongest will survive in this tale of individuality, love, and mutilation. "The Egg Man" is like an Orwellian version of Eraserhead and The Tenant filtered through Richard Linklater's rotoscope animation. You will not find a weirder or grittier dystopian novel anywhere.

Infernal Devices - K. W. Jeter 2017-02-07

The classic Steampunk novel from the creator of the term itself - thirty years ago this month. When George Dower's father died, he left George his watchmaker's shop - and more. But George has little talent for watches and other infernal devices. When someone tries to steal an old device from the premises, George finds himself embroiled in a mystery of time travel, music and sexual intrigue. File Under: Steampunk

Help! a Bear Is Eating Me! - Mykle Hansen 2008

Trapped in a remote Alaskan forest, pinned under his own SUV, gnawed upon by nature's finest predators, Marv Pushkin -- Corporate Warrior, Positive Thinker, Esquire subscriber -- waits impatiently for an ambulance and explains in detail the many reasons why this unfolding tragedy is everyone's fault but his own.

The Tick People - Carlton Mellick III 2014-04-01

They call it Gloom Town, but that isn't its real

name. It is a sad city, the saddest of cities, a place so utterly depressing that even their ales are brewed with the most sorrow-filled tears. They built it on the back of a colossal mountain-sized animal, where its woeful citizens live like human fleas within the hairy, pulsing landscape. And those tasked with keeping the city in a state of constant melancholy are the Stressmen—a team of professional sadness-makers who are perpetually striving to invent new ways of causing absolute misery. But for the Stressman known as Fernando Mendez, creating grief hasn't been so easy as of late. His ideas aren't effective anymore. His treatments are more likely to induce happiness than sadness. And if he wants to get back in the game, he's going to have to relearn the true meaning of despair. Like "James and the Giant Peach" combined with one of David Cronenberg's early body horror films, "The Tick People" is a charming children's fable that quickly devolves into a grotesque sexual nightmare.

War Slut - Carlton Mellick 2006-09

"Five exhausted soldiers are sitting in the middle of a frozen Arctic wasteland, waiting for something to happen. They don't know why they are there or what they are supposed to be doing. Their superior officers have stopped giving them orders, their food supply is running low, and they are unsure whether or not their enemy actually exists at all. Once they lose their war slut (a transmorphing sex cyborg), the soldiers leave the safety of their camp in order to get it back. Only what they find out in the dark icy landscape is something far beyond what they ever could have imagined"--P. [4] of cover.

Kill Ball - Carlton Mellick, III 2012-10-01

"In a city where all humans live inside of plastic bubbles, exotic dancers are being murdered in the rubbery streets by a mysterious stalker known only as Kill Ball."--Amazon.com.

Cuddly Holocaust - Carlton Mellick, III 2013

"Teddy bears, dollies, and little green soldiers - they've all had enough of you. They're sick of

being treated like playthings for spoiled little brats. They have no rights, no property, no hope for a future of any kind. You've left them with no other option - in order to be free, they must exterminate the human race. Julie is a human girl undergoing reconstructive surgery in order to become a stuffed animal. Her plan: to infiltrate enemy lines in order to save her family from the toy death camps. But when an army of plushy soldiers invade the underground bunker where she has taken refuge, Julie will be forced to move forward with her plan despite her transformation being not entirely complete."-- Page 4 of cover.

Quicksand House - Carlton Mellick 2012-06-30
"Tick and Polly have never met their parents before. They live in the same house with them, they dream about them every night, they share the same flesh and blood, yet for some reason their parents have never found the time to visit them even once since they were born. Living in a dark corner of their parents' vast crumbling

mansion, the children long for the day when they will finally be held in their mother's loving arms for the first time... But that day seems to never come. They worry their parents have long since forgotten about them. When the machines that provide them with food and water stop functioning, the children are forced to venture out of the nursery to find their parents on their own. But the rest of the house is much larger and stranger than they ever could have imagined. The maze-like hallways are dark and seem to go on forever, deranged creatures lurk in every shadow, and the bodies of long-dead children litter the abandoned storerooms. Every minute out of the nursery is a constant battle for survival. And the deeper into the house they go, the more they must unravel the mysteries surrounding their past and the world they've grown up in, if they ever hope to meet the parents they've always longed to see."--Page 4 of cover.

Apeshit - Carlton Mellick, III 2013-10

"Friday the 13th" meets "Visitor Q." Apeshit is Mellick's love letter to the great and terrible B-horror movie genre. Six trendy teenagers (three cheerleaders and three football players) go to an isolated cabin in the mountains for a weekend of drinking, partying, and crazy sex, only to find themselves in the middle of a life and death struggle against a horribly mutated psychotic freak that just won't stay dead. Mellick parodies this horror cliché and twists it into something deeper and stranger. It is the literary equivalent of a grindhouse film. It is a splatter punk's wet dream. It is perhaps one of the most fucked up books ever written. If you are a fan of Takashi Miike, Evil Dead, early Peter Jackson, or Eurotrash horror, then you must read this book.

Armadillo Fists - Carlton Mellick, III 2011-12
A weird-as-hell gangster story set in a world where people drive giant mechanical dinosaurs instead of cars. Her name is Psycho June Howard, aka Armadillo Fists, a woman who replaced both of her hands with living

armadillos. She was once the most bloodthirsty fighter in the world of illegal underground boxing. But now she is on the run from a group of psychotic gangsters who believe she's responsible for the death of their boss. With the help of a stegosaurus driver named Mr. Fast Awesome-who thinks he is God's gift to women even though he doesn't have any arms or legs- June must do whatever it takes to escape her pursuers, even if she has to kill each and every one of them in the process. Strange, engaging characters, breakneck pacing, and jam-packed with more brilliantly weird concepts than you'll know what to do with-this is bizarro cult author Carlton Mellick III at his best.

Spider Bunny - Carlton Mellick III 2017-04-01
Four college students find themselves trapped within a creepy children's cereal commercial from the 1980s.

Tumor Fruit - Carlton III Mellick 2012-08
"Eight desperate castaways find themselves stranded on a mysterious deserted island. They

are surrounded by poisonous blue plants and an ocean made of acid. Ravenous creatures lurk in the toxic jungle. The ghostly sound of crying babies can be heard on the wind. Once they realize the rescue ships aren't coming, the eight castaways must band together in order to survive in this inhospitable environment. But survival might not be possible. The air they breathe is lethal, there is no shelter from the elements, and the only food they have to consume is the colorful squid-shaped tumors that grow from a mentally disturbed woman's body."--Page 4 of cover.

Satan Burger (15th Anniversary Edition) -
Carlton Mellick III 2016-07-01

When *Satan Burger* was first being passed around among teenage punks and fans of weird art and film, there was nothing else like it. A book of rebellious spirit that simplistically captured the postmodern malaise of a culture obsessed with consumerism. It quickly gained an underground following, was transcribed by fans

and bootlegged online, was translated into Russian and made its way around the world attracting the attention of readers bored with typical mainstream fare. Combining a satirical wit and style on par with legendary humorists such as Kurt Vonnegut and Russell Edson with the crazy punk ethos of cult film directors such as Terry Gilliam, David Lynch, and Takashi Miike, this was a book overflowing with so many new ideas and absurd philosophies that it not only launched the career of underground author Carlton Mellick III, but inspired an entire literary movement. For the fifteenth anniversary of the release of this Bizarro Fiction classic, Eraserhead Press is thrilled to present this special hardcover edition, featuring an introduction by splatterpunk legend John Skipp, illustrations by Ryan Ward, and a new preface by the author. *Satan Burger* explores a new kind of apocalypse. Not an apocalypse caused by disease or nuclear war, but an apocalypse of boredom. A plague of monotony has spread

across the countryside, sucking all passion and inspiration out of everyone over the age of twenty-five, leaving only the disenfranchised youth to fend for themselves in a world crumbling around them. Featuring a narrator who sees his body from a third-person perspective, a man whose flesh is dead but his body parts are alive and running amok, an overweight messiah, the personal life of the Grim Reaper, a race of women who feed on male orgasms, and a motley group of squatter punks that team up with the devil to find their place in a world that doesn't want them anymore.

Sausagey Santa - Carlton Mellick, III 2013-10

Santa isn't the jolly old elf as portrayed in Children's stories. He's a bit more grotesque than that. His eyes are pimento-stuffed olives, his teeth are walnuts, and his body is made of sausages. One snowy Christmas Eve, while visiting the Fry family, Sausagey Santa is attacked by an evil force that is driven to destroy Christmas forever. It is an anti-Christmas spirit

that loathes everything having to do with children and Jesus. His name is Frosty the Neo-Nazi Snowman. After Frosty steals his magic bag of presents, Santa calls upon Matthew Fry and his wife, Decapitron (a brutish warrior woman with a peculiar Christmas fetish and a candy cane sword), to help get it back and save Christmas for everyone. It's the greatest sausage-spewing, elf-raping, zombie-killing, Transformer- fucking, reindeer-exploding, snowman-battling, adventure-rocking, bizarre Christmas story OF ALL TIME!!!

The Bizarro Starter Kit - Carlton Mellick 2006
Features short novels and story collections by ten of the leading authors in the bizarre genre.

Bio Melt - Carlton Mellick III 2015-10-03

The Haunted Vagina - 2015-10-21

"It's difficult to love a woman whose vagina is a gateway to the world of the dead..." Steve is madly in love with his eccentric girlfriend, Stacy. Unfortunately, their sex life has been suffering

as of late, because Steve is worried about the odd noises that have been coming from Stacy's pubic region. She says that her vagina is haunted. She doesn't think it's that big of a deal. Steve, on the other hand, completely disagrees. When a living corpse climbs out of her during an awkward night of sex, Stacy learns that her vagina is actually a doorway to another world. She persuades Steve to climb inside of her to explore this strange new place. But once inside, Steve finds it difficult to return... especially once he meets an oddly attractive woman named Fig, who lives within the lonely haunted world between Stacy's legs. "A very strange and surprisingly touching love story, despite the deliberately asinine premise. With subtle humor, surreal erotica, and some genuinely creepy moments, *The Haunted Vagina* is a completely unique reading experience."

Snuggle Club - Carlton Mellick III 2020-03

After the death of his wife, Ray Parker decides to get involved with the local "cuddle party"

community in order to once again feel the closeness of another human being. He has no idea just how unsettling of an experience it will be until it's far too late to escape.

Warrior Wolf Women of the Wasteland - Carlton Mellick 2009-10

Road Warrior Werewolves versus McDonaldland Mutants...post-apocalyptic fiction has never been quite like this. They call themselves the Warriors, their enemies call them the Bitches. They are a gang of man-eating, motorcycle-riding, war-hungry werewolf women, and they are the rulers of the wasteland. A century after the fall of civilization, only one city remains standing. It is a self-contained utopian society protected by a three-hundred-foot-high steel wall. The citizens of this city live safe, peaceful lives, completely ignorant to the savagery that takes place beyond the walls. They are content and happy, blindly following the rules of the fascist fast food corporation that acts as their government. But when Daniel Togg, a four-

armed bootlegger from the dark side of town, is cast out of the walled city, he soon learns why the state of the outside world has been kept secret. The wasteland is a chaotic battleground filled with giant wolves, mutant men, and an army of furry biker women who are slowly transforming into animals. Trapped on the wrong side of a war zone, Daniel Togg makes new friends and new enemies, while uncovering the mysteries of the people living in the wasteland and how they came to be there. Including 45 illustrations by the author, *Warrior Wolf Women of the Wasteland* is an epic bizarro tale of dehumanization, gender separation, consumption, and violent sexual awakenings. A fast-paced post-apocalyptic adventure in the vein of *The Road Warrior*, featuring a very unique werewolf mythology.

Parasite Milk - Carlton Mellick III 2017-10
WEIRD WORLD. WEIRD PEOPLE. WEIRD FOOD. Irving Rice has just arrived on the planet Kynaria to film an episode of the popular Travel

Channel television series *Bizarre Foods with Andrew Zimmern: Intergalactic Edition*. Having never left his home state, let alone his home planet, Irving is hit with a severe case of culture shock. He's not prepared for Kynaria's mushroom cities, fungus-like citizens, or the giant insect wildlife. And the only human companion he has with him on the voyage is an obnoxious, sex-crazed producer named Mick Meyers, who seems more focused on alien sex tourism than scouting locations for the show. Irving is taken on a crash course in Kynarian culture, tasting the strange local delicacies to getting drunk off the horrific local brews, until they find themselves ending the night at an alien brothel in the mushroom forests outside of town. Irving is completely resistant to the idea of sleeping with a non-human prostitute until he meets the most beautiful creature he's ever seen in his life--a nymph-like woman with pink and purple skin, blue plant-like hair, and flowers growing from her head like butterfly antennae.

But after a night of passionate lovemaking, Irving finds himself infected by dangerous sexually-transmitted parasites that turn his otherworldly business trip into an agonizing fight for survival. From the godfather of bizarre fiction, Carlton Mellick III, author of *Village of the Mermaids* and *Warrior Wolf Women of the Wasteland*, comes an erotic and disturbing tale of sex on the weird side of the galaxy.

Village of the Mermaids - Carlton Mellick
2013-04-01

"Mermaids are protected by the government under the Endangered Species Act, which means you aren't able to kill them even in self-defense. This is especially problematic if you happen to live in the isolated fishing village of Siren Cove, where there exists a healthy population of mermaids in the surrounding waters that view you as the main source of protein in their diet. The only thing keeping these ravenous sea women at bay is the equally-dangerous supply of human livestock known as Food People.

Normally, these "feeder humans" are enough to keep the mermaid population happy and well-fed. But in Siren Cove, the mermaids are avoiding the human livestock and have returned to hunting the frightened local fishermen. It is up to Doctor Black, an eccentric representative of the Food People Corporation, to investigate the matter and hopefully find a way to correct the mermaids' new eating patterns before the remaining villagers end up as fish food. But the more he digs, the more he discovers there are far stranger and more dangerous things than mermaids hidden in this ancient village by the sea."--Page 4 of cover.

Hungry Bug - Carlton Mellick Iii 2014-01
From master of bizarro fiction Carlton Mellick III, author of the international cult hits "Satan Burger" and "Adolf in Wonderland," comes a gritty urban fantasy unlike anything you've read before. In a world where magic exists, spell-casting has become a serious addiction. It ruins lives, tears families apart, and eats away at the

fabric of society. Those who cast too much are taken from our world, never to be heard from again. They are sent to a realm known as Hell's Bottom -- a sorcerer ghetto where everyday life is a harsh struggle for survival. Porcelain dolls crawl through the alleys like rats, arcane scientists abduct people from the streets to use in their ungodly experiments, and everyone lives in fear of the aristocratic race of spider people who prey on citizens like vampires. Told in a series of interconnected stories reminiscent of Frank Miller's "Sin City" and David Lapham's "Stray Bullets," Carlton Mellick III's "Hungry Bug" is an urban fairy tale that focuses on the real life problems that arise within a fantastic world of magic.

Adolf in Wonderland - Carlton Mellick Iii
2013-10

In an alternate version of the future where Hitler had conquered the entire world during WW2 and developed society into his vision of utopia, an SS officer is on a mission to find and exterminate

the last imperfect human on Earth. Following his trail leads the young Nazi to a small town hidden in the middle of the desert, a place that has been cut off from society for so long that it has developed its own strange and disturbing culture. Thus begins Mellick's dreamlike adventure that takes a young descendent of Adolf Hitler's design and sends him down the rabbit hole into a world of imperfection and disorder, where even the laws of reality itself don't seem to apply. A tribute to both Franz Kafka and Lewis Carroll, "Adolf in Wonderland" is a perfect read for fans of the bizarro genre. The Best Bizarro Fiction of the Decade - Cameron Pierce 2012-10-01

The Dancers at the End of Time - Michael Moorcock 2013

'What follows, then, is the story of Jherek

Carnelian, who did not know the meaning of morality, and Mrs Amelia Underwood, who knew everything about it.' In a decaying far, far future, where everything and anything is possible, the citizens of the End of Time while away their days in an exuberance of wild parties, outlandish competitions and emotionless affairs. At the world's end, all love is timeless and all age-old disputes irrelevant. However Jherek Carnelian, a bemused denizen of the End of Time, is in danger of taking reality too seriously, and grows tired of his pleasures. So when love mysteriously blooms between Mrs Amelia Underwood, transported unwillingly from the nineteenth century, and Carnelian, only one question matters. Is his love true, or is it just another attempt to stave off the boredom that ultimate power and the End of Time bring? Contains *An Alien Heat*, *The Hollow Lands* and *The End of All Songs*

Every Time We Meet at the Dairy Queen, Your Whole Fucking Face Explodes - Carlton Mellick

III 2016-04-06

Known for his cute, disturbing, and utterly absurd novels, cult author Carlton Mellick III returns with a tale of childhood love and spontaneous face explosions. Ethan is in love with the weird girl in school. The one with the twitchy eyes and spiders in her hair. The one who can't sit still for even a minute and speaks in an odd squeaky voice. The one they call "Spiderweb." Although she scares all the other kids in school, Ethan thinks Spiderweb is the cutest, sweetest, most perfect girl in the world. But there's a problem. Whenever they go on a date at the Dairy Queen, her whole fucking face explodes. He's not sure why it happens. She just gets so excited that pressure builds under her skin. Then her face bursts, spraying meat and gore across the room, her eyeballs and lips landing in his strawberry sundae. At first, Ethan believes he can deal with his girlfriend's face-exploding condition. But the more he gets to know her, the weirder her condition turns out to

be. And as their relationship gets serious, Ethan realizes that the only way to make it work is to become just as strange as she is. From the award-winning author of "Sweet Story" and "The Haunted Vagina," comes a twisted love story that is as creepy as it is heart-warming.

Full Metal Octopus - Carlton Mellick, III
2021-07-20

For almost 20 years, Carlton Mellick III has been writing some of the strangest and most compelling novels the bizarro fiction genre has to offer. Described as one of the top 40 science-fiction writers under the age of 40 by The Guardian and "one of the most original novelists working today" by extreme horror legend Edward Lee, Mellick returns with an erotic urban fantasy crime novel about love and violence, sex and sexuality, oppression and overcoming impossible odds. Welcome to Grub Town, the most corrupt city in America. A place where gutter punk mermaids swim in sewage-filled canals, fairy prostitutes hang in birdcages

on every street corner, and yakuza elves run everything behind the scenes. Eliot is the most beautiful fairy in all of the city with his dazzling emerald green butterfly wings that make everyone who sees them fall instantly in lust with him. But it's more of a curse than a blessing. Forced to hide his wings in public in order to avoid the constant sexual harassment, Eliot only finds solace when visiting his friends at the Snake Pit lamia strip club or getting tattooed by the dark and mysterious half-octopus woman named Oona. Oona is the best tattooist in the city, but she is a frightening woman three times Eliot's size with nine-foot tentacles that could choke a man to death in seconds. But despite this fact, Eliot is desperately in love with her. He's so infatuated with the octomaid that he gets new tattoos from her each and every week just to be closer to her, addicted to having her artwork permanently embedded into his skin. But when Eliot accidentally murders the only heir to the elf yakuza crime family in Oona's

tattoo shop, they are forced to go on the run together, hoping to avoid the wrath of the most dangerous man in town. With everyone in the city out to get them, they can only rely on each other if they have any hope for survival. Like if Quentin Tarantino played with Monster High dolls, Full Metal Octopus is a return to Mellick's pulpy gritty bizarro style previously seen in The Cannibals of Candyland, Armadillo Fists, and Clownfellas.

The Baby Jesus Butt Plug - Carlton Mellick

The Dragons of Babel - Michael Swanwick
2008-01-08

Forced out of his village, Will travels with female centaur soldiers, witnesses the violent clash of giants, and acquires a surrogate daughter, Esme, who has no knowledge of the past and may be immortal. Evacuated to the Tower of Babel -- infinitely high, infinitely vulgar, very much like New York City -- Will meets the confidence trickster Nat Whilk. Inside the Dread Tower, Will becomes a hero to the homeless living in the tunnels under the city, rises as an underling to a politician, and meets his one true love—a high-elven woman he dare not aspire to. The Bad Box - Carlton Mellick, III 2020-09

For almost 20 years, Carlton Mellick III has been writing some of the strangest and most

compelling novels the bizarro fiction genre has to offer. Described as one of the top 40 science-fiction writers under the age of 40 by The Guardian and "one of the most original novelists working today" by extreme horror legend Edward Lee, Mellick returns with a short novella about the horrors of childhood. Little Benny isn't very good at taking tests. It's not that he's a stupid kid or doesn't pay attention in class. It's just that he's absolutely terrified of failure. It doesn't matter how hard he studies. He gets so nervous that he freezes up and his mind goes blank, rarely even answering a single question before the time is up. This is especially difficult now that he's in Mrs. Gustafson's fifth grade class, where the punishment for failure is to draw a curse from the bad box--a magical device that permanently mutates children into horrific monsters. The Bad Box is an absurd horror story for fans of Mellick's creepy cute novellas such as Mouse Trap and Every Time We Meet at the Dairy Queen Your Whole Fucking Face Explodes.

The Morbidly Obese Ninja - Carlton Mellick Iii
2011-04

Neo Tokyo, California is a city built so high that none of its residents have ever seen the ground. It is a place where citizens cosmetically alter their bodies to look like Japanese anime characters. It is a place where ninja battles determine the fate of corporate business ventures. It is the home of Basu-- a 700 pound killing machine who uses his grotesque excess weight as a deadly weapon.

Stacking Doll - Carlton Mellick III 2018-03
For almost 20 years, Carlton Mellick III has been writing some of the strangest and most compelling novels the bizarro fiction genre has to offer. Described as one of the top 40 science-fiction writers under the age of 40 by The Guardian and "one of the most original novelists working today" by extreme horror legend Edward Lee. In his 56th book, Mellick has created a surreal love story that explores the ugly and beautiful nature of relationships.

Stacking Doll is the story of Benjamin Hammond, a young man who is in love with a Russian nesting doll. But in this world, nesting dolls are not just antique wooden toys. They are a race of people known as Matryoshkans, a subspecies of human who are born with a very peculiar abnormality--they have a collection of smaller people living inside of them. Benjamin never thought he'd ever fall in love with anyone, let alone a Matryoshkan, but from the moment he met Ynaria he knew she was the only one for him. Although relationships between humans and Matryoshkans are practically unheard of, the two are determined to get married despite objections from their friends and family. After meeting Ynaria's strict conservative parents, it becomes clear to Benjamin that the only way they will approve of their union is if they undergo The Trial--a matryoshkan wedding tradition where couples lock themselves in a house for several days in order to introduce each other to all of the people living inside of them.

No human has ever gone through The Trial before, so Benjamin has no idea what's in store for him. He assumes that he'll love each of Ynaria's inner selves just as much as he loves her, but as she peels off her layers he realizes that each one is more neurotic and difficult to deal with than the last. And if they're ever going to be together, Benjamin must fall in love with each and every one of his fianc's inner personalities, no matter how strange or disturbing they turn out to be. From the author of Quicksand House and The Terrible Thing That Happens, comes yet another one-of-a-kind bizarro story that only Wonderland Award-winning cult author Carlton Mellick III could tell. Clusterfuck - Carlton Mellick 2013-10-01 "Set in the same woods as Mellick's splatterpunk satire Apeshit, Clusterfuck follows Trent Chesterton, alpha bro, who has come up with what he thinks is a flawless plan to get laid. He invites three hot chicks and his three best bros on a weekend of extreme cave diving in a remote

area known as Turtle Mountain, hoping to impress the ladies with his expert caving skills. But things don't quite go as Trent planned. For starters, only one of the three chicks turns out to be remotely hot and she has no interest in him for some inexplicable reason. Then he ends up looking like a total dumbass when everyone learns he's never actually gone caving in his entire life. And to top it all off, he's the one to get blamed once they find themselves lost and trapped deep underground with no way to turn back and no possible chance of rescue. What's a bro to do? Sure he could win some points if he actually tried to save the ladies from the family of unkillable subterranean cannibal mutants hunting them for their flesh, but fuck that. No slam piece is worth that amount of effort. He'd much rather just use them as bait so that he can save himself"--Cover p. [4].

The Handsome Squirm - Carlton Mellick, III
2012-04-01

A tale of marriage, child-rearing, and vaginas

that eat people. A man is arrested in the middle of the night. He doesn't know why. He doesn't remember committing any crime. The cops drop him off in a small community in the middle of the woods where a wedding is about to begin. It is his wedding. He doesn't recognize the bride, but she's allegedly pregnant with his children. All twelve of them. And by law, he must marry her or go to prison for the next two decades. But who is this strange woman he is to spend the rest of his life with? She doesn't seem quite human. Her expressions are cold and emotionless. Her movements are like that of a spider. She is Usagi, a creature who feeds on her human mate during pregnancy. Now this man has to find a way to terminate the marriage if he is to survive. But it's not going to be easy. His friends, his family, and his country are all against him. They believe a father should be willing to give up anything for the sake of his family. Even his life. Like Franz Kafka's "The Trial" meets an erotic body horror version of

"The Blob," this darkly absurd tale is classic Mellick.
